Ulster Among Counties In Survey on Pollution

Assemblyman Kenneth L. Wilson, of Woodstock, is a member of the Temporary State Commission on Water Resources Planning which this week emphasized its aims to find and develop water sources free of pollution as a main asset to future growth and prosperity of the state.

Ulster County, it was learned today, is among 14 in the state selected by a team of civil engineers in the School of Engineering, Manhattan College for a survey of sewage, water supply and drainage needs. The survey is now under way with the cooperation of health departments and other agencies, including the Ulster County Health Departments and other agencies, including the Ulster County Health Department.

The Temporary Commission on Water Resourses Planning is headed by State Senator Frank E. VanLare, of Rochester. Assemblyman Alonzo L. Waters, of Medina, is vice-chairman, and Senator Irving Mosberg, of Laurelton, is secretary.

Its other members are: Senator Albert Berkowitz, of Granville; Assemblyman Charles D. Henderson, Hornell; Assemblyman Francis W. Dohney, of New York; State Conservation Commissioner Dr. Harold G. Wilm, and James C. Hardin, commissioner of public works, Westchester County.

Advisory Group Serves

An advisory committee includes representatives of state and local governments, public water supply agencies, industries, agriculture, labor, recreation, conservation and others. A technical panel is composed of 33 authorities in various phases of water production and water use.

Under the State Water Resources Planning Law enacted in 1959, the state will pay 75 per cent of the cost of local planning and studies conducted by regional planning agencies representing all types of water uses. Three counties have applied for programs so far, it was noted. Ulster County, to date, has not applied.

Report Has 200 Pages

The VanLare Commission has issued a report of more than 200 pages and covering two years. It is titled, "Water Resources Planning and Development — A Problem in Public Partnership."

It was noted that the 1959 law provides for statewide master-planning of water projects, "backed up by local water basin studies initiated by county boards of supervsors." An underlying principle is "multi-purpose planning and development."

The commission's report explores ways to accomplish planning and development projects. It makes recommendations aimed at meeting the state's future water requirements.

Hurricane Course Is Uncertain

Carla May Brush Yucatan and Cuba

MIAMI, Fla. (AP)— Hurricane Carla crept toward the Gulf of Mexico today as if unable to decide which way to head—Mexico to the northwestward or the U.S. Gulf Coast to the north and east.

Forecasters at the U.S. Weather Bureau in Miami said Carla was expected to brush both northeast Yucatan and extreme western Cuba in entering the Yucatan Channel that leads into the Gulf.

On Poky 8 MPH Course

The storm, packing winds up to 75 miles per hour over a small area near the center, was still in the process of development nearing the channel on a poky 8 m.p.h. northwest to north-northwest course.

Weatnermen expected slow intensification, with course and speed maintained, as Carla entered the southeastern Gulf of Mexico.

The Caribbean-born hurricane was located at 5 a.m. 50 miles northeast of Cozumel Island, off the Yucatan Peninsula's northeast tip, 110 miles southwest of Cuba's western tip and 500 miles southwest of Miami.

High Tide Possible

Gale force winds ranged 250 miles northeast and 100 miles southeast of the storm's center. Tides which may rise to five to seven feet, heavy rains and dangerous winds of gale to possibly hurricane force were anticipated for the northeast tip of Yucatan and extreme western Cuba during Carla's passage through the channel.

The Weather Bureau warned shrimpers and other small craft in the southeastern and south central Gulf of Mexico to seek safe harbor immediately. It said those elsewhere in the eastern and central Gulf should move near safe waters.

A reconnaissance plane flew through the hurricane's 12-mile "eye" and the pilot reported he was unable to maintain a low level flight because of the large number of birds trapped inside the whirling winds.

Reds Use Tear Gas, Water To Halt Jeers at Border

BERLIN (AP)—Communist police showed increasing determination today to break up demonstrations by jeering West Berliners who gather close to the Red barricades. The Communists threw firecrackers, tear gas and water jets at hundreds of demonstrators on the West side of the border in three incidents during the night.

One crowd of about 80, demonstrating along the border in Neukoelln in the American sector, was angered when the Reds threw a tear gas grenade which struck a newsstand and smashed a neon sign.

Water Cannon Fired

The crowd grew to about 200, including some drunks. The Communists attacked the demonstrators with a water cannon. West German police finally pushed the crowd back and arrested three of the demonstrators.

In the tough industrial district of Wedding in the French sector, the Communists hurled five tear gas grenades at a crowd of about 500 whistling, booing West Berliners. West Berlin police dispersed that crowd too.

The third incident also occurred in the Neukoelln border area where the Communists used tear gas grenades and firecrackers and ran out fire hose in an effort to scatter several dozen persons on the Western side.

A controlled Communist East German student paper published an article telling East German students they must be prepared to shoot fellow Germans.

"There are good Germans and bad, even barbaric, and on such, who represent German imperialism, we will shoot if they get fresh," said the article written by a chemical student named Werner Witte.

TWo Yanks Detained

East Berlin police were disclosed by U.S. officials to have detained two American medical students for several hours Wednesday.

The police charged the pair—Howard Emery, 24, of Glendale, Calif., and Jim Phang, 23, of Alhambra, Calif.—had illegal currency with them on a sightseeing trip.

Touring Europe by car, they arrived in West Berlin, parked their car and took the subway to the East zone. They planned to stay only an hour but were gone five.

Bid for East-West Negotiations Comes As Soviets Unleash 4th Nuclear Test

By JOHN M. HIGHTOWER

WASHINGTON (AP) — The Kennedy administration was expected today to give a sympathetic response to an appeal from 25 neutral nations for U.S.-Soviet negotiations to save the world from "the horror of nuclear war."

But officials here said the aggressive Soviet attitude on critical Berlin issues—dramatized by Soviet persistence in exploding nuclear weapons test devices in the atmosphere—discourages hope that negotiations under present conditions can make much progress.

East of Stalingrad

The U.S. Atomic Energy Commission announced Wednesday night that the Soviet Union had exploded early Wednesday, Washington time, its fourth nuclear test device since last Friday. Evidence picked up by U.S. monitors put the site of the blast as being east of Stalingrad. The AEC said it was about 1,600 miles west of the area of Semipalatinsk in which the three previous explosions occurred.

The force was described by the AEC as being in the low to intermediate range, which means it was far below the 100-million-ton superbomb which Soviet Premier Khrushchev has threatened to build.

Before the AEC made its announcement on the fourth Soviet blast, Secretary of Welfare Abraham Ribicoff reported radioactive fallout from the new Soviet tests had been detected in Alaska. He said analysis showed radiation levels at 35 times the average daily levels for August. Dr. Luther L. Terry, surgeon general of the health service, said there was no immediate health danger from the fallout.

Antimissile Missile Aim

Congressional leaders said the prevailing opinion within the Kennedy administration is that the new Soviet tests are aimed at developing antimissile missiles. And they predicted the United States will fire an underground nuclear blast within two weeks to test a small battlefield warhead and the effectiveness of new detection equipment.

The U.S. decision to resume tests touched off demonstrations Wednesday in London and Copenhagen. London police arrested 120 ban-the-bomb demonstrators who flopped down on sidewalks near the U.S. Embassy. About 2,500 Danish pacifists picketed the U.S. Embassy in Copenhagen after picketing the Soviet Embassy.

The neutrals' appeal for U.S.-Soviet negotiations was made in letters sent to President Kennedy and to Khrushchev from the 25-nation conference which ended Wednesday in Belgrade, Yugoslavia.

Two Will See JFK

The letter to Khrushchev was delivered in Moscow by Prime Minister Nehru of India and President Kwame Nkrumah of Ghana. President Sukarno of Indonesia and President Modibo Keita of Mali are due here next Tuesday to formally present the appeal to Kennedy.

U.S. officials withheld formal comment pending a detailed study of all the actions of the conference and a determination of the best way for the United States to reply.

But they emphasize that the Washington government is interested in starting negotiation with the Soviets on Berlin and German peace treaty questions in the hope of finding a peaceful solution.

Step Closer to Readiness

Titan Matches Longest Hop, Releases Capsule

CAPE CANAVERAL, Florida (AP)— An intercontinental range Titan missile blazed 6,100 miles Wednesday night and ejected an experiment-filled capsule which was picked up by a recovery vessel.

The successful flight matched the longest previous distance covered by Titan and edged the ocean-spanning rocket closer to operational readiness.

Coast Shot Coming

Within a few weeks, Air Force troops are scheduled to launch a Titan from Vandenberg Air Force Base, Calif., to signal that the big ICBM is ready for deployment. It will be this nation's second operational long-range rocket, joining a growing force of Atlas missiles.

The Air Force said main objectives were to obtain data on propulsion, control, guidance and electrical power systems and the nose cone performance. The distance traveled was only 200 miles less than the initial planned combat range.

As a dividend experiment, a 30-inch cylindrical capsule popped out of the nose cone during reentry and parachuted into the impact zone about 1,000 miles southeast of the South Atlantic island of Ascension.

Carried Living Organisms

The package carried fruit flies, skin tissue and other living organisms. It was one of a continuing series of nose cone tests to determine how the specimens are affected by space radiation up to an altitude of 500 miles.

The results could help decide the amount of radiation shielding needed on manned space vehicles.

Two JC-54 aircraft of the 6550th Operations Squadron, Air Force Missile Test Center, spotted the capsule floating in the water minutes after it landed and directed the ocean range vessel Sword Knot to the scene.

Conference Hears Negro Must Get Chance to Serve

DAYTON, Ohio (AP)—The society that for 300 years has given the Negro "the special consideration of exclusion" now must offer a different type of special treatment, the new director of the national Urban League declared here Wednesday night.

Speaking to 500 delegates to the league's annual conference, Whitney M. Young, who will take office Oct. 1, said the way of change lies "through service and opportunities that will insure his inclusion as a citizen able to compete equally with all others."

Young also commented briefly on the much-discussed relief distribution problem in Newburgh, N.Y., terming it a "tragic story."

Not Just Regional

If Newburgh and similar situations in other northern cities "shock our sensibilities," he said, "they should also dramatically alert even the most naive that racism and the struggle for first class citizenship are far more than regional phenomena and are not always accompanied by overt symbols and signs."

Charges Are Thrown Out, Buses Move

An apparent misinterpretation of a section of the Motor Vehicle Law relating to operation of school buses by a Rhinebeck village police officer on Tuesday resulted in charges against seven drivers of the Lipton Bee Line Co. of Kingston, a delay in transportation of elementary pupils and dismissal of the charges by a judge.

The State Department of Education had overruled the Rhinebeck Central School District Board of Education and awarded to Julius Lipton, owner of the Lipton Bee Line, Kingston, the district's bus transportation contract.

The Board of Education subsequently accepted the state decision.

Given Summonses

On Tuesday morning, seven of Lipton's buses went into operation, and pulled in front of the Rhinebeck Central High School to discharge pupils.

According to Lipton, a police officer identified as Walter Schad gave each driver a summons, charging unlicensed operators. Summonses were returnable before Justice of the Peace William Pollard.

Lipton said the officer refused to let the drivers move the buses from in front of the high school. He stated fire officials protested that the buses created a fire hazard. The owner of the buses told The Freeman he went to Rhinebeck and personally drove

Hits Old Formula, Would Study Pupil Need for Aid

ALBANY, N.Y. (AP)—The state education commissioner, urging a break with the state's 36-year-old school aid formula, says the state should distribute funds on the basis of individual pupil needs.

Commissioner James E. Allen Jr., in a major policy statement, said emphasis in public education finance must shift to reflect "the goal of developing each child to his fullest potential."

State aid to education currently is distributed under a formula that sets minimum spending on each pupil at $389 a year.

Allen recommended a departure from "the concept of equalizing the support...measured in terms of a uniform dollar figure for each pupil."

The goal, Allen said, is "the educational development of each child to his fullest potential as a unique individual."

School costs, which now total $800 million annually, will continue to rise during the 1960s, he said. "If these needs are to be met, major changes will have to be made in the concept and form of school finance programs," he maintained.

Allen was not available for comment after the statement was released Wednesday.

Under the present formula, the state and local school districts contribute to a total of $389, which the law specifies must be spent on each pupil each year. Spending over that amount is from district funds.

The whole program of state aid to education is being studied by a legislative committee. It will present its recommendations to the Legislature, which has the power to change or replace the formula.

Allen, in the statement, also touched on these points:

Teachers — "We need not only more teachers, we need better teachers. An adequate supply of well-qualified teachers must be our number one goal."

Pupils—Effort will be made to assist schools in identifying children with special needs.

Buildings — The state will encourage construction of schools adapted to television teaching and other innovations and with rooms that can be used for many purposes.

Reuther Confident of Pattern

Ford Next Stop After GM Details Ironed Out

DETROIT (AP) — Walter P. Reuther will go calling on the Ford Motor Co. as soon as he settles on the details of the United Auto Workers' agreement with General Motors.

"Ford is the next door I will knock on," the UAW president said late Wednesday after recessing his talks with GM until today.

Confident of Pact

Reuther indicated he was confident of making a final settlement with GM that will set the pattern for Ford and Chrysler. He said there is no pressure now in the GM negotiations because, "There is general agreement in all important areas" of a national economic settlement on wages and extra benefits.

GM Vice President Louis G. Seaton agreed the company and union were in essential agreement in the national economic area.

The GM-UAW negotiations are continuing under a strike truce. A shutdown of GM plants was averted Wednesday by extending the deadline to 10 a.m. Monday. The union's contract with Ford and Chrysler were extended to next Wednesday midnight.

Some Wildcat Strikes

Nearly all of GM's 325,000 hourly workers stayed on the job. But there was a rash of wildcat strikes at seven GM plants.

Tammany Hall Future at Stake

NEW YORK (AP)—The future of Tammany Hall as the top political force in the nation's largest city is at stake in a Democratic mayoral primary election today. The campaign has been bitter.

The opponents:

Mayor Robert F. Wagner, who has split with the organization and is running for renomination for a third four-year term with the backing of insurgents on an "anti-bossism" platform.

State Comptroller Arthur Levitt, backed by Tammany, the Manhattan organization, and organization leaders in other boroughs. Their theme is that the insurgents are out to "rule or ruin" the party.

Political pundits figure the outcome could be close.

Clear, cooler weather is forecast for the polling hours, 3 p.m. to 10 p.m.

Pushing the insurgent drive are former Sen. Herbert H. Lehman and Mrs. Franklin D. Roosevelt although they are not seeking office themselves.

Tammany chief Carmine G. DeSapio heads the leaders backing Levitt.

Republicans are hopeful that the Democratic split will enable State Atty. Gen. Louis J. Lefkowitz, their unopposed mayoral nominee, to capture City Hall in the Nov. 7 general election.

Such a triumph would be the first for a Republican on a strictly GOP ticket in a century and would give a shot in the arm to Republican Gov. Nelson A. Rockefeller's state organization.

Buffalo Contest

In Buffalo today, there is a 4-way contest in the Democratic primary, with incumbent mayor Frank A. Sedita, who has organization backing, facing Councilman Victor E. Manz, councilman-at-large Charles J. McCabe and Safety Engineer P. E. (Pat) Gismondi.

In Binghamton, former Assemblyman Richard H. Knauf is opposed in the Republican primary by newcomer Walter T. Gorman, who has organization backing.

In Syracuse, Robert V. O'Hara, who is backed by the Democratic

To Free Regulars for Overseas

Four Guard Divisions Told About Army Duty

WASHINGTON (AP) — The Army appeared today to be wheeling four National Guard infantry and armored divisions into position to free regular Army divisions for movement overseas, if the Berlin crisis becomes acute.

The four Guard divisions — the 26th Infantry of Massachusetts, the 28th Infantry of Pennsylvania, the 32nd Infantry of Wisconsin and the 49th Armored of Texas—Wednesday were put on notice that they face possible calls to federal duty. Such a call could come in a matter of weeks.

Along with 475 lesser Guard and Reserve units in 46 states and the District of Columbia these divisions were given a top priority label by the Army.

To Start Rigid Training

"They will begin an intensified training program immediately in order to increase their combat readiness," the Army said.

The divisions and the individual units, combat and support types, will be reinforced from the ready reserve pool to bring them to near full strength.

Total strength of these formations now stands at about 96,000. Some 52,000 ready reservists will be assigned or attached to them to fill out their ranks.

Orders to put these measures into effect went out Wednesday and Army officials estimated the four divisions could be brought close to full strength in about 15 days. Infantry divisions total 13,700 men and armored divisions 14,600 men when all spaces are filled.

Army officers shied away from calling Wednesday's action an alert.

When asked if the four divisions will be called into active service, one spokesman said "it depends on the world situation."

The Army now is building three regular Army training divisions into combat shape. That would give the United States six Army and two Marine divisions, now based inside the country, for movement abroad if needed to bolster the Western defense line in Europe.

Five U.S. infantry and armored divisions now are arrayed in West Germany and a small force of 6,500 is in Berlin.

Asks About 6 Divisions

Secretary of Defense Robert S. McNamara is reported to have asked the Army if it could be in position to send six divisions abroad by mid-November.

If a decision is made to reinforce the troops facing the Soviets in the critical weeks ahead, the Massachusetts, Wisconsin, Pennsylvania and Texas Guard divisions would replace regular division in the strategic reserve within the continental United States.

There they would receive more rigorous training and would be available for use on the European front, if necessary, or to cope with other troubles which might break out elsewhere.

Call-up of the four Guard divisions would increase U.S. ground strength to 18 Army divisions, plus three Marine.

Write-in Due As Courts Will Not Act

A last minute effort to have names of certain Republican candidates printed on the Primary ballot in Wards Three, Six and Nine, failed Wednesday but today ballots were distributed in those wards with a blank space provided for writing in the names.

These ballots were certified, however, by only one of the two Ulster County Commissioners of Election, Attorney Seymour Werbalowsky, Republican member. Joseph Epstein, Democratic Commissioner of Elections declined to place his signature on the ballot.

An effort had been made to have the names of the Republican candidate for alderman in the Third Ward; alderman and supervisor in the Sixth and Ninth Wards printed on the ballot.

Republican Commissioner Werbalowsky held the designating petitions were in order, Democratic Commissioner Epstein held the petitions had been filed too late.

Declines to Act

Application to Supreme Court Justice Isador Bookstein was made on behalf of the Republican candidates by City Chairman Howard C. St. John to compel the commissioners of election to accept the designating petitions. Justice Bookstein declined to act on the grounds of lack of jurisdiction.

Yesterday a last minute move was made to secure the relief. The result was the Appellate

Grant, Ingersoll Resign In Civil War Group Rift

CLINTON, N.Y. (AP) — Two members of the federal Civil War Centennial Commission, including chairman Ulysses S. Grant III, have resigned amid reports of friction within the commission over the demotion of its executive director.

Grant, a grandson of the Union Army's Civil War commander, said Wednesday in this Central New York community he had resigned because of the serious illness of his wife, the former Edith Root. Because of her illness, he said, he could not travel widely on commission business.

In Washington, the White House confirmed Wednesday that Grant and Vice Adm. Stuart H. Ingersoll of the Naval War College, had submitted resignations from the commission.

Press Secretary Pierre Salinger would neither make public their letters of resignation nor discuss their reasons.

There were reports that Grant's resignation stemmed from a recent commission action demoting Karl S. Betts from executive director to special consultant.

Rep. Fred Schwengel, R-Iowa, vice chairman of the commission, said in Washington Grant's action was not a direct result of Betts' removal at a committee meeting.

Schwengel was elected vice chairman at that meeting and succeeded Rep. William Tuck, D-Va., who resigned.

The internal friction on the 25-member commission reportedly followed racial differences at a centennial observance in April at Charleston, S.C.

President Kennedy ordered business sessions transferred to the Charleston Naval Base after the New Jersey delegation protested holding them in a segregated Charleston hotel.

At the close of the Charleston meeting, New Jersey Chairman Donald Flamm denied that John Dempsey, state vice chairman, had said both Grant and Betts should be dismissed for "pathetic mismanagement."

Grant said at Clinton he had told the commmission 1½ years a that he wanted to resign. He said the commission persuaded him then to continue in office. Grant turned 80 July 4.

Grant was graduated from the U.S. Military Academy at West Point in 1903. His Army service spanned World Wars I and II.

The commission was created by Congress to coordinate observances of the 100th anniversary of the war between the states.

Step Closer to Readiness

Titan Matches Longest Hop, Releases Capsule

CAPE CANAVERAL, Florida (AP)— An intercontinental range Titan missile blazed 6,100 miles Wednesday night and ejected an experiment-filled capsule which was picked up by a recovery vessel.

The successful flight matched the longest previous distance covered by Titan and edged the ocean-spanning rocket closer to operational readiness.

Coast Shot Coming

Within a few weeks, Air Force troops are scheduled to launch a Titan from Vandenberg Air Force Base, Calif., to signal that the big ICBM is ready for deployment. It will be this nation's second operational long-range rocket, joining a growing force of Atlas missiles.

The Air Force said main objectives were to obtain data on propulsion, control, guidance and electrical power systems and the nose cone performance. The distance traveled was only 200 miles less than the initial planned combat range.

As a dividend experiment, a 30-inch cylindrical capsule popped out of the nose cone during reentry and parachuted into the impact zone about 1,000 miles southeast of the South Atlantic island of Ascension.

Carried Living Organisms

The package carried fruit flies, skin tissue and other living organisms. It was one of a continuing series of nose cone tests to determine how the specimens are affected by space radiation up to an altitude of 500 miles.

The results could help decide the amount of radiation shielding needed on manned space vehicles.

Two JC-54 aircraft of the 6550th Operations Squadron, Air Force Missile Test Center, spotted the capsule floating in the water minutes after it landed and directed the ocean range vessel Sword Knot to the scene.

Conference Hears Negro Must Get Chance to Serve

DAYTON, Ohio (AP)—The society that for 300 years has given the Negro "the special consideration of exclusion" now must offer a different type of special treatment, the new director of the national Urban League declared here Wednesday night.

Speaking to 500 delegates to the league's annual conference, Whitney M. Young, who will take office Oct. 1, said the way of change lies "through service and opportunities that will insure his inclusion as a citizen able to compete equally with all others."

Young also commented briefly on the much-discussed relief distribution problem in Newburgh, N.Y., terming it a "tragic story."

Not Just Regional

If Newburgh and similar situations in other northern cities "shock our sensibilities," he said, "they should also dramatically alert even the most naive that racism and the struggle for first class citizenship are far more than regional phenomena and are not always accompanied by overt symbols and signs."

To Hear Opening Day Reports at B of E Meeting

Reports on registration and school openings in Kingston School District (Consolidated) will be heard at the Board of Education meeting 7:30 tonight at the high school.

The agenda includes action on teacher resignations and appointment of teachers to fill vacancies. A report on summer school will be presented and on the progress of sprinkler installation and fire detection devices in the school buildings.

Opening day in the Kingston City Schools, Consolidated, Wednesday presented no serious problems and the opening of the 1961-62 school year was de-

Charges Are Thrown Out, Buses Move

An apparent misinterpretation of a section of the Motor Vehicle Law relating to operation of school buses by a Rhinebeck village police officer on Tuesday resulted in charges against seven drivers of the Lipton Bee Line Co. of Kingston, a delay in transportation of elementary pupils and dismissal of the charges by a judge.

The State Department of Education had overruled the Rhinebeck Central School District Board of Education and awarded to Julius Lipton, owner of the Lipton Bee Line, Kingston, the district's bus transportation contract.

The Board of Education subsequently accepted the state decision.

Given Summonses

On Tuesday morning, seven of Lipton's buses went into operation, and pulled in front of the Rhinebeck Central High School to discharge pupils.

According to Lipton, a police officer identified as Walter Schad gave each driver a summons, charging unlicensed operators. Summonses were returnable before Justice of the Peace William Pollard.

Lipton said the officer refused to let the drivers move the buses from in front of the high school. He stated fire officials protested that the buses created a fire hazard. The owner of the buses told The Freeman he went to Rhinebeck and personally drove

Hits Old Formula, Would Study Pupil Need for Aid

ALBANY, N.Y. (AP)—The state education commissioner, urging a break with the state's 36-year-old school aid formula, says the state should distribute funds on the basis of individual pupil needs.

Commissioner James E. Allen Jr., in a major policy statement, said emphasis in public education finance must shift to reflect "the goal of developing each child to his fullest potential."

State aid to education currently is distributed under a formula that sets minimum spending on each pupil at $389 a year.

Allen recommended a departure from "the concept of equalizing the support...measured in terms of a uniform dollar figure for each pupil."

The goal, Allen said, is "the educational development of each child to his fullest potential as a unique individual."

School costs, which now total $800 million annually, will continue to rise during the 1960s, he said. "If these needs are to be met, major changes will have to be made in the concept and form of school finance programs," he maintained.

Allen was not available for comment after the statement was released Wednesday.

Under the present formula, the state and local school districts contribute to a total of $389, which the law specifies must be spent on each pupil each year. Spending over that amount is from district funds.

The whole program of state aid to education is being studied by a legislative committee. It will present its recommendations to the Legislature, which has the power to change or replace the formula.

Allen, in the statement, also touched on these points:

Teachers — "We need not only more teachers, we need better teachers. An adequate supply of well-qualified teachers must be our number one goal."

Pupils—Effort will be made to assist schools in identifying children with special needs.

Buildings — The state will encourage construction of schools adapted to television teaching and other innovations and with rooms that can be used for many purposes.

To Free Regulars for Overseas

Four Guard Divisions Told About Army Duty

WASHINGTON (AP) — The Army appeared today to be wheeling four National Guard infantry and armored divisions into position to free regular Army divisions for movement overseas, if the Berlin crisis becomes acute.

The four Guard divisions — the 26th Infantry of Massachusetts, the 28th Infantry of Pennsylvania, the 32nd Infantry of Wisconsin and the 49th Armored of Texas—Wednesday were put on notice that they face possible calls to federal duty. Such a call could come in a matter of weeks.

Along with 475 lesser Guard and Reserve units in 46 states and the District of Columbia these divisions were given a top priority label by the Army.

To Start Rigid Training

"They will begin an intensified training program immediately in order to increase their combat readiness," the Army said.

The divisions and the individual units, combat and support types, will be reinforced from the ready reserve pool to bring them to near full strength.

Total strength of these formations now stands at about 96,000. Some 52,000 ready reservists will be assigned or attached to them to fill out their ranks.

Orders to put these measures into effect went out Wednesday and Army officials estimated the four divisions could be brought close to full strength in about 15 days. Infantry divisions total 13,700 men and armored divisions 14,600 men when all spaces are filled.

Army officers shied away from calling Wednesday's action an alert.

When asked if the four divisions will be called into active service, one spokesman said "it depends on the world situation."

The Army now is building three regular Army training divisions into combat shape. That would give the United States six Army and two Marine divisions, now based inside the country, for movement abroad if needed to bolster the Western defense line in Europe.

Five U.S. infantry and armored divisions now are arrayed in West Germany and a small force of 6,500 is in Berlin.

Asks About 6 Divisions

Secretary of Defense Robert S. McNamara is reported to have asked the Army if it could be in position to send six divisions abroad by mid-November.

If a decision is made to reinforce the troops facing the Soviets in the critical weeks ahead, the Massachusetts, Wisconsin, Pennsylvania and Texas Guard divisions would replace regular division in the strategic reserve within the continental United States.

There they would receive more rigorous training and would be available for use on the European front, if necessary, or to cope with other troubles which might break out elsewhere.

Call-up of the four Guard divisions would increase U.S. ground strength to 18 Army divisions, plus three Marine.

Reuther Confident of Pattern

Ford Next Stop After GM Details Ironed Out

DETROIT (AP) — Walter P. Reuther will go calling on the Ford Motor Co. as soon as he settles on the details of the United Auto Workers' agreement with General Motors.

"Ford is the next door I will knock on," the UAW president said late Wednesday after recessing his talks with GM until today.

Confident of Pact

Reuther indicated he was confident of making a final settlement with GM that will set the pattern for Ford and Chrysler. He said there is no pressure now in the GM negotiations because, "There is general agreement in all important areas" of a national economic settlement on wages and extra benefits.

GM Vice President Louis G. Seaton agreed the company and union were in essential agreement in the national economic area.

The GM-UAW negotiations are continuing under a strike truce. A shutdown of GM plants was averted Wednesday by extending the deadline to 10 a.m. Monday. The union's contract with Ford and Chrysler were extended to next Wednesday midnight.

Some Wildcat Strikes

Nearly all of GM's 325,000 hourly workers stayed on the job. But there was a rash of wildcat strikes at seven GM plants.

Tammany Hall Future at Stake

NEW YORK (AP)—The future of Tammany Hall as the top political force in the nation's largest city is at stake in a Democratic mayoral primary election today. The campaign has been bitter.

The opponents:

Mayor Robert F. Wagner, who has split with the organization and is running for renomination for a third four-year term with the backing of insurgents on an "anti-bossism" platform.

State Comptroller Arthur Levitt, backed by Tammany, the Manhattan organization, and organization leaders in other boroughs. Their theme is that the insurgents are out to "rule or ruin" the party.

Political pundits figure the outcome could be close.

Clear, cooler weather is forecast for the polling hours, 3 p.m. to 10 p.m.

Pushing the insurgent drive are former Sen. Herbert H. Lehman and Mrs. Franklin D. Roosevelt although they are not seeking office themselves.

Tammany chief Carmine G. DeSapio heads the leaders backing Levitt.

Republicans are hopeful that the Democratic split will enable State Atty. Gen. Louis J. Lefkowitz, their unopposed mayoral nominee, to capture City Hall in the Nov. 7 general election.

Such a triumph would be the first for a Republican on a strictly GOP ticket in a century and would give a shot in the arm to Republican Gov. Nelson A. Rockefeller's state organization.

Buffalo Contest

In Buffalo today, there is a 4-way contest in the Democratic primary, with incumbent mayor Frank A. Sedita, who has organization backing, facing Councilman Victor E. Manz, councilman-at-large Charles J. McCabe and Safety Engineer P. E. (Pat) Gismondi.

In Binghamton, former Assemblyman Richard H. Knauf is opposed in the Republican primary by newcomer Walter T. Gorman, who has organization backing.

In Syracuse, Robert V. O'Hara, who is backed by the Democratic

Write-in Due As Courts Will Not Act

A last minute effort to have names of certain Republican candidates printed on the Primary ballot in Wards Three, Six and Nine, failed Wednesday but today ballots were distributed in those wards with a blank space provided for writing in the names.

These ballots were certified, however, by only one of the two Ulster County Commissioners of Election, Attorney Seymour Werbalowsky, Republican member. Joseph Epstein, Democratic Commissioner of Elections declined to place his signature on the ballot.

An effort had been made to have the names of the Republican candidate for alderman in the Third Ward; alderman and supervisor in the Sixth and Ninth Wards printed on the ballot.

Republican Commissioner Werbalowsky held the designating petitions were in order, Democratic Commissioner Epstein held the petitions had been filed too late.

Declines to Act

Application to Supreme Court Justice Isador Bookstein was made on behalf of the Republican candidates by City Chairman Howard C. St. John to compel the commissioners of election to accept the designating petitions. Justice Bookstein declined to act on the grounds of lack of jurisdiction.

Yesterday a last minute move was made to secure the relief. The result was the Appellate

Grant, Ingersoll Resign In Civil War Group Rift

CLINTON, N.Y. (AP) — Two members of the federal Civil War Centennial Commission, including chairman Ulysses S. Grant III, have resigned amid reports of friction within the commission over the demotion of its executive director.

Grant, a grandson of the Union Army's Civil War commander, said Wednesday in this Central New York community he had resigned because of the serious illness of his wife, the former Edith Root. Because of her illness, he said, he could not travel widely on commission business.

In Washington, the White House confirmed Wednesday that Grant and Vice Adm. Stuart H. Ingersoll of the Naval War College, had submitted resignations from the commission.

Press Secretary Pierre Salinger would neither make public their letters of resignation nor discuss their reasons.

There were reports that Grant's resignation stemmed from a recent commission action demoting Karl S. Betts from executive director to special consultant.

Rep. Fred Schwengel, R-Iowa, vice chairman of the commission, said in Washington Grant's action was not a direct result of Betts' removal at a committee meeting.

Schwengel was elected vice chairman at that meeting and succeeded Rep. William Tuck, D-Va., who resigned.

The internal friction on the 25-member commission reportedly followed racial differences at a centennial observance in April at Charleston, S.C.

President Kennedy ordered business sessions transferred to the Charleston Naval Base after the New Jersey delegation protested holding them in a segregated Charleston hotel.

At the close of the Charleston meeting, New Jersey Chairman Donald Flamm denied that John Dempsey, state vice chairman, had said both Grant and Betts should be dismissed for "pathetic mismanagement."

Grant said at Clinton he had told the commmission 1½ years a that he wanted to resign. He said the commission persuaded him then to continue in office. Grant turned 80 July 4.

Grant was graduated from the U.S. Military Academy at West Point in 1903. His Army service spanned World Wars I and II.

The commission was created by Congress to coordinate observances of the 100th anniversary of the war between the states.

Saugerties Club Purchases Seven Acres Woodland

The Saugerties Fish and Game Club has voted to purchase seven acres of woodland in the Centerville area at the cost of $1.00 from Percy Mower of Cedar Grove, who generously offered the property to the club.

After necessary legal transactions have been completed, the club will begin to plan development of the property to suit its needs.

The club also announced a turkey shoot for Sunday, Oct. 8, and decided to purchase 75 adult pheasant cocks to release on grounds posted by the club this fall.

President Berzal reported to club members on the recent trout survey conducted by the State Conservation Department in the Plattekill stream. According to on the scene observers, very few trout were found in the lower section of the stream in the Fish Creek and Mt. Marion area. It was noted that some of the sections checked wouldn't be expected to have trout in them at this time of the year, anyway, since the trout naturally seek out the deeper holes for cooler water.

Gary Schmitz, a junior club member who attended Ray Brook Conservation Camp in the Adirondacks this summer, gave an interesting account of his activities for the week's course which incluuded training in hunter safety, trapping, rules and regulations for boating, inspection of the fish hatchery, inspection of deer wintering grounds and basic instruction in soil and water conservation.

Rocco Colleluori of Barclay Heights was accepted as a new member.

Paint Aids Evaporation

Just after a brick house is constructed, it is estimated there is about one ton of water in the plaster and brickwork of the average room. Even under good drying conditions, many months are required for this water to evaporate completely. For this reason, it is wise to use the type of paint on the plaster that will permit the escape and evaporation of the moisture. When painting is done soon after plastering, a water-thinned paint of the breather type may be used.

It won't hurt to add a little sugar and nutmeg to those buttered carrots.

Port Ewen Reformed Church

Port Ewen Church Observes 110th Anniversary Saturday

Two former pastors and the president of the General Synod will participate in services this weekend marking the 110th anniversary of the Port Ewen Reformed Church.

Saturday 6 p. m., a fellowship supper will be held at the church hall. The Rev. Philip Goertz and the Rev. George Berens, both former pastors of the church will be guest speakers. Invitations have been sent to former members and friends of the church to attend the homecoming festivities.

The Rev. Mr. Goertz, who served the church from 1927 to 1937, will preach the anniversary sermon Sunday, 11 a. m. At 7:30 p. m., the Rev. Norman P. Thomas, pastor of the First Reformed Church of Albany and president of the General Synod will preach. Refreshments will be served following the evening service.

Organized in 1851

The church was organized Sept. 9, 1851, under the name of North Reformed Protestant Dutch Church of Klyne. Land for the church was deeded August 12, 1852 by Jeremiah I. Houghtaling, Jane Ann Houghtaling, Sarah Houghtaling, Cornelius Houghtaling, Rachel, his wife; Hezekiah Houghtaling and William H. Houghtaling and wife, Electa; Charles Rudintska and Margaret M., his wife. Cost of the site was $5.

The building was constructed in 1853 and the parsonage was built in 1855 after the Pennsylvania Coal Company deeded a lot to the consistory in 1855. The first parsonage was destroyed by fire in 1900 and the present parsonage was built in 1901.

A new building was constructed and dedicated in 1928. Contract for the building was awarded to Charles Nieces at an estimated cost of $7,730. Heating system was installed by Samuel Tinney at a cost of $2,250.

First Consistory

Original consistory members were Abram I. Houghtaling, Jeremiah I. Houghtaling, Joshua Van Akin, Ebenezar van Akin, William Houghtaling and Philip A. Schryver.

Serving on the consistory now are Walter Carney, Roger Elmendorff, Gordon A. Craig Jr., Edwin Cunningham, and Herbert Kippel, elders; Roger Freer, Terry Reed, David Terpening, Floyd Beesmer and Harrison Cornish, deacons.

First pastor of the Port Ewen church was the Rev. Wesley Taylor. The present pastor, the Rev. Harry E. Christiana has served the church since March 28, 1947. He is also pastor of the Ulster Park Reformed Church, mother church of the Port Ewen church, which celebrated its 170th anniversary recently.

Father of Four 3rd Polio Death

SCHENECTADY, N.Y. (AP) — The death of a 31-year-old father of four apparently has raised to three the polio death toll in New York State this year.

Rufus C. Poston Jr. of Schenectady, a General Electric Co. employe, died Wednesday in St. Clare's Hospital, where he had been treated since Monday for polio.

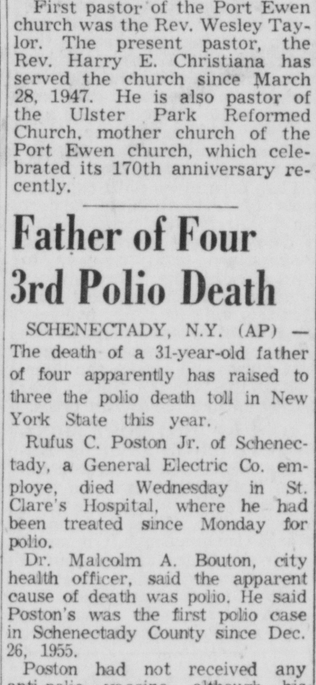

Dr. Malcolm A. Bouton, city health officer, said the apparent cause of death was polio. He said Poston's was the first polio case in Schenectady County since Dec. 26, 1955.

Poston had not received any anti-polio vaccine, although his children had.

The State Health Department said the other polio deaths occurred last month in Oneida and Yates counties. Neither had received vaccine.

An outbreak of polio has occurred in Onondaga, Madison and Oneida counties in Central New York.

The department said 19 persons died of polio in the Upstate-Long Island area last year. New York City keeps separate statistics.

State Fair Hits Single Day High For First Time

SYRACUSE, N.Y. (AP) — The state fair, visited Wednesday by Gov. Rockefeller, outdrew the comparable day of the previous year for the first time this year.

Attendance for the sixth day was 46,825, topping the sixth day of 1961 when 37,829 attended the annual fair.

Gov. Rockefeller toured the fairgrounds, spoke at a breakfast and a luncheon and flew to New York City.

Attendance at this year's fair, which ends Saturday, has totaled 331,382 for the first six days. The total for the first six days last year was 394,859.

Bears Eat Signs

SKYLAND, Va. (AP) — A Shenandoah National Park visitor suggested to rangers that the park's bears should be educated so they could read a sign saying: "Please don't eat the signs." The bears have been eating the park service signs, even when they're soaked in creosote. Barbed wire around the edges helps but rangers fear people will tear their clothes or stick a finger on the barbs.

Berlin Wall, New Nuclear Tests, Threats Of Fallout Spark Boom in Shelter Fields

EDITOR'S NOTE—The continuing world crisis has turned many Americans to thinking in terms of bomb shelters and survival in a nuclear attack. Companies specializing in the construction of such shelters report a sharp upturn in orders. Administration and Civil Defense officials encourage such building. In the following, first of two articles, AP Business News Analyst Sam Dawson outlines developments in this field.

NEW YORK (AP) —Nuclear tests in Asia and a concrete wall in Berlin are inspiring a growing number of Americans to think about survival in a possible atomic war.

Business has its own geiger counters recording this. They are the companies that make bomb shelters or fallout hideaways and the companies readying special supplies to stock such shelters. Also, most companies are to be queried by the government as to plans to protect employes or customers if danger arises during working or shopping hours.

Actual Sales Increase

All in the shelter business report a marked pickup in interest. Inquiries are up, actual sales are multiplying, many newcomers are jumping into the production and installation fields.

The spurt has come since President Kennedy warned the American public July 25 that the world situation was worsening. Interest jumped again after the Communists verified this with their wall dividing Berlin and the resumption of their nuclear tests with its threat of fallout.

Upcoming United States underground tests won't add to the fallout but may increase the nervousness over the open resumption of the atomic race.

Many Doubt Survival

New interest in building shelters, however, is far from unanimous. Various newspaper polls show a hard core of apathy and fatalism. Many citizens doubt they could survive an atomic blast and so regard shelter building as futile.

Shelters fall into three broad types. There is the public shelter holding a sizable number caught away from home or living in congested areas; the blast shelter at home designed to protect those at some distance from the lethal center of the blast but still in danger; and the fallout shelter for those too far from the point of impact to have felt the blast but faced with the lingering effects of radiation in the atmosphere.

Shelter Protects 200

The Wonder Building Corp., Chicago, says its sales have risen 10-fold since the President's speech. It also reports orders for 25 community shelters in the last month, designed to hold 200 persons each.

There is also a thriving business among local contractors and an uncounted host of do-it-yourselfers. Material sales last year are estimated at $13 million. Mostly they build basement fallout shelters, some for as little as $150.

Paint Aids Evaporation

Just after a brick house is constructed, it is estimated there is about one ton of water in the plaster and brickwork of the average room. Even under good drying conditions, many months are required for this water to evaporate completely. For this reason, it is wise to use the type of paint on the plaster that will permit the escape and evaporation of the moisture. When painting is done soon after plastering, a water-thinned paint of the breather type may be used.

It won't hurt to add a little sugar and nutmeg to those buttered carrots.

Port Ewen Church Observes 110th Anniversary Saturday

Two former pastors and the president of the General Synod will participate in services this weekend marking the 110th anniversary of the Port Ewen Reformed Church.

Saturday 6 p. m., a fellowship supper will be held at the church hall. The Rev. Philip Goertz and the Rev. George Berens, both former pastors of the church will be guest speakers. Invitations have been sent to former members and friends of the church to attend the homecoming festivities.

The Rev. Mr. Goertz, who served the church from 1927 to 1937, will preach the anniversary sermon Sunday, 11 a. m. At 7:30 p. m., the Rev. Norman P. Thomas, pastor of the First Reformed Church of Albany and president of the General Synod will preach. Refreshments will be served following the evening service.

Organized in 1851

The church was organized Sept. 9, 1851, under the name of North Reformed Protestant Dutch Church of Klyne. Land for the church was deeded August 12, 1852 by Jeremiah I. Houghtaling, Jane Ann Houghtaling, Sarah Houghtaling, Cornelius Houghtaling, Rachel, his wife; Hezekiah Houghtaling and William H. Houghtaling and wife, Electa; Charles Rudintska and Margaret M., his wife. Cost of the site was $5.

The building was constructed in 1853 and the parsonage was built in 1855 after the Pennsylvania Coal Company deeded a lot to the consistory in 1855. The first parsonage was destroyed by fire in 1900 and the present parsonage was built in 1901.

A new building was constructed and dedicated in 1928. Contract for the building was awarded to Charles Nieces at an estimated cost of $7,730. Heating system was installed by Samuel Tinney at a cost of $2,250.

First Consistory

Original consistory members were Abram I. Houghtaling, Jeremiah I. Houghtaling, Joshua Van Akin, Ebenezar van Akin, William Houghtaling and Philip A. Schryver.

Serving on the consistory now are Walter Carney, Roger Elmendorff, Gordon A. Craig Jr., Edwin Cunningham, and Herbert Kippel, elders; Roger Freer, Terry Reed, David Terpening, Floyd Beesmer and Harrison Cornish, deacons.

First pastor of the Port Ewen church was the Rev. Wesley Taylor. The present pastor, the Rev. Harry E. Christiana has served the church since March 28, 1947. He is also pastor of the Ulster Park Reformed Church, mother church of the Port Ewen church, which celebrated its 170th anniversary recently.

Father of Four 3rd Polio Death

SCHENECTADY, N.Y. (AP) — The death of a 31-year-old father of four apparently has raised to three the polio death toll in New York State this year.

Rufus C. Poston Jr. of Schenectady, a General Electric Co. employe, died Wednesday in St. Clare's Hospital, where he had been treated since Monday for polio.

Dr. Malcolm A. Bouton, city health officer, said the apparent cause of death was polio. He said Poston's was the first polio case in Schenectady County since Dec. 26, 1955.

Poston had not received any anti-polio vaccine, although his children had.

The State Health Department said the other polio deaths occurred last month in Oneida and Yates counties. Neither had received vaccine.

An outbreak of polio has occurred in Onondaga, Madison and Oneida counties in Central New York.

PHILOSOPHICAL FALLOUT

Russia's breaking of the nuclear test moratorium gives urgency to a question most Americans have long ignored. That is, should the ordinary citizen begin thinking seriously about the possibility of a nuclear war? Should he begin building a family fallout shelter, as so many people are urging?

The unbelief mixed with horror that was produced by Hiroshima and Nagasaki have not yet worn off, despite our living with the atom for 16 years. The feeling that a nuclear war would mean the end of all life or, at least, the end of civilization, still colors our thinking, especially since the advent of even more destructive weapons.

Yet the idea appears to be growing on many sides that a nuclear war may be permissible. Destructive, deadly, terrifying beyond anything before, but still "just another war."

The thinking is this:

The little data we have upon which to predict indicates that neither side now possesses enough weapons to wipe out ALL cities and ALL life, We do not know if such a thing is even possible. Many who should know scoff at the idea that radioactive fallout would complete the job which explosions and fires failed to do, as in the book "On the Beach."

Those who adopt this point of view argue that we do not know what cities would be hit, nor how badly they would be hurt. We do not know what areas fallout would be carried to by the winds, but its lethality and long-lasting effects have probably been overstated. We cannot say with certainty that communications and the myriad complexities of civilization upon which we depend would be completely and irrevocably wiped out.

They say we do not know that the earth would be polluted, as some others maintain, thus assuring starvation for those who were not killed outright. The risk of damage to our and our grandchildren's genes is unproved and probably exaggerated. And freedom is surely worth this risk.

Thus prudence and common sense, they argue, demand that we do what we can, both on a personal and on a governmental level, to minimize as far as humanly possible the consequences of a nuclear war, rather than to throw up our hands in despair and so, in effect, guarantee that war, if it comes, will truly mean our end.

Let's face it, this line of thinking continues, a nuclear war would be madness, but all wars have been madness. We survived them before. We can survive this one. But why must we have war? What could be a greater deterrent to the Communists, thy ask, than to have our population sheltered, ready for any eventuality?

The above, briefly, is the argument in favor of fallout shelters. In "practical" terms, the contrary argument is weak. But the reasoning of those who oppose what they call the "shelter psychosis" is, they say, more practical in a larger sense.

For the question concerns more than what percentage of the population can survive a war ("Twenty million [dead] is better than 40 million," says one shelter proponent), or how quickly they can bounce back. Those who take this viewpoint assert that it also concerns what values and institutions—the heritage of 10,000 years of struggling history—will be obliterated and what values will survive.

The question, they say, goes far beyond mere survival or defense or deterrent against the Communists.

The monkey house is a popular spot in zoos—possibly because many viewers are curious to see whether man has really changed so very much after all.

Scotch water is being introduced as an ideal mixer for Scotch whisky. But a lot of connoisseurs figure the best mixer for Scotch is no mixer at all.

'These Days'

By GEORGE SOKOLSKY

THE WAR DILEMMA

All over the country there are those who are demanding a strong foreign policy. But do they want to go to war? A strong foreign policy could mean war. There is no certainty about it either way, but it is fact that we had a weak policy concerning Cúba and we did not go to war; we are showing our claws with regard to Berlin and the Russians respond by renewing bomb testing.

Personally, as a citizen, I favor a strong, vigorous foreign policy. All my experience, now over a period of 44 years, convinces me that there is no way to stop the building of the Soviet Empire except by war or well supported and financed revolution. But it would appear that a large number of persons disagree with such views concerning a shooting war. They want peace. Some want peace at any price. Some would rather be Red than dead. There is no telling about tastes.

Therefore it is necessary to have a decision and a policy that is not casual and opportunistic. In Savannah, Georgia, 1500 persons signed a petition to President Kennedy, demanding a strong foreign policy. But the petition says nothing about favoring a shooting war. It says:

"We, the undersigned people of Savannah are aroused and gravely concerned over the turn of events in Berlin. Americans have repeatedly requested a strong foreign policy. The time is long overdue for the United States to take a firm stand and definite action against Communist aggression. We strongly urge whatever positive and aggressive action is necessary to reverse the present rapid turn toward national disaster."

But when that has been said, it does not encourage the President to go to war with Soviet Russia. After all, Khrushchev enjoys an enormous advantage over us. He can make quick decisions. His allies are contiguous and are not free to choose their own course. Propinquity strengthens his position in all directions. He is not overly concerned with public opinion in his own country or in the rest of the world. No American President can adopt an attitude as independent as that. Franklin D. Roosevelt maneuvered American public opinion skillfully, but it took him two years to get the United States into World War II. There is not two years or 18 months to spare in the next war. In fact, it is doubtful if that many minutes will be available. The President will have to act on a radar signal without asking anyone's consent.

Of course, we ought to have a strong foreign policy but when it comes to a shooting war, the indications are that it will take some convincing to establish that there is no other way. Some, like myself, believe that there is no other way, but I am convinced that we are in the minority. And it appears from the record that President Kennedy and Secretary of State Rusk believe that American public opinion is not yet ready for another war. Everybody is against Soviet Russia but few want to do anything about it.

One reason may be that we actually lost World War II. We did not lose it to the enemy, Nazi Germany, but we did lose it to our ally, Soviet Russia. First Stalin and then Khrushchev took every advantage of the war involvement, to seize countries and peoples until now Soviet Russia dominates more of the Earth's surface than Germany and Japan did during their most successful days in World War II. Many ask, what is the use of another war? It will probably all be to the advantage of Red China.

The issue is not a strong or a weak foreign policy. The issue is whether the American people are ready and willing to get into a nuclear war. If we are not ready and willing, we shall either stand to be 1) isolated or 2) conquered or 3) reduced to an ignoble status. But the decision must be decisive at this climactic stage. Neither dodging the issue nor bellyaching will save us. Nor can we delay either our decisions or our actions very much longer because the enemy is not delaying. His attitude toward bomb testing is a teaser to discover whether we mean business. If we let this threat pass, Khrushchev will go ahead, as Stalin did, on the assumption that we are good at speeches but not at action.

Article on Drafts Kicks Up a Big Storm

By HAROLD T. HYMAN, M.D.

Written for Newspaper Enterprise Assn.

Q—You contended recently there is no harm in drafts," writes one gentle critic. "You are wrong. I'm just now suffering from a disagreeable experience from a draft. At a Washington function, I was seated in a draft. I had on a low-neck dress and was without a scarf. Protocol seated me where I was and I couldn't move. In less than a week I had a chill and am just now recovering from pneumonia. And you say drafts are harmless?"

A—Were you alone at this function? Isn't it just possible that you were seated near someone who was harboring infective organisms in her upper respiratory passages? And couldn't your pneumonia have been the result of the transfer of those organisms to you when your neighbor coughed or sneezed in your general direction?

Q—"I resent your satirical comments about drafts. Let me remind you that plants, as well as people, suffer from drafts. A steady draft can kill a plant. But perhaps you don't number any hypochondriac plants among your acquaintances?"

A—It's true that I have no hypochondriac plants in our entrance hall where they must have had draft exposure every time the front door was opened or closed. And they thrived. And wasn't Gracie Fields' "biggest aspidistra in the land" situated right next to the old hat rack, just behind the entrance door?

"The frankness you display in your column is most refreshing," writes another. "Keeping the public in the dark seems to be the order of the day in most services and professions. So it is with distinct admiration that I salute columns such as yours on acetylsalicylic acid and the most expensive preparations in which aspirin is the important ingredient. Thanks to you I'm going to have cheaper headaches from now on."

Q—"Why are so many of you doctors determined there never must be a cure for cancer?" says Mr. X. "In a column, you said in language too plain to be misconstrued that you hoped that the Hoxey method and other cancer cures would prove ineffectual. Are you really the fiendish monster that your own words proclaim you to be? Do you really feel that the prestige and the prosperity of the medical profession are of greater importance than the physical well-being of humanity?"

A—If my correspondent understood me to express a hope that a cancer cure would not be found, I'm afraid he did misconstrue my language. The Hoxey treatment has been branded a hoax by the Federal Government. Not by me or the medical profession. I'm inclined to think that the label of "fiendish monster" is better applied to those who exploit the desperation of the afflicted and their well-wishers.

"The La Leche League of Franklin Park, Ill., had a veritable flood of letters following your latest column on breast feeding. Thanks to you and other advocates of breast feeding, we are now certain that the numbers of nursing mothers are definitely on the increase. And that's good news for babies and mothers."

Dear Reader: Dr. Hyman appreciates your comments and questions but regrets that the heavy volume of his mail doesn't permit him to answer each individual letter or post card. However, he will comment in columns like the above upon matters of general or unusual interest.

The Other World

Washington News

BY PETER EDSON
Washington Correspondent
Newspaper Enterprise Assn.

Washington — (NEA) — From the American point of view, the speeches, votes and resolutions of the two-dozen so-called neutral or "nonaligned" countries in the Belgrade, Yugoslavia, conference can be viewed as reflections on the amounts of aid each new nation has received from the United States and from Soviet Russia.

A TABULATION OF ALL U.S. FOREIGN AID given to 23 of these underdeveloped nations from 1946 through 1961 reveals a total of $8.2 billion. Of this, $7.3 billion has been economic aid. One-eighth of the total, or nearly $900 million, has been military aid given to seven of these countries.

Total U.S.S.R. aid given to 17 of these countries from 1955 through 1960, latest figures available, is estimated by the U.S. State Department at $3.6 billion.

There is no precise breakdown on kinds of aid. But for all their foreign aid programs, the average has been about one-fourth military, three-fourths economic.

The two countries that have received the most U.S. aid are India and Yugoslavia. India has received over $3 billion, compared with $946 million from U.S.S.R. Yugoslavia has received $2.28 billion U.S. aid, $111 million from U.S.S.R. Yugoslavia also got the most U.S. military aid—$694 million.

Other countries that have received more American aid than Russia are Cambodia, Ceylon, Ethiopia and Tunisia. Countries that have received no Russian aid at all are the Congo, Lebanon, Morocco, Saudi Arabi, Somali, and Sudan.

COUNTRIES THAT HAVE RECEIVED more Russian aid than American are Afghanistan, Cuba, Ghana, Iraq, Mali, Yemen and United Arab Republic. Next to India, UAR has received the most Russian aid, $788 million compared to $438 million from the United States.

Two countries have received about equal U.S. and U.S.S.R. aid—Burma at over $90 million, Nepal at over $40 million.

The rebel government of Algeria has received no open aid from either America or Russia. But Communist arms have reportedly been smuggled to the rebels. Some U.S. aid to France went to the colonial government of Algeria for its defense.

The United States has consistly maintained it is in no race with the Soviet Union to see which side can give away the most aid. But Russian aid has been given on a highly selective basis where it would do the Communist cause the most good and the free world most harm.

There has never been any American contention that foreign aid has been given with expectations of unquestioning support for U. S. foreign policies. But it does sit hard with American congressmen and taxpayers to have a leader like Nehru—whose country is receiving most substantial aid for his five-year plans from a consortium of free world nations—support Communist causes and oppose the interests of the Western powers over questions like the Berlin crisis.

ONE OF THE MOST SIGNIFICANT FACTS about the Belgrade conference of these countries is that there was no item on its agenda for debate of a question like, "The Problem of World Communism." It is swept under the table although four of the conference leaders — Presidents Tito of Yugoslavia, Sukarno of Indonesia, Nasser of NAR and Prime Minister Nehru —have had plenty of trouble from both the international and domestic varieties of communism.

The Belgrade conference did have on its agenda questions like, "The Struggle Against Imperialism and Colonialism." That gave the new leaders plenty of opportunity to beat the Western powers over the head, oratorically, and glorify their own roles.

This is why the Russians are again making a big pitch to bring up in the forthcoming General Assembly their resolution for granting immediate independence to all colonial peoples.

The Communists apparently hoped this will bring them support from the meeting at Belgrade.

World's Biggest Challenge —How to Disarm Dictators

By DAVID LAWRENCE

The testaments of all religions contain the equivalent of the commandment: "Thou shalt not kill." Yet the world today is witnessing a resumption of nuclear tests designed to find more and more weapons that can destroy human life.

This paradox seems to be taken for granted as one of the inevitable consequences of international rivalry. War is roundly denounced as each side professes to be interested in attaining peace whilst the other side is blamed for provocations that could lead to armed conflict.

Governments frown at one another and send out sharply worded diplomatic notes. But the means of disarming reckless men who may bring on war is yet to be discovered. There are no tests to find ways of depriving dictators of the power suddenly to plunge their own country and the world into a nuclear war.

No decision which President Kennedy has made could have caused him more anguish than the authorization to American scientists and military men to resume nuclear tests. Even though the American tests are to be underground and in laboratories, while the Soviets have already held four tests in the atmosphere — presumably producing "fallout"—there is a revulsion of feeling about all of them on the theory that a decision to test means a decision some day actually to use nuclear bombs.

Worst Weapon Ever

Never in history has the world faced so powerful and so devastating a weapon as the big nuclear bomb. Estimates vary as to the millions of persons who can be killed or the wide area that can be destroyed. But those scientists who understand the effectiveness of these weapons have told Congressional committees again and again of the awfulness of these new tools of war.

Under the circumstances, the world is challenged to find a way to prevent a disaster of incalculable proportions.

But what is being done or likely to be done about it? A group of 25 nations who call themselves "non-aligned" but who, for the most part, play the Communist game has called on the governments at Moscow and Washington to enter into some kind of "summit" conference to secure a peaceful settlement of outstanding issues. Great Britain and France have expressed their concurrence with President Kennedy's action in ordering underground tests and have echoed a widely prevailing sentiment in this country that he had no other choice. Mr. Kennedy has proposed that, before Sept. 9, a new agreement be made to suspend all tests in the air.

Hidden Motives

But there may be back of the recent moves some other maneuvers by the Soviets that have not yet appeared. It is considered quite possible that only a compelling reason caused Premier Khrushchev to violate all the previous pledges in which he proclaimed his determination to resume nuclear testing only if the West did so. One theory is that his own military people forced his hand, The probabilities are that the Soviets discovered they were somewhat behind in the nuclear-arms race and couldn't wait any longer for an opportunity to make certain tests.

Once these tests are over with, however, it is being suggested that the Moscow government may be willing to enter into an agreement to ban futher tests indefinitely—or at least until Soviet scientists again produce something on the drawing boards that absolutely requires testing in order to determine its effectiveness.

No Checks on Bomb

But, assuming that there soon will be a moratorium again on nuclear tests, what assurance has the world that one man in the Kremlin may not take some military step that will compel the use first of smaller nuclear weapons and then later on of the bigger ones? For, once a battle starts, it might be difficult to secure any sudden stoppage, and the final result could be a terrible loss of human lives.

Theoretically, the United Nations was supposed to be a forum in which such a vital subject might be debated. But there are no signs as yet that world opinion has been mobilized to bring about action at the UN to require a binding agreement covering not just the tests but the actual use of nuclear weapons in the future.

One would think that the conscience of mankind woud be troubled not only that nuclear war is seriously contemplated as a possibility, but that no method of restraint has been devised by the peoples of the world to avoid what Prime Minister Lloyd George of Britain in 1919 called "organized murder." For war today with nuclear weapons would be far more a fulfillment of that term than it has ever been in human history.

WALLKILL — Eighteen new teachers will help to make up a total professional staff of 85 in the Wallkill Central School District. Five are filling positions which are new this year.

Elementary teachers who are new are Mrs. Patricia Clark of New Paltz, who is a June, 1961 graduate of the State University College of Education at New Paltz. Mrs. Clark will teach a second grade at Wallkill.

Mrs. Adella Decker, who did substitute teaching at Wallkill part of last year, will teach another Wallkill second grade. She is a graduate of the University of Denver, has done graduate study at New Paltz and taught in Denver, Colorado; Portland, Ore., and in Pine Bush.

Mrs. Shirley Fowler who will teach the primary grades at Modena is a graduate of New Paltz, and has taught at Ardsley and Highland.

Mrs. Mary Sisti, a graduate of Cornell University will teach a third grade at the Plattekill School. Mrs. Sisti took graduate work at New Paltz this summer.

Filling four new positions in the high school are a special class teacher, social studies teacher and teachers of Latin-English and science-mathematics combinations.

The special education teacher will be Amerigo Ranaldi Jr., a graduate of the University of Bridgeport who has taught one year at New Britain, Conn. A June graduate of the State University College of Education at Albany, Miss Margaret Pfister of Washingtonville area will teach social studies. Another 1961 Albany graduate, Ray F. Shipman Jr., of Scotts Corners area will teach both mathematics and science. Walter Smith of Starrucca, Pa., will teach Latin and English. Mr. Smith received a BA degree from the University of Scranton, has done graduate work at Rutgers and Trenton State University and has taught in Hohokus and Brunswick, N. J.

Other new teachers in the high school include several experienced teachers from outside New York State. Royce Laymand has taught instrumental music for four years at Napoleon, Mich., and one year at Simpsonville, S. C. He is a graduate of Bob Jones University, Greenville, S. C., and has completed most of the requirements for a master's degree at the University of Michigan.

Mrs. Millie Wildrick of Wallkill who will teach the junior high homemaking classes is a graduate of Indiana State Teachers College, Terre Haute, has done graduate work at Columbia University and taught for five years in Indiana. Most recently Mrs. Wildrick has been active 4-H Club leader and has done substitute teaching at Wallkill.

Mr. and Mrs. Alvin Williamson, both of whom will teach physical education have been teachers at Spencer Central School near Ithaca. They are graduates of Ithaca College. Both have done graduate work at the University of Buffalo. Mr. Williamson will assist with athletics and drivers education.

Earl Hawk of New Paltz, a graduate of the U. S. Naval Academy, Annapolis, will teach mathematics. Mr. Hawk has done graduate work at both the Naval Academy and Purdue University and has taught in the New Paltz Central School since retiring from active duty in the Navy.

Miss Polly Baxter who will teach junior high English was an outstanding member of the 1961 graduating class of East Tennessee State College. Miss Elizabeth Aceto of the Vails Gate area and a 1961 graduate of the State University College for Teachers, Albany will teach studies in the junior high. She has done her teaching at Chatham and during the past year has completed requirements for an MA degree at Albany which she received in June.

Edward Marolda of Middletown a graduate of St. John's University will teach mathematics. He has also studied at Champlain College and Temple University. Rocco Antorino, a recent graduate of Hartwick College will teach vocal music. He taught in Oneonta Junior High School during the past year. Mr. Autorino started his musical career as a vocal and instrumental soloist while a student at Kingston High School.

Lowell Sanders, agriculture teacher has already begun his teaching at Wallkill during the summer. He graduated from College of Agriculture, Cornell University, in 1958 and taught for a short time at Albion Central School before going on active duty as a reserve officer. He has been assigned to the Army Ordinance School, Aberdeen Proving Ground, Md. until early July of this year.

Reformed Church Notes

Thursday, 3 p. m., junior choir of the Reformed Church will begin its fall rehearsals. All children may attend from grades 3 through 6.

This year there will be high school choir at 4 p. m., which will include all students of junior high and senior high school, from 7th through 12th grades.

At 7:30 p. m., senior choir rehearsals will start in the church. Any interested adult may attend and join the group.

Sunday, 10 a. m., Sunday school will reopen under the direction of Harry Vogt, Sunday school superintendent.

At 11 a. m., the regular morning hour of worship will be held with the Rev. Walter N. Van Popering in charge of the service. The senior choir will provide the music, and Mrs. Louise Didsbury will be organist.

Wednesday, Sept. 13, at 6:30 p. m., the Women's Missionary Society of the Reformed Church will hold its annual family night dinner in the church hall. Each member will bring a covered dish, and place settings for the family. Dessert and beverage will be furnished by the society. The speaker will be the Rev. Mr. Van Popering.

PHILOSOPHICAL FALLOUT

Russia's breaking of the nuclear test moratorium gives urgency to a question most Americans have long ignored. That is, should the ordinary citizen begin thinking seriously about the possibility of a nuclear war? Should he begin building a family fallout shelter, as so many people are urging?

The unbelief mixed with horror that was produced by Hiroshima and Nagasaki have not yet worn off, despite our living with the atom for 16 years. The feeling that a nuclear war would mean the end of all life or, at least, the end of civilization, still colors our thinking, especially since the advent of even more destructive weapons.

Yet the idea appears to be growing on many sides that a nuclear war may be permissible. Destructive, deadly, terrifying beyond anything before, but still "just another war."

The thinking is this:

The little data we have upon which to predict indicates that neither side now possesses enough weapons to wipe out ALL cities and ALL life, We do not know if such a thing is even possible. Many who should know scoff at the idea that radioactive fallout would complete the job which explosions and fires failed to do, as in the book "On the Beach."

Those who adopt this point of view argue that we do not know what cities would be hit, nor how badly they would be hurt. We do not know what areas fallout would be carried to by the winds, but its lethality and long-lasting effects have probably been overstated. We cannot say with certainty that communications and the myriad complexities of civilization upon which we depend would be completely and irrevocably wiped out.

They say we do not know that the earth would be polluted, as some others maintain, thus assuring starvation for those who were not killed outright. The risk of damage to our and our grandchildren's genes is unproved and probably exaggerated. And freedom is surely worth this risk.

Thus prudence and common sense, they argue, demand that we do what we can, both on a personal and on a governmental level, to minimize as far as humanly possible the consequences of a nuclear war, rather than to throw up our hands in despair and so, in effect, guarantee that war, if it comes, will truly mean our end.

Let's face it, this line of thinking continues, a nuclear war would be madness, but all wars have been madness. We survived them before. We can survive this one. But why must we have war? What could be a greater deterrent to the Communists, thy ask, than to have our population sheltered, ready for any eventuality?

The above, briefly, is the argument in favor of fallout shelters. In "practical" terms, the contrary argument is weak. But the reasoning of those who oppose what they call the "shelter psychosis" is, they say, more practical in a larger sense.

For the question concerns more than what percentage of the population can survive a war ("Twenty million [dead] is better than 40 million," says one shelter proponent), or how quickly they can bounce back. Those who take this viewpoint assert that it also concerns what values and institutions—the heritage of 10,000 years of struggling history—will be obliterated and what values will survive.

The question, they say, goes far beyond mere survival or defense or deterrent against the Communists.

The monkey house is a popular spot in zoos—possibly because many viewers are curious to see whether man has really changed so very much after all.

Scotch water is being introduced as an ideal mixer for Scotch whisky. But a lot of connoisseurs figure the best mixer for Scotch is no mixer at all.

THE WAR DILEMMA

All over the country there are those who are demanding a strong foreign policy. But do they want to go to war? A strong foreign policy could mean war. There is no certainty about it either way, but it is fact that we had a weak policy concerning Cuba and we did not go to war; we are showing our claws with regard to Berlin and the Russians respond by renewing bomb testing.

Personally, as a citizen, I favor a strong, vigorous foreign policy. All my experience, now over a period of 44 years, convinces me that there is no way to stop the building of the Soviet Empire except by war or well supported and financed revolution. But it would appear that a large number of persons disagree with such views concerning a shooting war. They want peace. Some want peace at any price. Some would rather be Red than dead. There is no telling about tastes.

Therefore it is necessary to have a decision and a policy that is not casual and opportunistic. In Savannah, Georgia, 1500 persons signed a petition to President Kennedy, demanding a strong foreign policy. But the petition says nothing about favoring a shooting war. It says:

"We, the undersigned people of Savannah are aroused and gravely concerned over the turn of events in Berlin. Americans have repeatedly requested a strong foreign policy. The time is long overdue for the United States to take a firm stand and definite action against Communist aggression. We strongly urge whatever positive and aggressive action is necessary to reverse the present rapid turn toward national disaster."

But when that has been said, it does not encourage the President to go to war with Soviet Russia. After all, Khrushchev enjoys an enormous advantage over us. He can make quick decisions. His allies are contiguous and are not free to choose their own course. Propinquity strengthens his position in all directions. He is not overly concerned with public opinion in his own country or in the rest of the world. No American President can adopt an attitude as independent as that. Franklin D. Roosevelt maneuvered American public opinion skillfully, but it took him two years to get the United States into World War II. There is not two years or 18 months to spare in the next war. In fact, it is doubtful if that many minutes will be available. The President will have to act on a radar signal without asking anyone's consent.

Of course, we ought to have a strong foreign policy but when it comes to a shooting war, the indications are that it will take some convincing to establish that there is no other way. Some, like myself, believe that there is no other way, but I am convinced that we are in the minority. And it appears from the record that President Kennedy and Secretary of State Rusk believe that American public opinion is not yet ready for another war. Everybody is against Soviet Russia but few want to do anything about it.

One reason may be that we actually lost World War II. We did not lose it to the enemy, Nazi Germany, but we did lose it to our ally, Soviet Russia. First Stalin and then Khrushchev took every advantage of the war involvement, to seize countries and peoples until now Soviet Russia dominates more of the Earth's surface than Germany and Japan did during their most successful days in World War II. Many ask, what is the use of another war? It will probably all be to the advantage of Red China.

The issue is not a strong or a weak foreign policy. The issue is whether the American people are ready and willing to get into a nuclear war. If we are not ready and willing, we shall either stand to be 1) isolated or 2) conquered or 3) reduced to an ignoble status. But the decision must be decisive at this climactic stage. Neither dodging the issue nor bellyaching will save us. Nor can we delay either our decisions or our actions very much longer because the enemy is not delaying. His attitude toward bomb testing is a teaser to discover whether we mean business. If we let this threat pass, Khrushchev will go ahead, as Stalin did, on the assumption that we are good at speeches but not at action.

Article on Drafts Kicks Up a Big Storm

By HAROLD T. HYMAN, M.D.

Written for Newspaper Enterprise Assn.

Q—You contended recently there is no harm in drafts," writes one gentle critic. "You are wrong. I'm just now suffering from a disagreeable experience from a draft. At a Washington function, I was seated in a draft. I had on a low-neck dress and was without a scarf. Protocol seated me where I was and I couldn't move. In less than a week I had a chill and am just now recovering from pneumonia. And you say drafts are harmless?"

A—Were you alone at this function? Isn't it just possible that you were seated near someone who was harboring infective organisms in her upper respiratory passages? And couldn't your pneumonia have been the result of the transfer of those organisms to you when your neighbor coughed or sneezed in your general direction?

Q—"I resent your satirical comments about drafts. Let me remind you that plants, as well as people, suffer from drafts. A steady draft can kill a plant. But perhaps you don't number any hypochondriac plants among your acquaintances?"

A—It's true that I have no hypochondriac plants in our entrance hall where they must have had draft exposure every time the front door was opened or closed. And they thrived. And wasn't Gracie Fields' "biggest aspidistra in the land" situated right next to the old hat rack, just behind the entrance door?

"The frankness you display in your column is most refreshing," writes another. "Keeping the public in the dark seems to be the order of the day in most services and professions. So it is with distinct admiration that I salute columns such as yours on acetylsalicylic acid and the most expensive preparations in which aspirin is the important ingredient. Thanks to you I'm going to have cheaper headaches from now on."

Q—"Why are so many of you doctors determined there never must be a cure for cancer?" says Mr. X. "In a column, you said in language too plain to be misconstrued that you hoped that the Hoxey method and other cancer cures would prove ineffectual. Are you really the fiendish monster that your own words proclaim you to be? Do you really feel that the prestige and the prosperity of the medical profession are of greater importance than the physical well-being of humanity?"

A—If my correspondent understood me to express a hope that a cancer cure would not be found, I'm afraid he did misconstrue my language. The Hoxey treatment has been branded a hoax by the Federal Government. Not by me or the medical profession. I'm inclined to think that the label of "fiendish monster" is better applied to those who exploit the desperation of the afflicted and their well-wishers.

The Other World

Washington News

BY PETER EDSON
Washington Correspondent
Newspaper Enterprise Assn.

Washington — (NEA) — From the American point of view, the speeches, votes and resolutions of the two-dozen so-called neutral or "nonaligned" countries in the Belgrade, Yugoslavia, conference can be viewed as reflections on the amounts of aid each new nation has received from the United States and from Soviet Russia.

A TABULATION OF ALL U.S. FOREIGN AID given to 23 of these underdeveloped nations from 1946 through 1961 reveals a total of $8.2 billion. Of this, $7.3 billion has been economic aid. One-eighth of the total, or nearly $900 million, has been military aid given to seven of these countries.

Total U.S.S.R. aid given to 17 of these countries from 1955 through 1960, latest figures available, is estimated by the U.S. State Department at $3.6 billion.

There is no precise breakdown on kinds of aid. But for all their foreign aid programs, the average has been about one-fourth military, three-fourths economic.

The two countries that have received the most U.S. aid are India and Yugoslavia. India has received over $3 billion, compared with $946 million from U.S.S.R. Yugoslavia has received $2.28 billion U.S. aid, $111 million from U.S.S.R. Yugoslavia also got the most U.S. military aid—$694 million.

Other countries that have received more American aid than Russia are Cambodia, Ceylon, Ethiopia and Tunisia. Countries that have received no Russian aid at all are the Congo, Lebanon, Morocco, Saudi Arabi, Somali, and Sudan.

COUNTRIES THAT HAVE RECEIVED more Russian aid than American are Afghanistan, Cuba, Ghana, Iraq, Mali, Yemen and United Arab Republic. Next to India, UAR has received the most Russian aid, $788 million compared to $438 million from the United States.

Two countries have received about equal U.S. and U.S.S.R. aid—Burma at over $90 million, Nepal at over $40 million.

The rebel government of Algeria has received no open aid from either America or Russia. But Communist arms have reportedly been smuggled to the rebels. Some U.S. aid to France went to the colonial government of Algeria for its defense.

The United States has consistly maintained it is in no race with the Soviet Union to see which side can give away the most aid. But Russian aid has been given on a highly selective basis where it would do the Communist cause the most good and the free world most harm.

There has never been any American contention that foreign aid has been given with expectations of unquestioning support for U. S. foreign policies. But it does sit hard with American congressmen and taxpayers to have a leader like Nehru—whose country is receiving most substantial aid for his five-year plans from a consortium of free world nations—support Communist causes and oppose the interests of the Western powers over questions like the Berlin crisis.

ONE OF THE MOST SIGNIFICANT FACTS about the Belgrade conference of these countries is that there was no item on its agenda for debate of a question like, "The Problem of World Communism." It is swept under the table although four of the conference leaders — Presidents Tito of Yugoslavia, Sukarno of Indonesia, Nasser of NAR and Prime Minister Nehru —have had plenty of trouble from both the international and domestic varieties of communism.

The Belgrade conference did have on its agenda questions like, "The Struggle Against Imperialism and Colonialism." That gave the new leaders plenty of opportunity to beat the Western powers over the head, oratorically, and glorify their own roles.

This is why the Russians are again making a big pitch to bring up in the forthcoming General Assembly their resolution for granting immediate independence to all colonial peoples.

The Communists apparently hoped this will bring them support from the meeting at Belgrade.

Action Puts Senecas On Better Fiscal Base

WASHINGTON (AP)—The Seneca Indian Nation in Southwestern New York was on its way today to greater fiscal freedom after congressional passage of a bill that would lift a limitation on its use of lease money.

Under present law, the Seneca Nation Council is paid the first $5,000 received from Indian leases. The rest must be distributed to individual indians.

The legislation passed Wednesday by the House and sent to the White House would remove this limit. The council would be permited to use all or part of the lease money as it sees fit.

The council, in asking the change, said $5,000 was "woefully inadequate" to carry on the nation's business.

Hails Enviable Record

PLATTSBURGH — State Industrial Commissioner M. P. Catherwood today praised labor and management groups which are responsible for the construction of the Atlas missile complex in Northern New York. Commissioner Catherwood, who was here today to tour several of the missile sites with representatives of the major contracting firms and union officials, said that the parties concerned with the construction have achieved an "enviable record for trouble-free working conditions and on-the-job safety." The Commissioner met with the management and labor representatives and Army Corps of Engineers officials following his tour of the construction sites.

Woman 100 Today

CANAJOHARIE, N.Y. (AP) — Mrs. Annie Cook who was born in Flat Creek, Montgomery County, today marked her 100th birthday in a Canajoharie nursing home. She credited her long life to "healthier living back in the old days, when people ate more fresh vegetables."

Florida Men Are Seized by FBI; Had Stolen Gems

NEW YORK (AP)—Two Florida men have been arrested here by the FBI, which said it recovered $100,000 worth of stolen jewelry from them.

Harvey G. Foster, special agent in charge of the New York FBI office, said today the jewelry is believed to be the loot from several recent robberies and burglaries in the Miami area. One of the robberies was only two days ago.

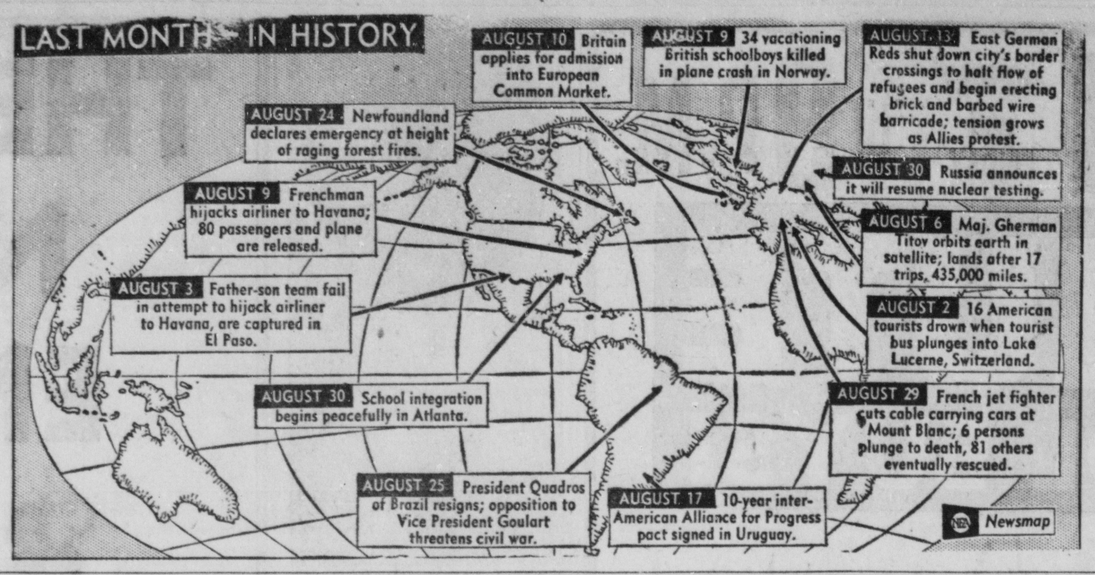

The arrests were made at Idlewild Airport Wednesday night.

The prisoners were identified as Jerome Bloch, 74, of Miami Beach, operator of a jewelry store here, and Louis Barrish, 60, of West Hollywood, Fla.

The FBI charged both men with transporting stolen property over state lines.

PHOENICIA NEWS

Expansion Plan Considered for Local Library

PHOENICIA — The board of trustees of the Phoenicia Library held a special meeting last Wednesday to study possibilities for expansion of present library facilities.

A substantial increase in membership, plus a rise of 68 per cent in circulation over that of last year, would seem to indicate enlargement of quarters to provide additional space for books and more adequate areas for reading and research.

Martin Rubin, president, reported purchase by the Mid-Hudson Libraries Association of more than 40,000 volumes to be distributed among its member libraries. Phoenicia's share of these, as well as its regular supply of new books, will create an acute problem for current facilities, he said.

Members agreed on the probable need for more space, but deferred consideration of any specific project until the regular September meeting of the board.

Weiner Shop Operator Returns From Greece

A Broadway weiner shop operator, who took a five-week vacation for a trip overseas is back after renewing fond memories of his native Greece.

George Andrews, who visited his brother, John, said he found things good in the land he left 48 years ago to seek opportunities in America.

He said the food is plentiful for the tourist trade, and the price is reasonable.

The Kingston traveler, whose trip was made by plane, spent time in about five other countries on his tour.

Saugerties Adds Two Councilmen On Fall Ballot

The make-up of Saugerties Town Board under the first class township designation effective January 1 will require balloting in the November election of two additional councilmen.

The Town Board under first class system will consist of a supervisor and four councilmen.

Several other changes will be necessary in elected and appointed town officers, and in the powers and duties of the new Town Board.

Justices of the peace will no longer be members of the board under the new system. However, they will be elected as usual.

In place of the town collector, the new elective post is named receiver of taxes and assessments. Holder of the new post will also collect school taxes in addition to town real estate assessments.

Assessors whose terms expire will not be on the ballot, but will be appointed at the organizational meeting of the Town Board on January 1.

Those town officers whose terms expire this year are Supervisor Peter M. Williams, Town Clerk Miss Marion Newkirk, Town Councilman Frank Greco, and Justice of the Peace Glenford Myers.

On the basis of the 1960 census, Saugerties was mandated to become a first class town on January 1, 1962, according to the State Department of Audit and Control, Albany. This is mandatory for all townships who record over 10,000 population.

In the April census Saugerties counted 13,485 inhabitants.

Two Billion Deposit Gains in Savings Banks

NEW YORK—Deposit gains of two billion dollars in the nation's mutual savings banks were reported today for the 12-month period ended June 30, 1961. The increase, twice that of a year ago, was noted from data contained in the 1961-62 edition of the Directory and Guide to the Mutual Savings Banking Industry, issued today by the National Association of Mutual Savings Banks.

During the same period, assets rose $2.2 billion, while average interest rate per bank increased from 3.49 to 3.63 per cent. Although the total number of banks declined from 516 to 515, reflecting a merger in Maryland, the number of branch offices increased from 449 to 506. There are 22.6 million accounts in mutual savings banks. The average size of accounts rose from $1,581 to $1,654.

Florida Men Are Seized by FBI; Had Stolen Gems

NEW YORK (AP)—Two Florida men have been arrested here by the FBI, which said it recovered $100,000 worth of stolen jewelry from them.

Harvey G. Foster, special agent in charge of the New York FBI office, said today the jewelry is believed to be the loot from several recent robberies and burglaries in the Miami area. One of the robberies was only two days ago.

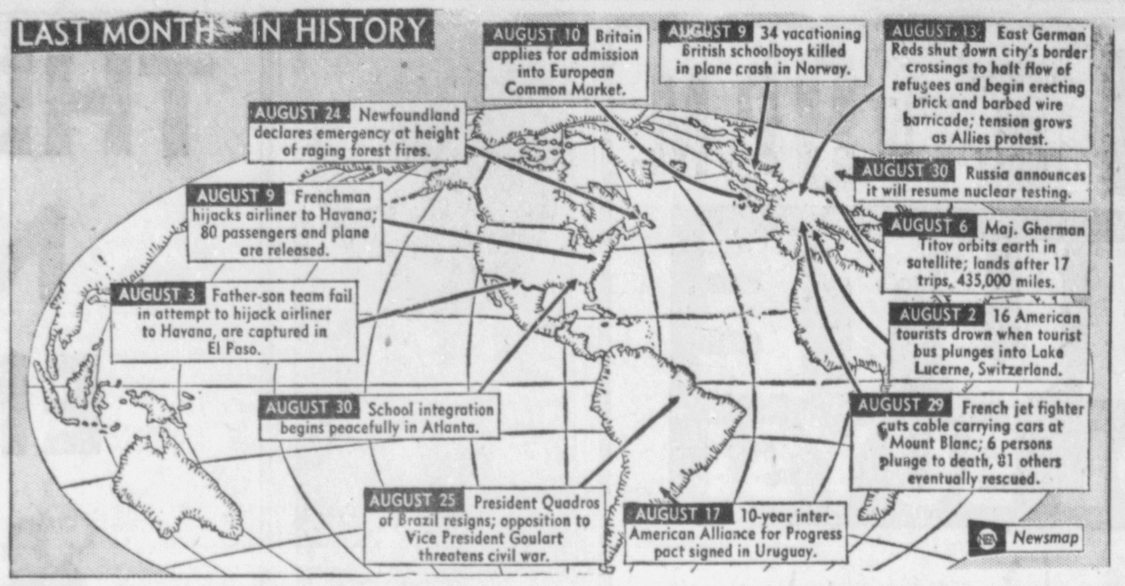

The arrests were made at Idlewild Airport Wednesday night.

The prisoners were identified as Jerome Bloch, 74, of Miami Beach, operator of a jewelry store here, and Louis Barrish, 60, of West Hollywood, Fla.

The FBI charged both men with transporting stolen property over state lines.

PHOENICIA NEWS

Expansion Plan Considered for Local Library

PHOENICIA — The board of trustees of the Phoenicia Library held a special meeting last Wednesday to study possibilities for expansion of present library facilities.

A substantial increase in membership, plus a rise of 68 per cent in circulation over that of last year, would seem to indicate enlargement of quarters to provide additional space for books and more adequate areas for reading and research.

Martin Rubin, president, reported purchase by the Mid-Hudson Libraries Association of more than 40,000 volumes to be distributed among its member libraries. Phoenicia's share of these, as well as its regular supply of new books, will create an acute problem for current facilities, he said.

Members agreed on the probable need for more space, but deferred consideration of any specific project until the regular September meeting of the board.

Weiner Shop Operator Returns From Greece

A Broadway weiner shop operator, who took a five-week vacation for a trip overseas is back after renewing fond memories of his native Greece.

George Andrews, who visited his brother, John, said he found things good in the land he left 48 years ago to seek opportunities in America.

He said the food is plentiful for the tourist trade, and the price is reasonable.

The Kingston traveler, whose trip was made by plane, spent time in about five other countries on his tour.

Saugerties Adds Two Councilmen On Fall Ballot

The make-up of Saugerties Town Board under the first class township designation effective January 1 will require balloting in the November election of two additional councilmen.

The Town Board under first class system will consist of a supervisor and four councilmen.

Several other changes will be necessary in elected and appointed town officers, and in the powers and duties of the new Town Board.

Justices of the peace will no longer be members of the board under the new system. However, they will be elected as usual.

In place of the town collector, the new elective post is named receiver of taxes and assessments. Holder of the new post will also collect school taxes in addition to town real estate assessments.

Assessors whose terms expire will not be on the ballot, but will be appointed at the organizational meeting of the Town Board on January 1.

Those town officers whose terms expire this year are Supervisor Peter M. Williams, Town Clerk Miss Marion Newkirk, Town Councilman Frank Greco, and Justice of the Peace Glenford Myers.

On the basis of the 1960 census, Saugerties was mandated to become a first class town on January 1, 1962, according to the State Department of Audit and Control, Albany. This is mandatory for all townships who record over 10,000 population.

In the April census Saugerties counted 13,485 inhabitants.

Two Billion Deposit Gains in Savings Banks

NEW YORK—Deposit gains of two billion dollars in the nation's mutual savings banks were reported today for the 12-month period ended June 30, 1961. The increase, twice that of a year ago, was noted from data contained in the 1961-62 edition of the Directory and Guide to the Mutual Savings Banking Industry, issued today by the National Association of Mutual Savings Banks.

During the same period, assets rose $2.2 billion, while average interest rate per bank increased from 3.49 to 3.63 per cent. Although the total number of banks declined from 516 to 515, reflecting a merger in Maryland, the number of branch offices increased from 449 to 506. There are 22.6 million accounts in mutual savings banks. The average size of accounts rose from $1,581 to $1,654.

Shokan

SHOKAN — Mr. and Mrs. Harry E. Deanor and daughter, Mary Margaret of Fort Lauderdale, Fla., are house guests of Mr. and Mrs. Conrad Heiselman at their Wagon Road Hollow summer home. Mr. Deanor is a retired vice president in charge of foreign sales of Mack Truck Company.

George Kelder, former resident of the village center here who for several years has made his home in Kingston, was a Shokan caller recently. Kelder as a young man was one of the first taxicab operators in Kingston.

Other one time local residents in town included Henry Wells, Woodstock, who was accompanied by his son Clifford of California.

Mr. and Mrs. Ben Woloson, Cairo, Greene County, antiques collectors, were in town Friday.

Mr. and Mrs. Ralph Wesselmann of Albany have moved to Shokan and are occupying a house at Ridge Road and Route 28. Mr. Wesselmann will teach at Onteora School.

Wilbur Johnson, Arkville, and his cousin, Lewis Johnson, of Halcottville were Tuesday callers in the hub of the reservoir country.

Others here Tuesday included Archbishop Francis of the Church of Christ on the Mountain, Woodstock, and Mrs. W. H. Francis. They were accompanied by Dr. Joseph Coleman and wife, New York City. Dr. Coleman is house physician at Metropolitan Opera.

Lana DuBois, Route 28, Ashokan, has taken a teaching position at Rochester.

Mr. and Mrs. William Stanley, Flushing, L. I., were weekend guests of Mr. and Mrs. Howard Richard.

Mr. and Mrs. Davis Harrington of New York City and Stone Ridge, called on local friends Sunday. Mrs. Harrington is the granddaughter of Dr. Burton B. Bloom who was the resident physician in the old village of Shokan for many years and who with his family moved to Wallkill in late waterworks days.

Glancing Over TV Bill of Fare

By CYNTHIA LOWRY
AP TV-Radio Writer

HOLLYWOOD (AP) — "One of the hardest jobs in television," said Dick Powell, "is being the host on a show. What do you say for 45 seconds at the beginning of the show when you really haven't anything to say except please watch?"

Broadcasting — including radio —certainly did not invent the "host" or "master of ceremonies," but because of its requirements it certainly has brought it to the full, if not finest, flowering.

There are today even categories of hosts.

One, of course, is the excessively jolly, hyper-thyroid m.c. of the day-time audience participation show with his carefully prepared little ad libs. His principal requirements are an easy, ceaseless flow of patter, an ingratiating manner, a firm hand in steering the contestants through their paces and — very important — a sincere way with commercials.

The other major category is the "introducing host," whose primary function is to provide the one thread that ties a varied assortment of shows into a bundle.

Eminent practitioners of this specialty are Alfred Hitchcock, whose gagged-up backgrounds and mischievous manner lifted hostmanship into a comedy art form; Boris Karloff, whose on-camera personality is that of a tongue-in-cheek bogeyman; Powell, who prefaced his "Zane Grey Theatre" shows with thumbnail lectures on aspects of life in the Old West, and a newcomer, Richard Boone, who has been inviting the viewers to watch this summer's re-runs of "Playhouse 90" shows.

Producers of "Thriller," over which Karloff will preside again this year, turned the veteran British actor into a transatlantic commuter last season. He flew from his London home to Hollywood every eight weeks.

Karloff was busy the other day making a fall batch of introductions (13, to be exact) and was busily leering at the camera while inviting the public "to a feast of fear and trembling."

Being extra alert behind the wheel of a car is one way to help the cause of increased safety, according to the AAA. Another is to set a good example for the "young folk" by heeding all pedestrian safety rules. Still another is to make sure children have truly learned the meaning of safety.

Counsel to Hanley, James Kelly, 83, Dies

BATAVIA, N. Y. (AP) — James L. Kelly, four times Genesee County district attorney and counsel to the late Lt. Gov. Joe R. Hanley, died Wednesday night at his home after a lengthy illness. He was 83.

Kelly served Hanley from 1943 to 1950 in the latter's term of office as lieutenant governor. Kelly was a native of Marilla, Erie County.

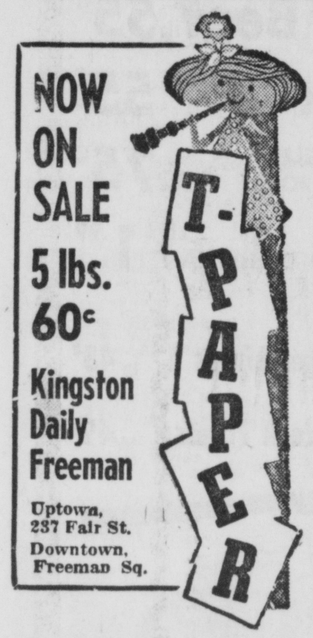

Hanley died Monday at a nursing home in Perry following a long illness. He was 85.

Troy Sam Wilson Is Saluted as First Uncle Sam

WASHINGTON (AP) — The House, without mentioning his place of birth or burial, has saluted Samuel Wilson of Troy, N. Y., as the progenitor of Uncle Sam.

A resolution passed Wednesday night made no attempt to quiet the growing controversy over where Wilson was born and where the original Uncle Sam died.

A House vote on the measure was delayed when Rep. Perkins Bass., R-N.H., entered a claim that Wilson, a meat packer during the War of 1812, was born in Mason, N.H.

Both Troy and Merriam, Ind., claim that Wilson's bones are interred in their cities.

The House Interior Committee, before the vote, deleted all reference in the resolution to where Wilson was born or buried.

It now goes to the Senate for agreement on House amendments.

Rep. Leo W. O'Brien, D-N.Y., a sponsor of the resolution, said it would not solve the controversy over Wilson's grave but would satisfy other claims that the Sam Wilson who lived in Troy was the original Uncle Sam.

On Driver Dies, Five Hurt in Learner's Car

NORWICH, N.Y. (AP) — Alex Pusztai, 26, of Norwich, was injured fatally Wednesday in a two-car collision. State Police said the driver of the other car was operating with a learner's permit.

Miss Iva Overman, 16, of Lebanon, the driver, and four other members of her family were injured in the crash on Route 12 approximately six miles north of this Chenango County community.

Arthur Overman, 11, a brother, was reported in serious condition at a hospital here. The others, including her father, the Rev. Marion C. Overman, 36, were treated at the hospital.

Religion Writer Dies

SYRACUSE, N.Y. (AP)—Ernest J. Bowden, former religion writer for The Syracuse Post Standard, died Wednesday in a hospital. He was 85.

Bowden retired two years ago after 30 years as religion writer for the newspaper.

He is survived by his wife, Mrs. Ramona Baxter Bowden, a Post-Standard reporter.

Squeeze Is Way to Slam

BY OSWALD JACOBY
Written for Newspaper Enterprise Assn.

Here is a hand from the recent Louisville tournament that should be of great interest to students of duplicate.

The bidding in the box is one way to reach the slam. Looking at all hands, you can see that South has 11 sure tricks at no-trump and can try for six by means of a three suit squeeze.

Those South players who knew how to set up the squeeze invariably made six. Their technique was to duck the first heart, win the heart return, cash one diamond to see about a possible five-nothing break, cash the other high heart and then run the rest of the diamond suit. They would discard the deuce of clubs on the fourth diamond. By this time all East players would have signaled strength in spades and West would have let the deuce of spades go.

Now all South would have to do would be to lead the fifth diamond. East would have to go down to two clubs in order to keep a spade stopper. South would throw the seven of spades and then cash the ace and king, whereupon West, in his turn, would have to unguard the clubs. Three club tricks would complete the slam.

Double dummy the defense could beat it. West would have to unguard the queen of clubs in preference to letting a spade go and East would have to unguard the spades and hang on to three clubs to the jack. The play is tough even when you see all the cards, and almost impossible in actual competition.

LeFevres Hold Reunion At York, Pennsylvania

During August, the Town and Village Historian, Kenneth Hasbrouck went to York and Lancaster, Pa., to give a talk to the descendants of Isaac LeFevre, who left New Paltz in 1712.

In company with his mother-in-law, Madam Ferre and her family, Isaac LeFevre settled on a tract of 2,000 acres in the rich farm land of Lancaster.

It was evident from the fact that over 250 LeFevres attended the meeting, held near York, that New Paltz certainly had a large part in helping to settle Pennsylvania. Many members of the group are now Menonites and reside on large and well cultivated productive farms.

The original homestead of the LeFevres is still owned by members of the family.

Pageant Entries Announced; State Queen Will Attend

Six additional girls have consented to enter the Miss Saugerties pageant it was announced by Richard Buono, publicity chairman of the affair that is sponsored annually by the Saugerties Area Chamber of Commerce.

Those accepting were Irma Francello, daughter of Fred Francello, of Glasco; Janice Bennett, daughter of Mr. and Mrs. Robert Bennett of Dock Street; Virginia Poythress, daughter of Mr. and Mrs. George Poythress of Whittier; Joan Faulkner, daughter of Mr. and Mrs. Albert Faulkner of Partition Street; Dolores Benson, daughter of Mr. and Mrs. Alfred Benson of Veteran; Alice Brooks, daughter of Mr. and Mrs. Harold Brooks of Mynderse Street.

Previous entries were Penny Pettinger, daughter of Mr. and Mrs. Walter B. Pettinger of Robinson Street; Patricia Sloboda, daughter of Mr. and Mrs. Frank Sloboda of Robinson Street; Susan Atkins, daughter of Mr. and Mrs. Ted Atkins of Glasco Turnpike, and Virginia Roeser, daughter of Mr. and Mrs. Frank Roeser of West Camp.

A dress rehearsal was held on Tuesday evening at the high school, at which time an extension until Monday, Sept. 11 was given for nominations to be sent to Frank Moran, entries committee chairman.

The pageant will be held Friday and Saturday evenings, Sept. 15 and 16, at the Saugerties High School auditorium. Tickets are now on sale from any of the girls or members of the Chamber of Commerce.

KATHRYN MODEN

Beautiful and talented Kathryn Taylor Moden, Miss New York State of 1962, will be present at the pageant, Sept. 16, it was announced by Albert V. Conte, pageant director.

The 20-year-old Buffalo beauty, who is representing New York State in the Miss America Pegeant this weekend at Atlantic City, was the recipient of a $1,000 scholarship awarded by the New York State Pepsi Cola Bottlers' Association, when she won the state title at Kingston, in July.

Tickets for the pageant may be obtained at the door Sept. 15 or 16 or in advance from any store where Miss Saugerties posters are displayed.

Village to Buy New Truck Engine

Sealed bids were opened at the Saugerties Village Board of Trustees meeting on Tuesday night for a 630 model engine for the GMC village truck, with the contract being awarded to Nack Brothers Garage, Hudson, as the low bidder with a price of $1210. The only other bid offered was from Knaust Motors, Saugerties, for $1270.

A letter received from the Saugerties Exempt Firemen's Association was read indicating its willingness to cooperate in protecting the new fire district recently established in the Upper Esopus Creek Road section of the township. The formal contract between the village and town was signed Aug. 26, whereby for the sum of $250 per year the area would receive fire protection from the village fire companies in this small community which lies just outside of village limits on Main Street Extension. Washington Hook and Ladder Company had previously consented to cooperate.

Police Commissioner George Terpening requested that an eligibility list be prepared for the appointment of a sergeant for the village police force and Mayor George P. Holmes directed the village clerk to attend to the matter.

28 New Teachers To Begin Classes At Schools Today

There are 28 new members on the staff of the Saugerties Central Schools this year. Nine of these are in the high school. They met with the Superintendent and High School Principal throughout Labor Day; the nineteen new elementary teachers met with the Director of Elementary Education and the elementary principals at the Mt. Marion School.

All new members of the teaching staff will be guests of the Parent-Teachers Association at a banquet to be held at the Flamingo on September 27.

A workshop for all faculty members, both high school and grades, will be held locally Sept. 25. The morning session will be held at the high school where Associate Commissioner of Education for the State of New York, Dr. Walter Crewson, will speak on "New Developments in education." The meeting will be followed by a session of the Saugerties Teachers Association. After lunch at midday, the grade teachers will go to the Mt. Marion building where they will hear an address by Dr. Esther Morgan, a member of the faculty of the State University College of Education at New Paltz, who is serving as a part-time psychologist for the local school system. At the high school, faculty members will hold department meetings in each subject area, some of them with consultants present from the State Education Department.

Events Scheduled

The Saugerties Drum Corps has been engaged to play for the Briarcliff Manor Fire Department in Westchester County at the firemen's parade in Mt. Vernon Saturday. Members will meet at the C. A. Lynch Firehouse, Hill Street, at 7:45 a. m., as the bus will leave promptly at 8 o'clock.

The Saugerties Evening Unit of the Home Extension Service will meet Tuesday, Sept. 12, at the Trinity Chapel, Barclay Heights. A covered dish supper will be served at 6:30 p. m., followed by the business meeting. Mrs. Robert Cart will demonstrate and discuss the making of corsages. New members are always welcome.

Area Notes

Miss Frances Maxwell and Jan Metzelaar of the Saugerties Methodist Church will attend the church school superintendents' and commission on education chairmen's retreat at Camp Epworth Friday. This will begin with dinner that day, and close after lunch on Saturday.

At the same time at Epworth, the Kingston District Senior High MYF will have a retreat. Attending from the Saugerties Methodist Church will be Linda Van Tassel and Nancy Celli.

Teachers Honored

The Saugerties Teachers Association's social committee feted all new members of the faculty of the Saugerties Central School District during the last three days of teachers' conferences, by serving coffee during intermissions, both at the high school on Labor Day and Tuesday and at the Mt. Marion School on Wednesday.

The annual tea for all new teachers will be given by the association Sept. 17, from 3 to 6 p. m., at the Saugerties High School.

Saugerties Town Board meeting originally scheduled for this evening has been rescheduled to Friday 8 p. m. due to the conflict of Primary Day.

Expectant Mother Captures Burglar With Empty Gun

ST. PETERSBURG, Fla. (AP) — A pregnant young housewife surprised a Negro burglar in her home, chased him out onto a busy street and held him at bay with an empty pistol until police arrived.

Sandra Cutts, 19, said she arrived home with her one-year-old daughter Wednesday after having lunch with a sister. She found the burglar, identified as Arthur J. Newton Jr., 15, in her kitchen.

She put her baby down, grabbed the pistol and chased Newton out of the back door, down an alley and out onto the street.

"I got so mad I didn't have time to get scared," she said. "It's a good thing he stopped, or else I don't know what I would have done. I didn't even have any bullets for the gun."

Police said they found two watches, a ring and several other items belonging to the Cutts stuffed in Newton's shirt. He was held by juvenile authorities.

Reversed Decision

U. S. Army General Billy Mitchell was found guilty of charges of insubordination and sentensed to be suspended from the service for five years. Later, Congress passed a resolution condemning the action of the court-martial and removing its sentence from Mitchell's record.

Grandma Moses, 101, Today Eager to Resume Painting

By JOY MILLER

HOOSICK FALLS, N.Y. (AP) — America's favorite painting grandmother turned 101 today.

Anna Mary Robertson Moses decreed a quiet family affair, with a bit of cake, for her 2 sons, 11 grandchildren and 31 great grandchildren.

Grandma Moses dismisses her birthdays as of no importance — "I've had 100 of them, that's enough" — but she managed to open and admire her presents well ahead of the actual day. Flowers, a diamond and ruby brooch, a transistor radio, a purple satin birthday dress, candy mints and still more flowers were among the gifts on display in her room in a nursing home here.

Eager to Paint Again

She's feeling fine, she says, recovered from an illness in May and eager to get back to her paints and turpentine at home in nearby Eagle Bridge. But Dr. Clayton Shaw, whom she has known all his life, puts his foot down on her departure.

She hid the stethoscope he left behind one day, and then offered to exchange it for a discharge slip. It didn't work.

"He must be 20 years younger than me," she says with kindly condescension.

These days Grandma Moses can't walk without help. But since she is only too likely to jump up and try to fetch something for herself, she is fastened to chair and bed with a white cloth harness looped around her shoulders and waist. She tolerates what she considers the indignity with good humor, but insists it come off when her picture is taken.

Hospital Not for Her

Although cheerful, witty Grandma is nurses' pet at the new one-story brick Hoosick Falls Health Center, she doesn't take to hospital life.

She feels slothful staying in bed after 7 a.m. Afternoon naps are a waste of time and, when she does doze off, she twits nurses for letting her sleep too long.

One problem she is pondering is what to do with 21 oil paintings sent her by admirers, now in her attic in Eagle Bridge. All are portraits of Grandma, painted from photographs.

"I look everything from American Indian to Irish, but they're all nice," she said loyally.

Welcomes Relatives Pinned by Car Trim

MIAMI, Fla. (AP) — Margaret Havens, 31, ran from her house to the auto at the curb Wednesday, after its occupants sounded the horn and she recognized them as relatives.

Jumping into the vehicle, Mrs. Havens' forearm was pinned by a sharp trim piece.

Police, unable to free her, broke off the trim and took Mrs. Havens to the hospital where the strip was removed.

Oswego Test City In Adjustment To New Industry

ALBANY, N.Y. (AP)—The State Labor Department will study Oswego to determine how New York communities adjust to changing industrial and economic conditions.

One of the goals of the survey is to determine how workers in a community can be equipped for jobs in new industries. Oswego recently acquired an aluminum rolling mill, which now is being built.

Subsidiary surveys are being conducted in Utica and in Mineville, an Adirondack community in which unemployment has been high.

Gov. Rockefeller said today the studies were designed to show how communities of the state could utilize available manpower.

The Utica survey is on what skills are available among the working force. A report is due later this month.

The Oswego project will be launched Monday at a luncheon of community leaders.

Dr. Roy Gerard, director of the economic research bureau, LeMoyne College, Syracuse, will direct the survey, which is expected to be completed by mid-1962.

The study will cover community facilities available to retrain unemployed workers for jobs.

In another announcement today on the employment front, Rockefeller said a state program would be launched in six cities to encourage teen-agers to complete high school.

The governor said the Education and Labor Departments and the State Youth Division would participate.

Rockefeller said teen-agers who dropped out of school had a more difficult time obtaining employment than did those who were graduated.

Father, Daughter Banquet Planned At Comforter Hall

The Men's Club of the Church of the Comforter, Wynkoop Place, will hold a father and daughter banquet in the Comforter Hall, Wednesday, Sept. 20, beginning at 6:30 p. m.

Francis Phillips, Club President, announced that the guest speaker for the banquet will be Miss Edna Merritt, who is presently teaching in the Myron J. Michael School, this city. Miss Merritt formerly served as a missionary in South China from 1924 to 1946.

While in China she was in charge of a Chinese girls' boarding school. From 1950 to 1955 Miss Merritt aided in establishing schools for the children of missionaries and army personnel on the island of Formosa. Miss Merritt's topic for the evening will be "China," where she spent more than 20 years in Christian missionary service.

Tickets for the banquet may be obtained by contacting any member of the Comforter Men's Club.

ELECTED — Cheddi Jagan, 43-year-old East Indian dentist, is the newly-elected premier of British Guiana. Jagan says he intends to follow a policy of neutrality.

Mid-Hudson Library System Adds to Staff

Martha A. Dykes of Levittown, L. I., has been appointed as consultant in children's services for Mid-Hudson Libraries, Harold O. Harlan, director of the five-county library system, announced today.

Since 1953 Miss Dykes has been head of the children's department of the Levittown Public Library. Prior to her appointment in Levittown, she was from 1949 to 1953 a children's librarian for the Enoch Pratt Free Library in Baltimore.

In her new duties, which she assumed this week, Miss Dykes will advise the library system's 43 member libraries in the field of children's services and will be responsible for the selection of books for the system's central collection which will be used by the member libraries, Harlan said. Mid-Hudson Libraries serves the people of Columbia, Dutchess, Greene, Putnam, and Ulster Counties.

Operator's Licenses To Expire Sept. 30

Motor Vehicle Commissioner William S. Hults again advised state drivers of the approaching deadline for operator's licenses.

Some licenses expire September 30 and Hults urged those drivers in this category to procure renewals without delay.

County clerks have the renewals for those who have not yet received their application forms through the mail.

Do You Remember by Sophie Miller

There are very few motorcycles around now, except the ones used by the police department. Remember back in the 1920's when Charles Cressler and his son, Dick, ran the motorcycle place at 468 Broadway. They all used to pull in there, that is right across the street from the Municipal Auditorium. It was a dangerous sport, many got hurt and some were killed.

In those days they used to have hill climbing exhibitions. Professionals came and gave these exhibitions with stripped down motorcycles, and the fellows who owned motorcycles from around here would often go in large groups. Sometimes they would go as far as Jersey, because they had to have a good steep hill.

Once the Kingston group took a picture around Pine Grove Avenue, and I remember Carl Spiegel of Janet Street showed me once. Motorcycles more or less disappeared from Kingston streets, although I understand it is quite a fad in the state of California where they have a lot of clubs and riders. Now it is a novelty to see a motorcycle zoom up the Broadway hill.

I wonder how many remember when the Kingston-New Paltz Bus and the Port Ewen Bus used to stop at 22 East Strand. The Rondout National Bank, then at 39 Ferry Street, had an arcade that went to 22 East Strand. Many of our downtown girls and boys used to take the New Paltz bus to New Paltz Normal School to become teachers. I remember it used to go right past our door.

In those days we had three banks downtown. The First National Bank of Rondout, Broadway at East Strand. The Rondout Savings Bank at 20 Ferry Street now at Mill Street and Broadway, in its own building.

Back in 1925 North Front Street was a very busy place. Where Montgomery Ward is today was Rose-Gorman-Rose department store at 19-27 North Front Street. Ostrander and Woolsey men's clothiers were at 29 North Front Street. S. B. Thing Co. Inc. had their shoe store at No. 31. C. Baker and Son. had their housewares and variety store at 35. Jacob and Jennie Joslovitz had a ladies wear store at 33. London's Youth Center is there now. A well known drugstore of years back, was DuBois's at 49 North Front Street. H. Bell had a harness shop at 51.

Many remember Mullen's Tobacco Co. known by local smokers as "Higginsville Hay." It was a friendly street where merchants sat outside, especially on summer evenings. There was Isidor Shattan's clothing store at 42 North Front Street. Israel Shapiro's paint store, it was then at 44 now at 63 North Front Street and run by the second generation. Kantrowitz Clothier were at 46 and the Great A&P Tea Co. was at 50. Then came Morris Hymes clothier at 52. Bennett and Sons had a grocery at 60-62. Most of these merchants owned their own buildings.

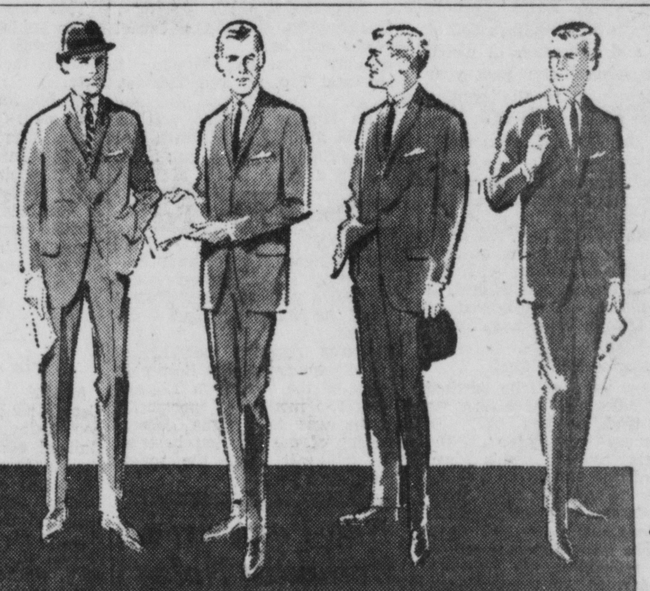

Morris Kaplan had a furniture store at 66-68 and Harry Schwartz a tailor shop at 70, and Morris Kenik a grocery at 74. North Front Street and Wall Street in those days was the main business section of Kingston and folks came from all the small towns by bus and car to shop there back in the 1920's.

In those days there was Keeney Theatre at 325 Wall Street for moving pictures and Kingston Opera House at 285 Fair Street in the Opera House building, that had live shows. Those were the days folks from Rhinecliff, Rhinebeck and many other places on the other side of the Hudson used to shop uptown, coming over the Big Ferry and coming uptown by trolley. First bus ran Sunday, Jan. 17, 1926.

Mid-Hudson Library System Adds to Staff

Martha A. Dykes of Levittown, L. I., has been appointed as consultant in children's services for Mid-Hudson Libraries, Harold O. Harlan, director of the five-county library system, announced today.

Since 1953 Miss Dykes has been head of the children's department of the Levittown Public Library. Prior to her appointment in Levittown, she was from 1949 to 1953 a children's librarian for the Enoch Pratt Free Library in Baltimore.

In her new duties, which she assumed this week, Miss Dykes will advise the library system's 43 member libraries in the field of children's services and will be responsible for the selection of books for the system's central collection which will be used by the member libraries, Harlan said. Mid-Hudson Libraries serves the people of Columbia, Dutchess, Greene, Putnam, and Ulster Counties.

Operator's Licenses To Expire Sept. 30

Motor Vehicle Commissioner William S. Hults again advised state drivers of the approaching deadline for operator's licenses.

Some licenses expire September 30 and Hults urged those drivers in this category to procure renewals without delay.

County clerks have the renewals for those who have not yet received their application forms through the mail.

Do You Remember by Sophie Miller

There are very few motorcycles around now, except the ones used by the police department. Remember back in the 1920's when Charles Cressler and his son, Dick, ran the motorcycle place at 468 Broadway. They all used to pull in there, that is right across the street from the Municipal Auditorium. It was a dangerous sport, many got hurt and some were killed.

In those days they used to have hill climbing exhibitions. Professionals came and gave these exhibitions with stripped down motorcycles, and the fellows who owned motorcycles from around here would often go in large groups. Sometimes they would go as far as Jersey, because they had to have a good steep hill.

Once the Kingston group took a picture around Pine Grove Avenue, and I remember Carl Spiegel of Janet Street showed me once. Motorcycles more or less disappeared from Kingston streets, although I understand it is quite a fad in the state of California where they have a lot of clubs and riders. Now it is a novelty to see a motorcycle zoom up the Broadway hill.

I wonder how many remember when the Kingston-New Paltz Bus and the Port Ewen Bus used to stop at 22 East Strand. The Rondout National Bank, then at 39 Ferry Street, had an arcade that went to 22 East Strand. Many of our downtown girls and boys used to take the New Paltz bus to New Paltz Normal School to become teachers. I remember it used to go right past our door.

In those days we had three banks downtown. The First National Bank of Rondout, Broadway at East Strand. The Rondout Savings Bank at 20 Ferry Street now at Mill Street and Broadway, in its own building.

Back in 1925 North Front Street was a very busy place. Where Montgomery Ward is today was Rose-Gorman-Rose department store at 19-27 North Front Street. Ostrander and Woolsey men's clothiers were at 29 North Front Street. S. B. Thing Co. Inc. had their shoe store at No. 31. C. Baker and Son. had their houseware and variety store at 35. Jacob and Jennie Joslovitz had a ladies wear store at 33. London's Youth Center is there now. A well known drugstore of years back, was DuBois's at 49 North Front Street. H. Bell had a harness shop at 51.

Many remember Mullen's Tobacco Co. known by local smokers as "Higginsville Hay." It was a friendly street where merchants sat outside, especially on summer evenings. There was Isidor Shattan's clothing store at 42 North Front Street. Israel Shapiro's paint store, it was then at 44 now at 63 North Front Street and run by the second generation. Kantrowitz Clothier were at 46 and the Great A&P Tea Co. was at 50. Then came Morris Hymes clothier at 52. Bennett and Sons had a grocery at 60-62. Most of these merchants owned their own buildings.

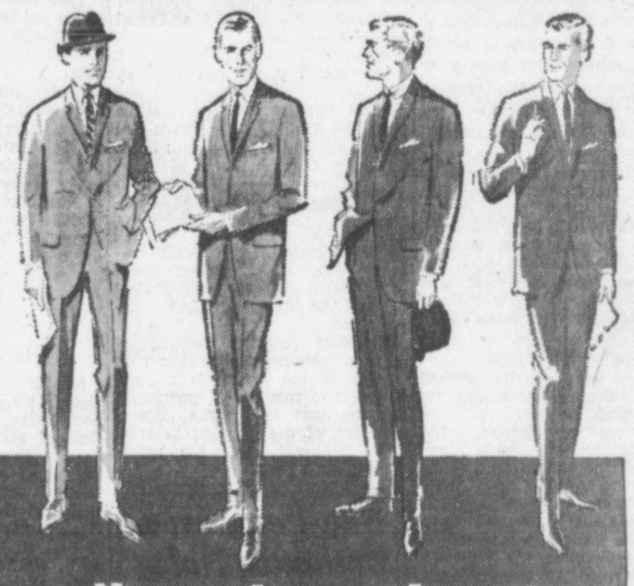

Morris Kaplan had a furniture store at 66-68 and Harry Schwartz a tailor shop at 70, and Morris Kenik a grocery at 74. North Front Street and Wall Street in those days was the main business section of Kingston and folks came from all the small towns by bus and car to shop there back in the 1920's.

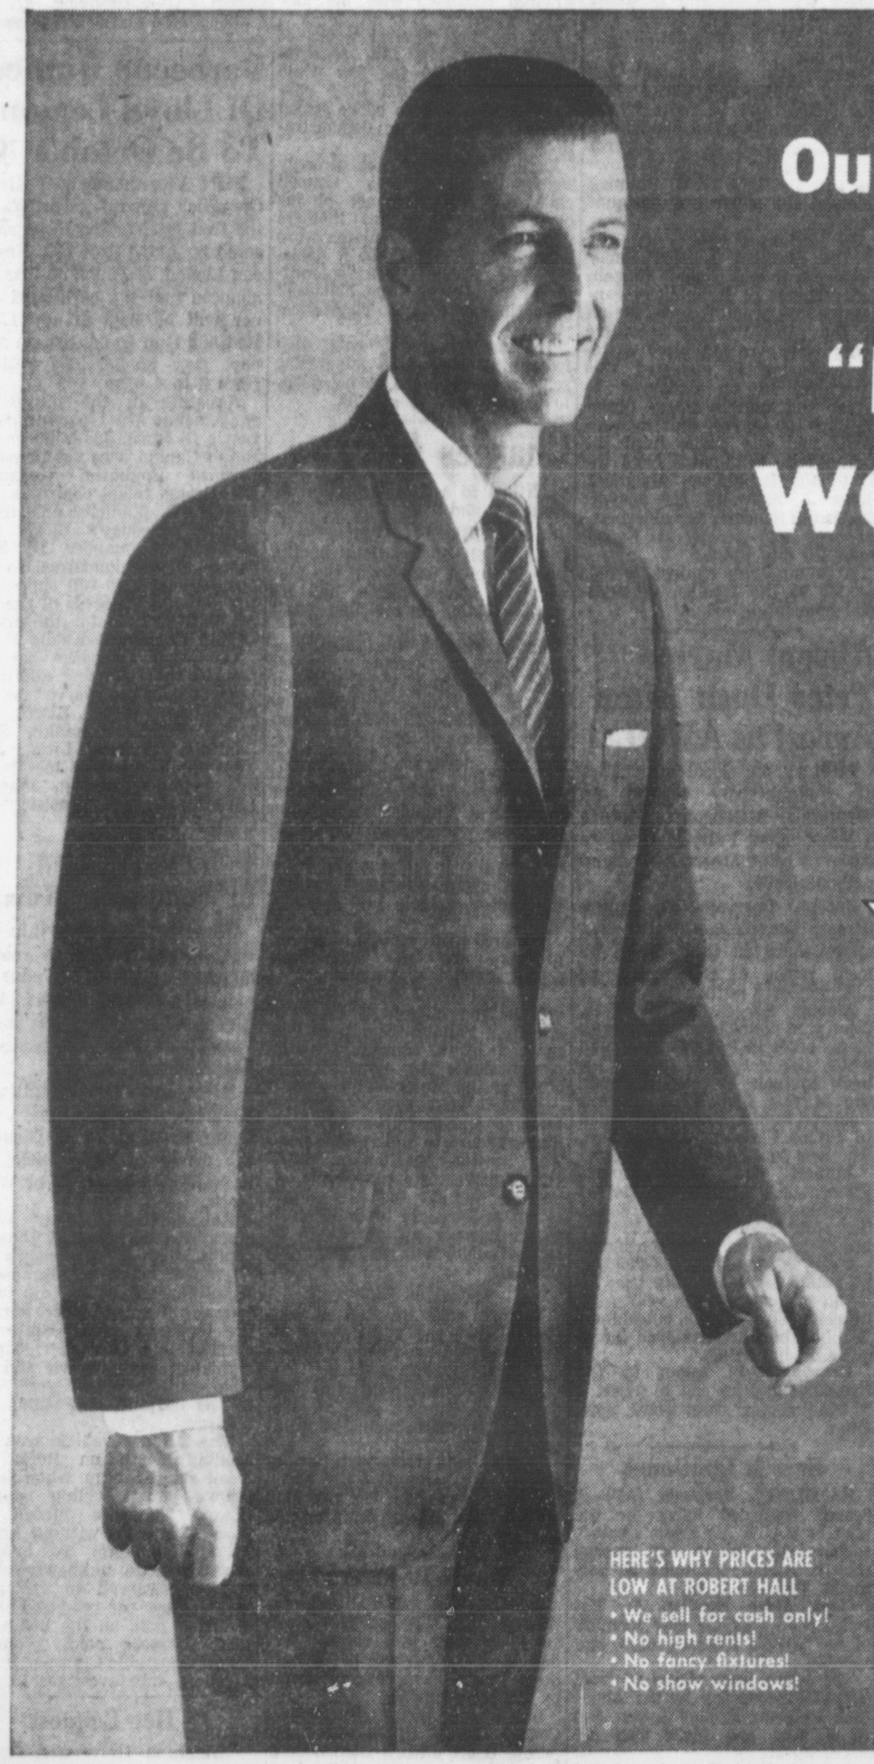

In those days there was Keeney Theatre at 325 Wall Street for moving pictures and Kingston Opera House at 285 Fair Street in the Opera House building, that had live shows. Those were the days folks from Rhinecliff, Rhinebeck and many other places on the other side of the Hudson used to shop uptown, coming over the Big Ferry and coming uptown by trolley. First bus ran Sunday, Jan. 17, 1926.

Haver Favors Davis as Man To Fight Olive Tax Battle

Robert Haver, former Democratic State Committeeman and Town of Olive Democratic leader, today unexpectedly announced he would ask the Democratic party to endorse Lester S. Davis of West Shokan, present Republican supervisor of the Town of Olive.

Haver said the Democratic party is not prepared to name a candidate.

"With the experience of Supervisor Davis, he is in the best position to defend the crisis which now confronts us with the drop in the Olive and Hurley equalization rates," Haver said. Continuing, he declared this was brought about by action of Attorney Martin Rubin of Shandaken and Republican leaders of that town who "set idly by pretending not to know about Rubin's action."

The controversy started last March, Olive residents allege, when Shandaken represented by Attorney Rubin went to Albany and asked a review of Olive assessments on belief Olive was not paying its fair share of school taxes.

In July Olive residents learned of this action went to Albany and requested review of Shandakan assessments.

As a result the State has recommended an equalization rate of 13 per cent for Olive, a drop of 2 per cent and 29 per cent for Shandaken, a drop of 3 per cent.

The review carried over into Hurley where at West Hurley the state set a new rate of 25 per cent. The old rate was 30 per cent. Town of Woodstock rate remains at 13 per cent.

"I have known Supervisor Davis in my years of politics, and although I have opposed him, I know he will stand firmly by the people of Olive. He has faced some hardships in his own organization. I stated in The Freeman several weeks ago I would have a Democratic candidate to elect on the Town Board. I have that candidate and he is a man, who, when he is elected, will give Supervisor Davis full assistance in an effort to reduce the sky-high taxes that some politicians of Shandaken apparently want Olive and Hurley to pay."

Haver recently asked Governor Rockefeller to institute an investigation of the "entire Ulster County tax structure" following a decision of the State Equalization Board to drop the equalization rates in both Olive and Hurley.

Jewish High Holy Days Will Begin Sept. 10th at Sundown

The holiest period for Jews throughout the world this year begins at sundown, Sept. 10, with the observance of Rosh Hashanah, the New Year. The holy day issues in a ten-day period of prayers and reflection in which Jews reevaluate the past year and look ahead to the coming year. The period ends with Yom Kippur, the Day of Atonement, Wednesday, Sept. 20.

Rosh Hashanah is observed by Orthodox and Conservative Jews for two days, and by most Reform Jews for one day. All three branches of Judaism observe Yom Kippur beginning with the traditional prayer, Kol Nidrei, at sundown Sept. 19, followed by all-day fasting and worship in the synagogue.

Begins Year 5722

The new year will be marked on the calendar, according to Jewish tradition, as 5722. In synagogues throughout the world, the Shofar, ram's horn, will sound the call to conscience for Jews to reflect upon their past deeds and to prepare themselves religiously for the days ahead. The worshipper is called upon to reevaluate his own life and reinterpret God's commandments in more positive ways during the coming year.

In some homes during the Rosh Hashanah at meal time, children dip pieces of bread or apple into honey as a symbol of hope for a sweet year.

Yom Kippur is a time devoted to penitence and soul-searching of the individual conduct. The ten-day period of worship in the synagogue ends with a final blast from the ram's horn.

Services Scheduled

High Holy Day services for Rosh Hashanah will be held at Temple Emanuel as follows:

Sunday, 7:45 p. m. Rosh Hashanah eve service; Monday 10 a. m. morning service; Children's service 2 p. m.

Congregation Ahavath Israel services will be:

Sunday 7 p. m.; Monday 8 a. m. and 7 p. m. and Tuesday 8 a. m.

Yom Kippur services will be Sept. 19 at 6:40 p. m. with Kol Nidrei promptly at 7 a. m.; Sept. 20, at 9 a. m.

Richards Signs Pact

HOUSTON, Tex. (AP) — Paul Richards signed a three year contract today at a reported salary of $60,000 a year as general manager of the National League Houston Colts.

Richards resigned last Friday as field manager of the Baltimore Orioles of the American League, ending two months of speculation that he was to become general manager of the Houston baseball club that will enter the major leagues next year.

New Paltz Area Methodist Notes

Choir Rehearsals

The senior choir of New Paltz Methodist Church resumes resumes rehearsals tonight at 7:30 p. m., in the choir practice room of the church. Ralph Dennis, director, announces that there are openings in each of the sections for those who like to sing, who have a reasonable facility with music, and who would like to be of service to the church through its ministry of music. New members will be welcomed at this rehearsal.

President Urges Steel Makers to Keep Prices Level

WASHINGTON (AP)—President Kennedy told steel producers today U.S. economic strength to face international emergencies depends on holding prices down despite wage increases.

Kennedy wrote the top executives of 12 steel companies urging them to keep prices level after the wages of their employes rise Oct. 1.

Would Touch Off Spiral

Present union contracts call for the wage increase.

The President said a steel price boost in the coming months "could shatter the price stability which the country has now enjoyed for sometime."

He quoted Secretary of Defense Robert S. McNamara as estimating that a steel price increase of $4 to $5 a ton could touch off a spiral which would lift costs of military procurement by $500 million a year or more.

Since a hike in steel prices would force up prices in many other industries, Kennedy said, the consequences might be so grave as to require the government to adopt restrictive monetary and fiscal measures. These, in turn, would "retard recovery, hold unemployment at intolerable levels, and hamper growth," he said.

Some industry leaders have talked of a price increase as necessary because of the added expense of the wage rise. But Kennedy said at his last news conference that his economic advisers had informed him the companies could pay higher wages without having to raise prices.

Assumes Output Gain

This view assumes a pickup in steel production. Thus far this year steel companies have not earned their currrent dividened rate.

In his letter today, the President said: "I have written you at length because I believe that price stability in steel is essential if we are to maintain the economic vitality necessary to face confidently the trials and crises of our perilous world. Our economy has flourished in freedom; let us now demonstrate again that the responsible exercise of economic freedom serves the national welfare."

Carla's Punch Gains

MIAMI, Fla. (AP)—Hurricane Carla's punch rose to 100 miles an hour today as she moved into the Gulf of Mexico and the Weather Bureau forecast rising tides along the south Florida coast.

Small craft operators in the southeastern Gulf area were advised to move to safe harbors and vessels in the northeastern Gulf were warned to keep in close touch with the hurricane advisories.

Carla was centered about 90 miles west of Cape San Antonio, Cuba, and 340 miles southest of Key West, Fla., at noon.

Rapids Meet Tonight

Rapid Hose Company No. 1 will hold a regular meeting tonight at 8 o'clock in the firehouse on Hone Street. A report on the sixth annual bazaar will be made at the session. All members are urged to attend.

Enters Innocent Plea In Narcotics Case

NEW YORK (AP) — Charles Gagliodotto has pleaded innocent to charges naming him a defendant in multimillion-dollar narcotics case.

Gagliodotto, held in $50,000 bail, was arrested Sunday in Monroe. He was arraigned Tuesday before Federal Judge Sylvester J. Ryan.

Gagliodotto, 55, of Manhattan, John (Big John) Ormento and 27 others were charged with membership in a narcotics ring, which imported heroin between 1955 and 1960.

Trial date will be set later this month.

Write-in Due . . .

Division declined to consider the matter on the grounds of "no jurisdiction" and said no order had been entered at special term by Justice Bookstein, before whom the matter was heard at Hudson at 11 a. m., and no notice of appeal had been served.

Court Also Declines

Because of the lateness of the application, Justice Bookstein made no order following the move before him yesterday at Hudson special term and although counsel informed the Appellate Division of this fact and sought to have that Court review Justice Bookstein's decision, it declined to hear the matter.

Ballots were being distributed to the polling places in the City by the Kingston Police Department this morning.

Radel, Kaye, Klein Remain

In the Liberal party controversy involving designation of candidates for mayor, alderman-at-large and city judge the courts also declined to intervene. As a result the names of Mayor Radel, Alderman-at-Large Kaye and City Judge Klein will appear on the primary ballot of the Liberal Party throughout the city. A write-in campaign for the Republican designees is expected. In the Fifth, Sixth and 12th wards the Liberal Party ward designations are being contested and provision is made to carry out a write-in campaign for ward offices.

In the 11th ward where Supervisor Robert F. Phinney was the regular designee of the Liberal Party, there will be a contest for supervisor. An application to place an "unnamed" designation on the Liberal Party ticket was made, thus starting a contest in that ward for the Liberal Party designation for supervisor.

Democratic candidates for mayor, alderman-at-large and city judge, and in most wards the Democratic ward candidates were designated by the Liberal Party executive committee. However, in the 11th Ward Phinney received the supervisor designation.

By petition of over 5 per cent of the enrolled Liberal Party members, it was sought to gain endorsement of Republican candidates and overthrow the action of the Liberal Party executive committee. An extensive write-in campaign is expected this afternoon in an endeavor to wrest the Liberal Party designations for mayor, alderman-at-large and city judge from the Democratic candidates from the it to the Republican designees, John J. Schwenk for mayor; Benjamin Schecter for alderman-at-large and Joseph D. Saccoman for city judge..

A County-wide contest for delegates to the Democratic Judicial convention exists.

Absent Marine Tries Dash After Arrest as AWOL

Military and local authorities at Poughkeepsie teamed up Wednesday afternoon to capture a Wappingers Falls Marine, accused of being absent from camp without leave.

Joseph Cservak, 11 Fulton Street, Wappingers Falls, was apprehended in that village by local police at the request of Marine Corps authorities.

Marine Sergeant Charles A. Dean said police brought Cservak to his office in Poughkeepsie, and when the sergeant turned his back to make a telephone call, the Marine fled. The sergeant followed in hot pursuit and called to Police Sergeant Leo Maneri, who was passing in a patrol car.

Maneri and Sgt. Douglas Fleischauer, Army recruiter at Poughkeepsie, joined the chase. Sergeant Dean drew his .45 calibre pistol as the chase continued.

Cservak kicked off his shoes so he could run faster. He tried to climb a fence at the rear of a Mansion Street home, but Maneri grabbed him and snapped handcuffs on his wrists.

Cservak was taken to the Dutchess County jail to await a Marine escort from New York City.

Search Continues

HAMILTON, Bermuda (AP)—A search continued today for the pilot of a U.S. Air Force weather reconnaisance plane that crashed into the Atlantic 250 miles off Bermuda Tuesday night.

Capt. Jesse Kendler, 41, Roselle, N.J., was the only member of the WB66's five-man crew still missing.

The others were picked up from liferafts Wednesday by the American freighter Brinton Lykes, two at a time and more than 100 miles apart.

Lt. Col. William Bush and 2nd Lt. Donald R. Fritz, 22, of Wolcott, N.Y., were on one raft. Capt. Kenneth F. Gordon, 36, of Manson, Iowa, and M.Sgt. Ercell R. Iverson, 37, of Barron, Wis. were on another.

Silence Greets Arrival of Negro Girls in South

NEW ORLEANS (AP)—Three Negro girls turned out for school at McDonogh No. 19 today with only silence greeting their arrival.

The Negro children arrived in taxis, a departure from last year's procedure when federal accompanied them to school.

Police details ringed the three-story building, the scene of angry demonstrations by protesting white groups last year.

Whites Are Quiet

A few whites clustered on porches across the street from the stucco school building but said nothing as police maintained their vigil, with orders to suppress all demonstrations.

No white children were seen entering the schoool, which was boycotted last year with only the three Negro girls attending the first grade. The school normally has a 500-student capacity.

The girls were accompanied by their parents, who left a few minutes later in the taxis driven by Negroes.

At William Frantz—the other school desegregated last year—one Negro girl came to school with her mother. Newsmen counted eight white pupils entering the school.

Police Supt. Joseph I. Giarrusso warned again Wednesday night that his 1,100-man force had orders to immediately arrest any demonstrators.

The half dozen elementary schools ticketed for desegregation will be sealed off to the general public.

Only McDonogh and William Frantz, integrated last year were to receive Negro pupils immediately.

The other four elementary schools, scattered over the city, will desegregate first grade classes no later than Sept. 15, according to the Orleans Parish (County) School Board.

Start in Second Grade

At McDonogh No. 19 and Frantz the four Negro girls who became the first of their race here to attend public school classes with whites, begin studies in the second grade.

Angry white mothers, protesting what they called forced integration, pulled their children out of both schools last fall. At McDonogh No. 19, where three Negro girls went to classes, there was a complete boycott by the whites.

At Frantz, a handful of white children remained with the lone Negro child.

For the first several weeks of desegregation last fall, segregationists taunted the few white parents who escorted their children to Frantz. Then police sealed off the area and the demonstrations became sporadic.

Earlier this week, the strongly segregationist Citizens Council called for a continuance of the boycott. Several of the mothers who withdrew their children were listed among signers of a declaration of principles of a "committee of mothers for their children" appearing in today's Times-Picayune.

The advertisement said that federal persistence in integrating schools would make it necessary to operate private schools.

Charges Are . . .

each bus to a service station at Routes 9 and 9G.

No Rides for Pupils

As result of the tieup of the buses, Lipton explained, the elementary school pupils had no transportation for morning classes.

Judge Pollard told The Freeman today that Officer Schad issued summonses to the seven drivers, all Rhinebeck residents. Each was charged with being an unlicensed operator.

Before deciding the issues, Pollard said he checked with State Police Sergeant Walter Donegan at Rhinebeck. The jugde said Donegan found nothing wrong with the chauffeurs licenses held by each driver and explained the drivers were operating within the Motor Vehicle law requirements.

Pollard said Robert Marvin, attorney for the Rhinebeck school district, was called in.

"Marvin telephoned the motor vehicle vommissioner's office in Albany," Pollard said, "and was advised by a counsel for the commissioner to note Section 501-6 of the Motor Vehicle law."

Pollard said the section relates to transportation of pupils and teachers to and from school. The section specifically states that a driver of a school bus operating outside the city limits is not required to have a chauffeur's license. An operator's license is sufficient, the judge explained.

Questions Stamp

Pollard said the officer contended that the bus drivers' licenses should have been stamped with classification 1 or 2.

Judge Pollard said the officer "was wrong" and he dismissed the charges on the point of the law.

Lipton said transportation of pupils was resumed with seven buses in operation. He also said he employes all residents on the bus lines.

Bonds Recovered

ROCHESTER, N.Y. (AP) — Twelve $100 U.S. savings bonds issued in error to a convict serving a life sentence at Auburn State Prison have been recovered by the government.

In an order filed in the Monroe County Clerk's Office today, Supreme Court Justice Domenick L. Gabrielli ruled the U.S. legal owner.

The bonds were issued to Caswell Latham Jr. of Yonkers, who was convicted of first-degree murder in Bronx County Court June 24, 1960.

Two Hospitalized In Woodstock Mishap

Three persons were injured—two hospitalized—in a one-car highway accident Wednesday night at the intersection of Rock City Road and Glasco Turnpike, Woodstock, Phoenicia state police reported.

Reported in good condition at Kingston Hospital today were Craig Bremer, 21 of Glenford, the driver of the vehicle, and Richard Ostrander, 18 of Woodstock.

Robert Houst, 16 of Woodstock was X-rayed at the hospital and released, troopers said.

Trooper Charles Bundschuh listed the extent of injuries as follows, Bremer, lacerations of the forehead and possible concussion, and Ostrander, bruised right leg, left shoulder and possible concussion. All were taken to the hospital in Fatums Ambulance.

The Bremer vehicle was proceeding north on Rock City Road about 5 p. m. when an unknown car traveling east on Glasco Turnpike turned into Rock City Road without halting at a stop sign. To avoid a crash with the unknown vehicle, Bremer swerved to the right, went across the road and struck a utility pole on the north corner, troopers said. Woodstck Town Constable Clarence Snyder aided in the investigation.

Funeral Rites Are Announced For Paul Cassar

Funeral arrangements were announced today for Paul Cassar, 66, area riding stable operator, who died Tuesday of a heart seizure after being kicked by a horse at Nevele Country Club grounds.

Cassar was pronounced dead on arrival at Veterans Memorial Hospital, Ellenville. He operated a riding stable on the Nevele Country Club grounds. Coroner Arthur C. Chipp attributed death to natural causes as a result of the incident. The immediate cause of death was given as a heart attack, apparently brought about by the excitement of the accident, the coroner said.

A native of St. Paul's Bay, Malta, he was born Feb. 19, 1895, a son of Saverina and Elvira Cassar and married Brigid Virginia Palmirer in Brooklyn on March 25, 1930. He served in the Army during World War I.

Surviving besides his wife are a son, Benedict and a daughter, Mrs. Elvira Martini, both of Long Island; two brothers, Louis and Emanuel, four sisters, the Misses Carmel, Mary and Pauline Cassar, and Mrs. Paul Melito, all of London, Ontario; also, two grandchildren and several nieces and nephews.

Mr. Cassar was a member of St. Mary's and St. Andrew's Church, Ellenville, where a high Mass of requiem will be offered for the repose of his soul Friday 10 a. m. with the Rev. John Cunningham, pastor, as celebrant.

Burial will be in Fantinekill Cemetery, Ellenville. Recitation of the Holy Rosary will be at Louck's Funeral Home Inc., 79 North Main Street, Ellenville, at 8 o'clock tonight.

Haver Favors Davis as Man To Fight Olive Tax Battle

Robert Haver, former Democratic State Committeeman and Town of Olive Democratic leader, today unexpectedly announced he would ask the Democratic party to endorse Lester S. Davis of West Shokan, present Republican supervisor of the Town of Olive.

Haver said the Democratic party is not prepared to name a candidate.

"With the experience of Supervisor Davis, he is in the best position to defend the crisis which now confronts us with the drop in the Olive and Hurley equalization rates," Haver said. Continuing, he declared this was brought about by action of Attorney Martin Rubin of Shandaken and Republican leaders of that town who "set idly by pretending not to know about Rubin's action."

The controversy started last March, Olive residents allege, when Shandaken represented by Attorney Rubin went to Albany and asked a review of Olive assessments on belief Olive was not paying its fair share of school taxes.

In July Olive residents learned of this action went to Albany and requested review of Shandakan assessments.

As a result the State has recommended an equalization rate of 13 per cent for Olive, a drop of 2 per cent and 29 per cent for Shandaken, a drop of 3 per cent.

The review carried over into Hurley where at West Hurley the state set a new rate of 25 per cent. The old rate was 30 per cent. Town of Woodstock rate remains at 13 per cent.

"I have known Supervisor Davis in my years of politics, and although I have opposed him, I know he will stand firmly by the people of Olive. He has faced some hardships in his own organization. I stated in The Freeman several weeks ago I would have a Democratic candidate to elect on the Town Board. I have that candidate and he is a man, who, when he is elected, will give Supervisor Davis full assistance in an effort to reduce the sky-high taxes that some politicians of Shandaken apparently want Olive and Hurley to pay."

Haver recently asked Governor Rockefeller to institute an investigation of the "entire Ulster County tax structure" following a decision of the State Equalization Board to drop the equalization rates in both Olive and Hurley.

Jewish High Holy Days Will Begin Sept. 10th at Sundown

The holiest period for Jews throughout the world this year begins at sundown, Sept. 10, with the observance of Rosh Hashanah, the New Year. The holy day issues in a ten-day period of prayers and reflection in which Jews reevaluate the past year and look ahead to the coming year. The period ends with Yom Kippur, the Day of Atonement, Wednesday, Sept. 20.

Rosh Hashanah is observed by Orthodox and Conservative Jews for two days, and by most Reform Jews for one day. All three branches of Judaism observe Yom Kippur beginning with the traditional prayer, Kol Nidrei, at sundown Sept. 19, followed by all-day fasting and worship in the synagogue.

Begins Year 5722

The new year will be marked on the calendar, according to Jewish tradition, as 5722. In synagogues throughout the world, the Shofar, ram's horn, will sound the call to conscience for Jews to reflect upon their past deeds and to prepare themselves religiously for the days ahead. The worshipper is called upon to reevaluate his own life and reinterpret God's commandments in more positive ways during the coming year.

In some homes during the Rosh Hashanah at meal time, children dip pieces of bread or apple into honey as a symbol of hope for a sweet year.

Yom Kippur is a time devoted to penitence and soul-searching of the individual conduct. The ten-day period of worship in the synagogue ends with a final blast from the ram's horn.

Services Scheduled

High Holy Day services for Rosh Hashanah will be held at Temple Emanuel as follows:

Sunday, 7:45 p. m. Rosh Hashanah eve service; Monday 10 a. m. morning service; Children's service 2 p. m.

Congregation Ahavath Israel services will be:

Sunday 7 p. m.; Monday 8 a. m. and 7 p. m. and Tuesday 8 a. m.

Yom Kippur services will be Sept. 19 at 6:40 p. m. with Kol Nidrei promptly at 7 a. m.; Sept. 20, at 9 a. m.

Richards Signs Pact

HOUSTON, Tex. (AP) — Paul Richards signed a three year contract today at a reported salary of $60,000 a year as general manager of the National League Houston Colts.

Richards resigned last Friday as field manager of the Baltimore Orioles of the American League, ending two months of speculation that he was to become general manager of the Houston baseball club that will enter the major leagues next year.

New Paltz Area Methodist Notes

Choir Rehearsals

The senior choir of New Paltz Methodist Church resumes resumes rehearsals tonight at 7:30 p. m., in the choir practice room of the church. Ralph Dennis, director, announces that there are openings in each of the sections for those who like to sing, who have a reasonable facility with music, and who would like to be of service to the church through its ministry of music. New members will be welcomed at this rehearsal.

President Urges Steel Makers to Keep Prices Level

WASHINGTON (AP)—President Kennedy told steel producers today U.S. economic strength to face international emergencies depends on holding prices down despite wage increases.

Kennedy wrote the top executives of 12 steel companies urging them to keep prices level after the wages of their employes rise Oct. 1.

Would Touch Off Spiral

Present union contracts call for the wage increase.

The President said a steel price boost in the coming months "could shatter the price stability which the country has now enjoyed for sometime."

He quoted Secretary of Defense Robert S. McNamara as estimating that a steel price increase of $4 to $5 a ton could touch off a spiral which would lift costs of military procurement by $500 million a year or more.

Since a hike in steel prices would force up prices in many other industries, Kennedy said, the consequences might be so grave as to require the government to adopt restrictive monetary and fiscal measures. These, in turn, would "retard recovery, hold unemployment at intolerable levels, and hamper growth," he said.

Some industry leaders have talked of a price increase as necessary because of the added expense of the wage rise. But Kennedy said at his last news conference that his economic advisers had informed him the companies could pay higher wages without having to raise prices.

Assumes Output Gain

This view assumes a pickup in steel production. Thus far this year's steel companies have not earned their currrent dividened rate.

In his letter today, the President said: "I have written you at length because I believe that price stability in steel is essential if we are to maintain the economic vitality necessary to face confidently the trials and crises of our perilous world. Our economy has flourished in freedom; let us now demonstrate again that the responsible exercise of economic freedom serves the national welfare."

Carla's Punch Gains

MIAMI, Fla. (AP)—Hurricane Carla's punch rose to 100 miles an hour today as she moved into the Gulf of Mexico and the Weather Bureau forecast rising tides along the south Florida coast.

Small craft operators in the southeastern Gulf area were advised to move to safe harbors and vessels in the northeastern Gulf were warned to keep in close touch with the hurricane advisories.

Carla was centered about 90 miles west of Cape San Antonio, Cuba, and 340 miles southest of Key West, Fla., at noon.

Rapids Meet Tonight

Rapid Hose Company No. 1 will hold a regular meeting tonight at 8 o'clock in the firehouse on Hone Street. A report on the sixth annual bazaar will be made at the session. All members are urged to attend.

Enters Innocent Plea In Narcotics Case

NEW YORK (AP) — Charles Gagliodotto has pleaded innocent to charges naming him a defendant in multimillion-dollar narcotics case.

Gagliodotto, held in $50,000 bail, was arrested Sunday in Monroe. He was arraigned Tuesday before Federal Judge Sylvester J. Ryan.

Gagliodotto, 55, of Manhattan, John (Big John) Ormento and 27 others were charged with membership in a narcotics ring, which imported heroin between 1955 and 1960.

Trial date will be set later this month.

Write-in Due . . .

Division declined to consider the matter on the grounds of "no jurisdiction" and said no order had been entered at special term by Justice Bookstein, before whom the matter was heard at Hudson at 11 a. m., and no notice of appeal had been served.

Court Also Declines

Because of the lateness of the application, Justice Bookstein made no order following the move before him yesterday at Hudson special term and although counsel informed the Appellate Division of this fact and sought to have that Court review Justice Bookstein's decision, it declined to hear the matter.

Ballots were being distributed to the polling places in the City by the Kingston Police Department this morning.

Radel, Kaye, Klein Remain

In the Liberal party controversy involving designation of candidates for mayor, alderman-at-large and city judge the courts also declined to intervene. As a result the names of Mayor Radel, Alderman-at-Large Kaye and City Judge Klein will appear on the primary ballot of the Liberal Party throughout the city. A write-in campaign for the Republican designees is expected. In the Fifth, Sixth and 12th wards the Liberal Party ward designations are being contested and provision is made to carry out a write-in campaign for ward offices.

In the 11th ward where Supervisor Robert F. Phinney was the regular designee of the Liberal Party, there will be a contest for supervisor. An application to place an "unnamed" designation on the Liberal Party ticket was made, thus starting a contest in that ward for the Liberal Party designation for supervisor.

Democratic candidates for mayor, alderman-at-large and city judge, and in most wards the Democratic ward candidates were designated by the Liberal Party executive committee. However, in the 11th Ward Phinney received the supervisor designation.

By petition of over 5 per cent of the enrolled Liberal Party members, it was sought to gain endorsement of Republican candidates and overthrow the action of the Liberal Party executive committee. An extensive write-in campaign is expected this afternoon in an endeavor to wrest the Liberal Party designations for mayor, alderman-at-large and city judge from the Democratic candidates from the it to the Republican designees, John J. Schwenk for mayor; Benjamin Schecter for alderman-at-large and Joseph D. Saccoman for city judge..

A County-wide contest for delegates to the Democratic Judicial convention exists.

Absent Marine Tries Dash After Arrest as AWOL

Military and local authorities at Poughkeepsie teamed up Wednesday afternoon to capture a Wappingers Falls Marine, accused of being absent from camp without leave.

Joseph Cservak, 11 Fulton Street, Wappingers Falls, was apprehended in that village by local police at the request of Marine Corps authorities.

Marine Sergeant Charles A. Dean said police brought Cservak to his office in Poughkeepsie, and when the sergeant turned his back to make a telephone call, the Marine fled. The sergeant followed in hot pursuit and called to Police Sergeant Leo Maneri, who was passing in a patrol car.

Maneri and Sgt. Douglas Fleischauer, Army recruiter at Poughkeepsie, joined the chase. Sergeant Dean drew his .45 calibre pistol as the chase continued.

Cservak kicked off his shoes so he could run faster. He tried to climb a fence at the rear of a Mansion Street home, but Maneri grabbed him and snapped handcuffs on his wrists.

Cservak was taken to the Dutchess County jail to await a Marine escort from New York City.

Search Continues

HAMILTON, Bermuda (AP)—A search continued today for the pilot of a U.S. Air Force weather reconnaisance plane that crashed into the Atlantic 250 miles off Bermuda Tuesday night.

Capt. Jesse Kendler, 41, Roselle, N.J., was the only member of the WB66's five-man crew still missing.

The others were picked up from liferafts Wednesday by the American freighter Brinton Lykes, two at a time and more than 100 miles apart.

Lt. Col. William Bush and 2nd Lt. Donald R. Fritz, 22, of Wolcott, N.Y., were on one raft. Capt. Kenneth F. Gordon, 36, of Manson, Iowa, and M.Sgt. Ercell R. Iverson, 37, of Barron, Wis. were on another.

Silence Greets Arrival of Negro Girls in South

NEW ORLEANS (AP)—Three Negro girls turned out for school at McDonogh No. 19 today with only silence greeting their arrival.

The Negro children arrived in taxis, a departure from last year's procedure when federal accompanied them to school.

Police details ringed the three-story building, the scene of angry demonstrations by protesting white groups last year.

Whites Are Quiet

A few whites clustered on porches across the street from the stucco school building but said nothing as police maintained their vigil, with orders to suppress all demonstrations.

No white children were seen entering the schoool, which was boycotted last year with only the three Negro girls attending the first grade. The school normally has a 500-student capacity.

The girls were accompanied by their parents, who left a few minutes later in the taxis driven by Negroes.

At William Frantz—the other school desegregated last year—one Negro girl came to school with her mother. Newsmen counted eight white pupils entering the school.

Police Supt. Joseph I. Giarrusso warned again Wednesday night that his 1,100-man force had orders to immediately arrest any demonstrators.

The half dozen elementary schools ticketed for desegregation will be sealed off to the general public.

Only McDonogh and William Frantz, integrated last year were to receive Negro pupils immediately.

The other four elementary schools, scattered over the city, will desegregate first grade classes no later than Sept. 15, according to the Orleans Parish (County) School Board.

Start in Second Grade

At McDonogh No. 19 and Frantz the four Negro girls who became the first of their race here to attend public school classes with whites, begin studies in the second grade.

Angry white mothers, protesting what they called forced integration, pulled their children out of both schools last fall. At McDonogh No. 19, where three Negro girls went to classes, there was a complete boycott by the whites.

At Frantz, a handful of white children remained with the lone Negro child.

For the first several weeks of desegregation last fall, segregagationists taunted the few white parents who escorted their children to Frantz. Then police sealed off the area and the demonstrations became sporadic.

Earlier this week, the strongly segregationist Citizens Council called for a continuance of the boycott. Several of the mothers who withdrew their children were listed among signers of a declaration of principles of a "committee of mothers for their children" appearing in today's Times-Picayune.

The advertisement said that federal persistence in integrating schools would make it necessary to operate private schools.

Charges Are . . .

each bus to a service station at Routes 9 and 9G.

No Rides for Pupils

As result of the tieup of the buses, Lipton explained, the elementary school pupils had no transportation for morning classes.

Judge Pollard told The Freeman today that Officer Schad issued summonses to the seven drivers, all Rhinebeck residents. Each was charged with being an unlicensed operator.

Before deciding the issues, Pollard said he checked with State Police Sergeant Walter Donegan at Rhinebeck. The jugde said Donegan found nothing wrong with the chauffeurs licenses held by each driver and explained the drivers were operating within the Motor Vehicle law requirements.

Pollard said Robert Marvin, attorney for the Rhinebeck school district, was called in.

"Marvin telephoned the motor vehicle vommissioner's office in Albany," Pollard said, "and was advised by a counsel for the commissioner to note Section 501-6 of the Motor Vehicle law."

Pollard said the section relates to transportation of pupils and teachers to and from school. The section specifically states that a driver of a school bus operating outside the city limits is not required to have a chauffeur's license. An operator's license is sufficient, the judge explained.

Questions Stamp

Pollard said the officer contended that the bus drivers' licenses should have been stamped with classification 1 or 2.

Judge Pollard said the officer "was wrong" and he dismissed the charges on the point of the law.

Lipton said transportation of pupils was resumed with seven buses in operation. He also said he employes all residents on the bus lines.

Bonds Recovered

ROCHESTER, N.Y. (AP) — Twelve $100 U.S. savings bonds issued in error to a convict serving a life sentence at Auburn State Prison have been recovered by the government.

In an order filed in the Monroe County Clerk's Office today, Supreme Court Justice Domenick L. Gabrielli ruled the U.S. legal owner.

The bonds were issued to Caswell Latham Jr. of Yonkers, who was convicted of first-degree murder in Bronx County Court June 24, 1960.

Memoriam

In loving memory of our darling mom, Mrs. George Pearce, who departed this life 15 years ago, September 7.

Loved, remembered, longed for always.

In our memory you are near.
It's then God's sweet promises
Shines as a Heavenly ray.
Some day we shall meet mother dear.

Barbecue Dinner Of Lloyd Legion To Be October 8

First Vice-Commander Henry Gregorio, general chairman of the first Beef-A-Roo to be sponsored by Lloyd Post 193, American Legion, of Highland, has announced that the barbecued dinner will be held at the Lloyd Rod and Gun Clubhouse on Sunday, Oct. 8. Servings will be from 2 to 4 p. m.

Assisting in the initial arrangements are Commander Lewis Di Stasi, Joe Villecco and Ralph Canino, vice commanders; Richard Foglietta, treasurer; Ben Bragg, ticket chairman; Joe Martorana, publicity chairman.

At Wednesday's Lloyd Post meeting Commander Di Stasi asked all Legionnaires to cooperate and give full support to the activity. Proceeds of the dinner will be used for the annual Legion Christmas Kiddie Party.

Chairman Gregorio has appointed the following additional Legionnaires to serve on his committee: Tom Rizzo, Joe Lyons, Mario Cristaldi, Mike Sanicola, Charles Litts, John Taranta, Roy Mead, Joe Pavero Jr., Arthur Robinson, John Di Lorenzo, George Woolsey, and George Muller.

Two Hospitalized In Woodstock Mishap

Three persons were injured—two hospitalized—in a one-car highway accident Wednesday night at the intersection of Rock City Road and Glasco Turnpike, Woodstock, Phoenicia state police reported.

Reported in good condition at Kingston Hospital today were Craig Bremer, 21 of Glenford, the driver of the vehicle, and Richard Ostrander, 18 of Woodstock.

Robert Houst, 16 of Woodstock was X-rayed at the hospital and released, troopers said.

Trooper Charles Bundschuh listed the extent of injuries as follows, Bremer, lacerations of the forehead and possible concussion, and Ostrander, bruised right leg, left shoulder and possible concussion. All were taken to the hospital in Fatums Ambulance.

The Bremer vehicle was proceeding north on Rock City Road about 5 p. m. when an unknown car traveling east on Glasco Turnpike turned into Rock City Road without halting at a stop sign. To avoid a crash with the unknown vehicle, Bremer swerved to the right, went across the road and struck a utility pole on the north corner, troopers said. Woodstck Town Constable Clarence Snyder aided in the investigation.

Her Bequest

Creighton University, Omaha, Neb., was founded with a $100,000 bequest from the widow of Ed Creighton, cowboy, gunman and self-made millionaire who first linked the east and west coasts of the United States by telegraph.

Funeral Rites Are Announced For Paul Cassar

Funeral arrangements were announced today for Paul Cassar, 66, area riding stable operator, who died Tuesday of a heart seizure after being kicked by a horse at Nevele Country Club grounds.

Cassar was pronounced dead on arrival at Veterans Memorial Hospital, Ellenville. He operated a riding stable on the Nevele Country Club grounds. Coroner Arthur C. Chipp attributed death to natural causes as a result of the incident. The immediate cause of death was given as a heart attack, apparently brought about by the excitement of the accident, the coroner said.

A native of St. Paul's Bay, Malta, he was born Feb. 19, 1895, a son of Saverina and Elvira Cassar and married Brigid Virginia Palmirer in Brooklyn on March 25, 1930. He served in the Army during World War I.

Surviving besides his wife are a son, Benedict and a daughter, Mrs. Elvira Martini, both of Long Island; two brothers, Louis and Emanuel, four sisters, the Misses Carmel, Mary and Pauline Cassar, and Mrs. Paul Melito, all of London, Ontario; also, two grandchildren and several nieces and nephews.

Mr. Cassar was a member of St. Mary's and St. Andrew's Church, Ellenville, where a high Mass of requiem will be offered for the repose of his soul Friday 10 a. m. with the Rev. John Cunningham, pastor, as celebrant.

Burial will be in Fantinekill Cemetery, Ellenville. Recitation of the Holy Rosary will be at Louck's Funeral Home Inc., 79 North Main Street, Ellenville, at 8 o'clock tonight.

A conductor weighing three hundred pounds stood before a weak little man and demanded:

Conductor—Ticket, sir!

Red-faced and desperate, the little man dived here and there into pockets and satchels and unbrellas but could not find his ticket.

Conductor — Now look-a-heah, you've got just one of three things to do. You can pay your fare, produce your ticket, or get off this train.

About that time, the ticket was found. The little man grinned, threw back his shoulders and said:

Man—Now look-a-heah. You've got just one of three things to do: you can exercise more, eat less, or bust.

A man who was motoring along a country road offered a stranger a lift. The stranger accepted. Shortly afterward the motorist noticed that his watch was missing.

Whipping out a revolver which he happened to be carrying, he dug it into the other man's ribs and exclaimed:

Motorist—Hand over that watch!

The stranger meekly complied before allowing himself to be booted out of the car. When the motorist returned home he was greeted by his wife.

Wife—How did you get on without your watch? I suppose you know that you left it on your dressing-table.

East Kingston Club Will Meet on Monday

The East Kingston Rod and Gun Club will hold its monthly meeting Monday, Sept. 11, at 8 p. m. at the VFW on Delaware Avenue.

All members are urged to attend as there will be important business on the agenda. This fall hunting schedule will be decided at this meeting.

Duck Eggs

In some contests conducted in the United Kingdom and Germany, the average duck has laid eggs, in one year, equal to eight times her own weight, according to the Encyclopedia Britannica.

Cleric Succumbs From Injuries in Fall From Stage

KANSAS CITY, Mo. (AP)—The Rev. A. G. Wright of Detroit, died today of injuries suffered during an outburst of jostling and pushing Wednesday when two factions of the Negro National Baptist Convention, USA, sought control of the rostrum at Municipal Auditorium.

He fell off the stage during the struggle. His head hit the floor. He died at 3 a.m. without regaining consciousness, attendants said. He was about 50 years old.

Delegates to the annual meeting are scheduled to elect officers today under a court-approved plan designed to prevent further violence. About 6,000 delegates are here for the meeting.

Heads of the factions are the Rev. Dr. Joseph H. Jackson of Chicago and the Rev. Dr. Gardner C. Taylor of Brooklyn. Both claim they were elected president at the 1960 convention in Philadelphia.

At a hearing Wednesday in Circuit Court, the leaders agreed that the Rev. Dr. D. A. Holmes of Kansas City should preside over today's election.

The court order enjoined the delegates from "any boisterous, unruly, or other conduct tending to interfere or obstruct the business of the convention."

Police swarmed through the auditorium Wednesday in an effort to restrain the two factions.

Mayor H. Roe Bartle finally quelled the hubbub. He told the delegates: "If you came to Kansas City to raise hell, you should go home."

Democratic Club Of Wawarsing to Hold Dinner Fete

The Town of Wawarsing Democratic Committee will hold a dinner dance Oct. 15 at the Fallsview Hotel, it was announced today by Nathan Raskin, town chairman.

Nathan Rothkopf and Mayor Eugene Glusker of Ellenville are honorary chairmen of the dinner. Co-chairmen will be Jack Bagliebter, Joseph Blackwell and Mrs. Irma Coty.

Raskin will head the ticket committee assisted by Kenneth Mitchell, Joseph Rauner and all Democratic committeemen of the town. Tickets are available now.

Arrangements are being made to have a prominent Democratic speaker. Further details will be announced later.

Church Must Close Because of Burglaries

CHICAGO (AP) — A Roman Catholic church has been forced to close its doors, except during hours of services, because of a wave of burglaries.

The Rev. John Cunningham, assistant pastor of St.Thomas the Apostle Church, said Wednesday the doors were being locked at the suggestion of police who said they were unable to protect the church throughout the day and evening.

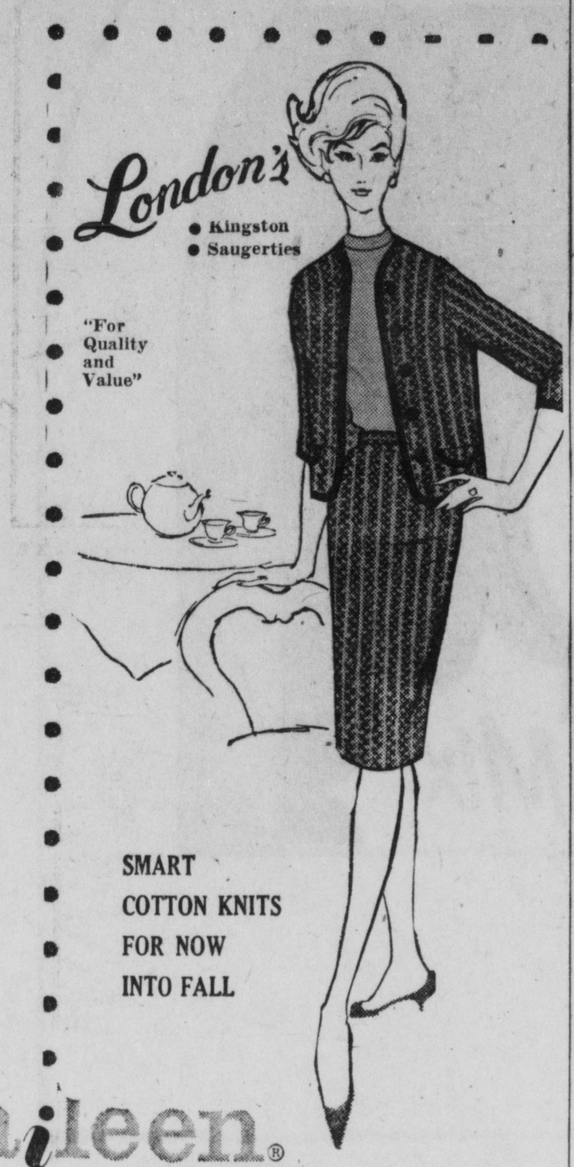

Three times within the last two weeks the church alms box and votive light offering boxes have been broken into.

matter of Fact

A midsummer outing at the zoo is an American custom. The Romans enjoyed exotic animals too, in a strange way. In their outdoor arenas, they staged "hunts" —fantastic mass slaughters of animals. In one great "spectacular," Romans witnessed a death struggle between 1,000 pairs of gladiators, 60 lions, 32 elephants, 30 leopards, and assorted tigers, hyenas, giraffes, hippopotamuses, wild asses, zebras, and wild horses.

East Kingston Club Will Meet on Monday

The East Kingston Rod and Gun Club will hold its monthly meeting Monday, Sept. 11, at 8 p. m. at the VFW on Delaware Avenue.

All members are urged to attend as there will be important business on the agenda. This fall hunting schedule will be decided at this meeting.

Duck Eggs

In some contests conducted in the United Kingdom and Germany, the average duck has laid eggs, in one year, equal to eight times her own weight, according to the Encyclopedia Britannica.

Cleric Succumbs From Injuries in Fall From Stage

KANSAS CITY, Mo. (AP)—The Rev. A. G. Wright of Detroit, died today of injuries suffered during an outburst of jostling and pushing Wednesday when two factions of the Negro National Baptist Convention, USA, sought control of the rostrum at Municipal Auditorium.

He fell off the stage during the struggle. His head hit the floor. He died at 3 a.m. without regaining consciousness, attendants said. He was about 50 years old.

Delegates to the annual meeting are scheduled to elect officers today under a court-approved plan designed to prevent further violence. About 6,000 delegates are here for the meeting.

Heads of the factions are the Rev. Dr. Joseph H. Jackson of Chicago and the Rev. Dr. Gardner C. Taylor of Brooklyn. Both claim they were elected president at the 1960 convention in Philadelphia.

At a hearing Wednesday in Circuit Court, the leaders agreed that the Rev. Dr. D. A. Holmes of Kansas City should preside over today's election.

The court order enjoined the delegates from "any boisterous, unruly, or other conduct tending to interfere or obstruct the business of the convention."

Police swarmed through the auditorium Wednesday in an effort to restrain the two factions.

Mayor H. Roe Bartle finally quelled the hubbub. He told the delegates: "If you came to Kansas City to raise hell, you should go home."

Democratic Club Of Wawarsing to Hold Dinner Fete

The Town of Wawarsing Democratic Committee will hold a dinner dance Oct. 15 at the Fallsview Hotel, it was announced today by Nathan Raskin, town chairman.

Nathan Rothkopf and Mayor Eugene Glusker of Ellenville are honorary chairmen of the dinner. Co-chairmen will be Jack Bagliebter, Joseph Blackwell and Mrs. Irma Coty.

Raskin will head the ticket committee assisted by Kenneth Mitchell, Joseph Rauner and all Democratic committeemen of the town. Tickets are available now.

Arrangements are being made to have a prominent Democratic speaker. Further details will be announced later.

Church Must Close Because of Burglaries

CHICAGO (AP) — A Roman Catholic church has been forced to close its doors, except during hours of services, because of a wave of burglaries.

The Rev. John Cunningham, assistant pastor of St.Thomas the Apostle Church, said Wednesday the doors were being locked at the suggestion of police who said they were unable to protect the church throughout the day and evening.

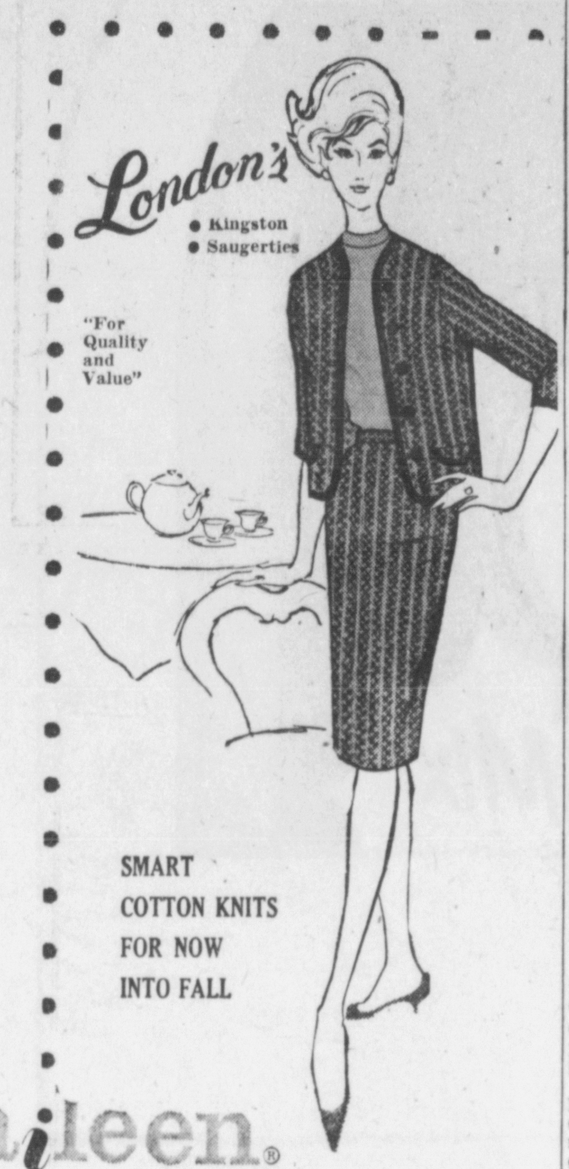

Three times within the last two weeks the church alms box and votive light offering boxes have been broken into.

matter of Fact

A midsummer outing at the zoo is an American custom. The Romans enjoyed exotic animals too, in a strange way. In their outdoor arenas, they staged "hunts" —fantastic mass slaughters of animals. In one great "spectacular," Romans witnessed a death struggle between 1,000 pairs of gladiators, 60 lions, 32 elephants, 30 leopards, and assorted tigers, hyenas, giraffes, hippopotamuses, wild asses, zebras, and wild horses.

Research proves Millbrook's Miracle-Mix gives you LONGER BREAD-BOX LIFE

than ordinary bread!

Laboratory tests proved it! Ordinary bread, baked from old-fashioned dough, has big air-holes that speed drying out. But Millbrook's new batter-blending method whips air-holes out...keeps freshness in! Slice after slice...meal after meal...Miracle-Mix comes out of your bread box fresh-tasting, appetizing. Less waste...more good eating...in every loaf!

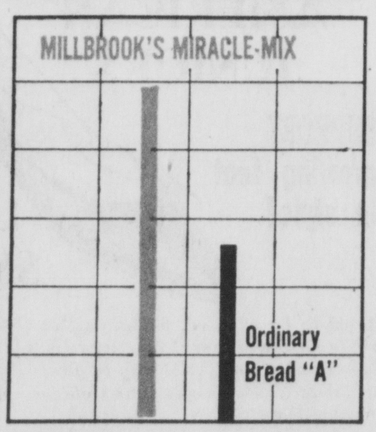

MIRACLE-MIX WINS IN ALL THREE TESTS. TEXTURE AND MOISTURE TESTS WERE MADE OVER A PERIOD OF FIVE DAYS UNDER BREAD-BOX-TYPE CONDITIONS.

MOISTURE: Ordinary bread lost at least twice as much moisture as Miracle-Mix!

TEXTURE: Miracle-Mix proved much *softer* than ordinary bread in controlled scientific tests.

TASTE: Consumer taste panels preferred Miracle-Mix almost two-to-one for flavor over ordinary bread "A."

Just to make sure you get genuine Miracle-Mix with longer bread-box life... we've put this (M) brand on every loaf!

7 Guard, Reserve Units Alerted for Active Duty Call

WASHINGTON (AP) — Seven New York national guard and reserve units have been designated as top-priority groups for intensified training for a possible call to active duty.

The ranks of the units will be filled by the assignment of ready reservists. The units also will have one additional weekend drill period each month.

The national guard units are:

The 133rd Ordnance Co., Peekskill, and the 134th Ordnance Co., Rochester.

The Army reserve units are the 377th Evacuation Hospital, Brooklyn; 817 Evacuation Hospital, Rochester; 834th Ordnance Co., Fort Hamilton; 24th Air Reconnaissance Support Battalion, New York City, and 497th Signal Co., New York City.

In addition, other National Guard and Army Reserve units in the state were designated as priority groups. They will not receive additional personnel now but their training will be intensified.

The Army Reserve units included:

The 321st Adjutant General Post Office Base, Troy; 402nd Chemical Laboratory, Niagara Falls; 323rd Engineer Detachment, Buffalo; 73rd Field Hospital, Binghamton and Horseheads; 364th General Hospital, Albany; 338th General Hospital, Buffalo and 91st Transportation Detachment, Tonawanda.

Legion Ladies Help

A research grant totalling $3,297.04 has been presented to Health Research Inc., Roswell Park Division by the New York State American Legion Auxiliary. Announcing the grant today were Mrs. Harold Taylor of Red Hook the Auxiliary Department Cancer Control Chairman and Dr. George E. Moore, Director of Roswell Park Memorial Institute, Buffalo. The funds represent contributions from 62 local Units of the American Legion Auxiliary and are earmarked for use in cancer research, especially in the field of pediatrics—the care of children.

THAT CHANNEL LINK AGAIN:

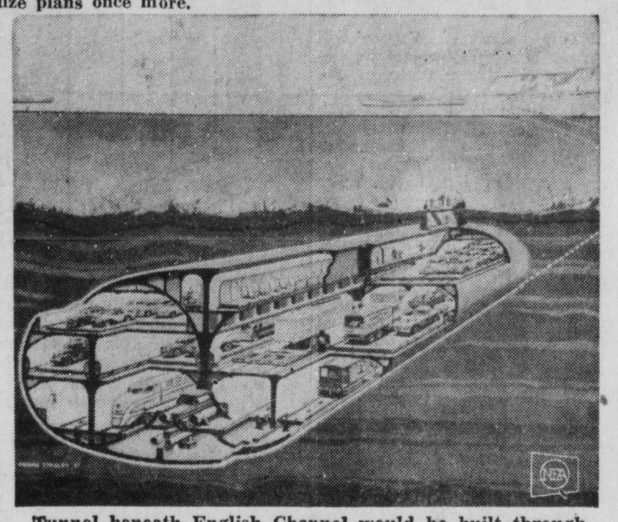

Since Napoleon first proposed the scheme men have dreamed of a tunnel or bridge uniting France and England. Plans languished due to invasion scares or economic stumbling blocks. Now, French again propose some sort of structure linking Calais and Dover. However, British financial ills may delay any concrete effort to realize plans once more.

Channel bridge would carry cars, trains. Although less expensive than tunnel to build, maintenance probably would be more costly. Would be lofty for ships to pass.

Narrowest crossing of Channel—19 miles—would be between Dover and Cap Gris Nez. near Calais.

Tunnel beneath English Channel would be built through "grey" chalk deposits. Observation domes would permit spectacular view of Channel floor and its ship wreckage.

As Moscow Continues to Act With Sheer Gall

Soviet Flip-Flops Only Prove Embarrassing to Reds Abroad

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — Soviet flip-flops—there have been some beauts—are done with sheer gall and handy, if unconvincing, sanctimonious explanations. But in each case, as now, Moscow acts without visible embarrassment.

The ones who get embarrassed are the Communist party members outside Russia, particularly American Communists, but only temporarily. When the Soviet line is suddenly changed, they have to quick-step to join the new line.

U.S. Reds Strangely Silent

That's happening now with the American Communists. They've been strangely silent since last week's Moscow announcement that Russia, which for three years suspended nuclear tests and said it opposed them, would resume testing.

When they collect their wits, the American party members will approve as they have approved one Russian shift after another through the years. Take a look at some of the classic flip-flops, by Russian and American Communists:

During the Hitler years up to 1939 Stalin was the enemy of Nazi fascism. In those years American Communists called for a "united front" against Germany. William Z. Foster, American party head who died last Friday in Moscow, was urging the United States to end its isolation and jump into the European power struggle.

In August, 1939, Hitler and Stalin signed their nonaggression pact. Within a month Hitler started World War II and he and Stalin carved up Poland.

Recovered From Stun

Communist party members here and in France and England were stunned. They soon got in line. American Communists began urging the United States to stay out of war, cooked up the slogan "The Yanks are not coming," and opposed American defense preparations.

After the Nazis smashed the nonaggression pact with Stalin by invading Russia on June 22, 1941, the American Communists reverted overnight to the "united front" against nazism.

The American Communists became so carried away with the idea that, under the leadership of Earl Browder, they changed their name to the "American Political Association." They called themselves a "nonpartisan association of Americans."

This was all right with Stalin until 1945, with the war in Europe almost over, he decided, although this country didn't realize it at the time, to drop the "united front" cooperation with the West and begin the cold war.

There was a simple explanation for this. Hitler was crushed and Stalin didn't need Western help which might be an inconvenience in taking over Eastern Europe. But Browder didn't understand.

He was still living under the illusion that harmony with capitalism was what communism wanted. Stalin had so much contempt for the American Communist party he didn't even notify it directly that the line had changed.

Got Word Through French

He got a French Communist leader, Jacques Duclos, to do it in a letter he published in a Communist paper in Paris. Duclos ridiculed the absurd spectacle of American Communists cooperating with capitalism.

In this way the American party members got the word about the new flip-flop. In June 1945 they announced a new "Marxist" policy to bring to an end the "period of collaboration with the current political and economic setup of the United States."

Browder, on the rocks, denounced this as "bohemian anarchism." Foster, Stalin's handpicked disciple of the new line, denounced Browder as a "bourgeois reformist." The Communists' wartime "political association" voted itself out of existence and once again became the American Communist party.

Foster was named the new party boss—although Eugene Dennis, who died last Jan. 31, became the real one and Browder was thrown out.

'56 Memorable Shocker

But Communist party members everywhere — except perhaps in Red China — had their greatest convulsion on Feb. 24, 1956 when Russian communism made the greatest and most sudden switch in its history.

On that day Nikita Khrushchev, now premier, denounced Stalin, who had died in 1953, as a monster and murderer with a list of crimes behind him big enough to shock the world. Khrushchev even suggested that Communist parties outside Russia might work out their own road to socialism.

All over the world—but particularly in this country—Communist party members beat their breasts and tried to understand what the new flip-flop meant. The American Communists, in the Daily Worker of June 7, 1956, confessed: "We were wholly ignorant that these crimes had been committed (although it was clear to practically everyone else that Stalin had been slaughtering people for years). Yet, there was reputable evidence had we but listened . . . We were wrong, terribly wrong."

Some Communists—particularly in Poland and Hungary—thought maybe Khrushchev really meant to let them have a little more say-so on their own. He squelched that idea in a hurry by visiting Poland in 1956 and threatening force if the poles got frisky. They subsided in a hurry.

Flip-Flops Cost Members

But it was in Hungary that he really showed he wasn't relaxing anything. He sent in Russian tanks to slaughter the Hungarian rebels. This bloody action again threw Communist party members outside Russia into a tizzy. It didn't last long. Everywhere now they are under rigid Moscow control.

In each flip-flop the Communist party in this country lost members. Most of them were probably basically sentimentalists. The hard-core Communists stayed in the party whose low point was 7,500 members in 1930, whose high point was 80,000 in 1944 and whose membership now is about 10,000.

The new boss of the American party, Gus Hall, the successor of Dennis, has kept quiet recently, perhaps until he can digest the new Russian line on nuclear tests. Moscow says it must resume tests because of the Allies' threatening attitude.

Primary Chances Gone: Proxmire

Rocky's Dairy Bid Seen Ruin to Wisconsin Hope

WASHINGTON (AP)—Sen. William Proxmire, D-Wis., said today Gov. Rockefeller tossed away any 1964 chance in the Wisconsin Republican Presidential primary in a bid to win support of New York dairy interests.

Rockefeller, in a Syracuse, N. Y., speech Tuesday, charged Secretary of Agriculture Orville L. Freeman had pushed legislation favoring his own home state of Minnesota and its immediate neighbors.

The New York governor attacked Freeman for his support of a federal milk sanitation law which would set national health standards for the dairy industry.

Proxmire said "consumers will be bitterly disappointed that a figure of Gov. Rockefeller's reputation should attack the interest of the nation's consumers on behalf of the short-run economic interest of part of the New York state dairy industry."

In a speech prepared for Senate delivery, Proxmire said, "should Rockefeller be the Republican nominee in 1964 Wisconsin consumers and dairy farmers will have every reason to reject his candidacy resoundingly."

Rockefeller's statement, the Wisconsin senator said, "completely ignores the ability of Wisconsin dairy farmers to produce top quality, sanitary milk to supply big city markets in all parts of the country...

"Wisconsin farmers have not even been given the chance up to now to sell their milk in the protected markets," Proxmire said. "Gov. Rockefeller would like to see them stay fenced out permanently."

May Ask U. S. Union To Back Span Halt

NIAGARA FALLS, Ont. (AP)—An organizer for a striking union on the $17-million bridge project between Queenston, Ont., and Lewiston, N.Y., says he may ask workers on the U.S. side to strike in sympathy.

Wes Lippert, general organizer for the International Union of Operating Engineers, said: "If we don't get some speedy action on this thing we'll ask our American brothers for support."

Labor Minister Charles Daley of Ontario, a member of the Niagara Falls Bridge Commission, held talks Wednesday with representatives of nine international unions involved in the walkout.

"SALADA" is the trade-mark of Salada-Shirriff-Horsey Inc., and is registered in the U. S. Patent Office and in Canada.

We don't give 10¢ away for nothing

It's worth it to us to convert you to Salada Tea.

10¢ off on 48 Salada tea bags. That's a hefty offer (see the package right on this page). It will tempt you to buy Salada in the first place. But what makes us so sure we'll win you over from then on?

For one thing, history.

(Salada has been delighting tea lovers ever since 1892.)

But mainly it's our very special tea.

We use only the choicest tea leaves, the richest tea leaves. The tea leaves that the great tea gardens grow. Never less, and never, never tea dust. For while tea dust is quick on color, our tea-taster will tell you, it's short on taste. And taste, great taste, is what you get in every cup of Salada (and every icy pitcherful).

After a tea like that, would you want to go back to any other?

We're betting 10¢ you won't.

7 Guard, Reserve Units Alerted for Active Duty Call

WASHINGTON (AP) — Seven New York national guard and reserve units have been designated as top-priority groups for intensified training for a possible call to active duty.

The ranks of the units will be filled by the assignment of ready reservists. The units also will have one additional weekend drill period each month.

The national guard units are:

The 133rd Ordnance Co., Peekskill, and the 134th Ordnance Co., Rochester.

The Army reserve units are the 377th Evacuation Hospital, Brooklyn; 817 Evacuation Hospital, Rochester; 834th Ordnance Co., Fort Hamilton; 24th Air Reconnaissance Support Battalion, New York City, and 497th Signal Co., New York City.

In addition, other National Guard and Army Reserve units in the state were designated as priority groups. They will not receive additional personnel now but their training will be intensified.

The Army Reserve units included:

The 321st Adjutant General Post Office Base, Troy; 402nd Chemical Laboratory, Niagara Falls; 323rd Engineer Detachment, Buffalo; 73rd Field Hospital, Binghamton and Horseheads; 364th General Hospital, Albany; 338th General Hospital, Buffalo and 91st Transportation Detachment, Tonawanda.

Legion Ladies Help

A research grant totalling $3,297.04 has been presented to Health Research Inc., Roswell Park Division by the New York State American Legion Auxiliary. Announcing the grant today were Mrs. Harold Taylor of Red Hook the Auxiliary Department Cancer Control Chairman and Dr. George E. Moore, Director of Roswell Park Memorial Institute, Buffalo. The funds represent contributions from 62 local Units of the American Legion Auxiliary and are earmarked for use in cancer research, especially in the field of pediatrics—the care of children.

THAT CHANNEL LINK AGAIN:

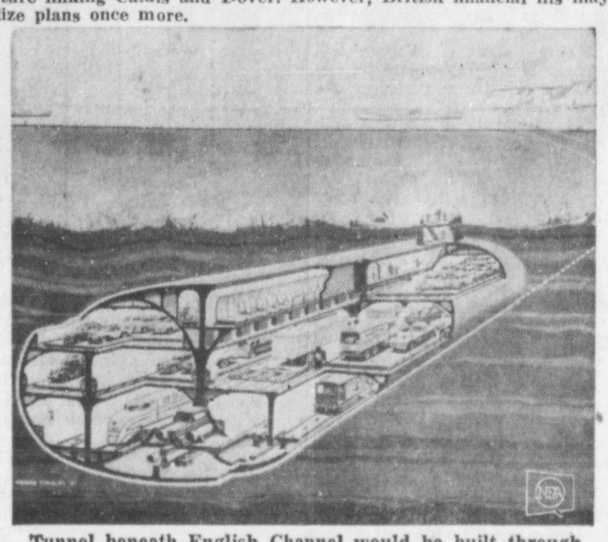

Since Napoleon first proposed the scheme men have dreamed of a tunnel or bridge uniting France and England. Plans languished due to invasion scares or economic stumbling blocks. Now, French again propose some sort of structure linking Calais and Dover. However, British financial ills may delay any concrete effort to realize plans once more.

Channel bridge would carry cars, trains. Although less expensive than tunnel to build, maintenance probably would be more costly. Would be lofty for ships to pass.

Narrowest crossing of Channel—19 miles—would be between Dover and Cap Gris Nez, near Calais.

Tunnel beneath English Channel would be built through "grey" chalk deposits. Observation domes would permit spectacular view of Channel floor and its ship wreckage.

As Moscow Continues to Act With Sheer Gall

Soviet Flip-Flops Only Prove Embarrassing to Reds Abroad

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — Soviet flip-flops—there have been some beauts—are done with sheer gall and handy, if unconvincing, sanctimonious explanations. But in each case, as now, Moscow acts without visible embarrassment.

The ones who get embarrassed are the Communist party members outside Russia, particularly American Communists, but only temporarily. When the Soviet line is suddenly changed, they have to quick-step to join the new line.

U.S. Reds Strangely Silent

That's happening now with the American Communists. They've been strangely silent since last week's Moscow announcement that Russia, which for three years suspended nuclear tests and said it opposed them, would resume testing.

When they collect their wits, the American party members will approve as they have approved one Russian shift after another through the years. Take a look at some of the classic flip-flops, by Russian and American Communists:

During the Hitler years up to 1939 Stalin was the enemy of Nazi fascism. In those years American Communists called for a "united front" against Germany. William Z. Foster, American party head who died last Friday in Moscow, was urging the United States to end its isolation and jump into the European power struggle.

In August, 1939, Hitler and Stalin signed their nonaggression pact. Within a month Hitler started World War II and he and Stalin carved up Poland.

Recovered From Stun

Communist party members here and in France and England were stunned. They soon got in line. American Communists began urging the United States to stay out of war, cooked up the slogan "The Yanks are not coming," and opposed American defense preparations.

After the Nazis smashed the nonaggression pact with Stalin by invading Russia on June 22, 1941, the American Communists reverted overnight to the "united front" against nazism.

The American Communists became so carried away with the idea that, under the leadership of Earl Browder, they changed their name to the "American Political Association." They called themselves a "nonpartisan association of Americans."

This was all right with Stalin until 1945, with the war in Europe almost over, he decided, although this country didn't realize it at the time, to drop the "united front" cooperation with the West and begin the cold war.

There was a simple explanation for this. Hitler was crushed and Stalin didn't need Western help which might be an inconvenience in taking over Eastern Europe. But Browder didn't understand.

He was still living under the illusion that harmony with capitalism was what communism wanted. Stalin had so much contempt for the American Communist party he didn't even notify it directly that the line had changed.

Got Word Through French

He got a French Communist leader, Jacques Duclos, to do it in a letter he published in a Communist paper in Paris. Duclos ridiculed the absurd spectacle of American Communists cooperating with capitalism.

In this way the American party members got the word about the new flip-flop. In June 1945 they announced a new "Marxist" policy to bring to an end the "period of collaboration with the current political and economic setup of the United States."

Browder, on the rocks, denounced this as "bohemian anarchism." Foster, Stalin's handpicked disciple of the new line, denounced Browder as a "bourgeois reformist." The Communists' wartime "political association" voted itself out of existence and once again became the American Communist party.

Foster was named the new party boss—although Eugene Dennis, who died last Jan. 31, became the real one and Browder was thrown out.

'56 Memorable Shocker

But Communist party members everywhere — except perhaps in Red China — had their greatest convulsion on Feb. 24, 1956 when Russian communism made the greatest and most sudden switch in its history.

On that day Nikita Khrushchev, now premier, denounced Stalin, who had died in 1953, as a monster and murderer with a list of crimes behind him big enough to shock the world. Khrushchev even suggested that Communist parties outside Russia might work out their own road to socialism.

All over the world—but particularly in this country—Communist party members beat their breasts and tried to understand what the new flip-flop meant. The American Communists, in the Daily Worker of June 7, 1956, confessed: "We were wholly ignorant that these crimes had been committed (although it was clear to practically everyone else that Stalin had been slaughtering people for years). Yet, there was reputable evidence had we but listened . . . We were wrong, terribly wrong."

Some Communists—particularly in Poland and Hungary—thought maybe Khrushchev really meant to let them have a little more say-so on their own. He squelched that idea in a hurry by visiting Poland in 1956 and threatening force if the poles got frisky. They subsided in a hurry.

Flip-Flops Cost Members

But it was in Hungary that he really showed he wasn't relaxing anything. He sent in Russian tanks to slaughter the Hungarian rebels. This bloody action again threw Communist party members outside Russia into a tizzy. It didn't last long. Everywhere now they are under rigid Moscow control.

In each flip-flop the Communist party in this country lost members. Most of them were probably basically sentimentalists. The hard-core Communists stayed in the party whose low point was 7,500 members in 1930, whose high point was 80,000 in 1944 and whose membership now is about 10,000.

The new boss of the American party, Gus Hall, the successor of Dennis, has kept quiet recently, perhaps until he can digest the new Russian line on nuclear tests. Moscow says it must resume tests because of the Allies' threatening attitude.

Primary Chances Gone: Proxmire

Rocky's Dairy Bid Seen Ruin to Wisconsin Hope

WASHINGTON (AP)—Sen. William Proxmire, D-Wis., said today Gov. Rockefeller tossed away any 1964 chance in the Wisconsin Republican Presidential primary in a bid to win support of New York dairy interests.

Rockefeller, in a Syracuse, N. Y., speech Tuesday, charged Secretary of Agriculture Orville L. Freeman had pushed legislation favoring his own home state of Minnesota and its immediate neighbors.

The New York governor attacked Freeman for his support of a federal milk sanitation law which would set national health standards for the dairy industry.

Proxmire said "consumers will be bitterly disappointed that a figure of Gov. Rockefeller's reputation should attack the interest of the nation's consumers on behalf of the short-run economic interest of part of the New York state dairy industry."

In a speech prepared for Senate delivery, Proxmire said, "should Rockefeller be the Republican nominee in 1964 Wisconsin consumers and dairy farmers will have every reason to reject his candidacy resoundingly."

Rockefeller's statement, the Wisconsin senator said, "completely ignores the ability of Wisconsin dairy farmers to produce top quality, sanitary milk to supply big city markets in all parts of the country...

"Wisconsin farmers have not even been given the chance up to now to sell their milk in the protected markets," Proxmire said. "Gov. Rockefeller would like to see them stay fenced out permanently."

May Ask U. S. Union To Back Span Halt

NIAGARA FALLS, Ont. (AP)—An organizer for a striking union on the $17-million bridge project between Queenston, Ont., and Lewiston, N.Y., says he may ask workers on the U.S. side to strike in sympathy.

Wes Lippert, general organizer for the International Union of Operating Engineers, said: "If we don't get some speedy action on this thing we'll ask our American brothers for support."

Labor Minister Charles Daley of Ontario, a member of the Niagara Falls Bridge Commission, held talks Wednesday with representatives of nine international unions involved in the walkout.

Stakes Enormous in Gotham Struggle

Demos to Need Long Healing Period After Bitter Fight

By ROBERT T. GRAY

ALBANY, N.Y. (AP) — The Democratic Party in New York State faces a long period of recuperation from the self-inflicted wounds of the New York City primary battle ending tonight.

The family fight for the Democratic nomination for mayor of the nation's largest city has been one of the most bitter and hard-fought in the modern political history of the state.

Winner Controls State

The stakes are enormous. The side that wins the primary will control the state organization and will have a major, if not the determining voice, in naming a party candidate for governor next year.

More than 60 per cent of the state's 3.7 million enrolled Democrats live in the five counties of New York City. This strength is reflected in the party's state committee and at conventions.

Ordinarily, the opponents in a Democratic party primary fight would close ranks after the voting and join against the common Republican enemy.

Won't Close Ranks

But neither of the two major candidates in the current fight has such plans.

Mayor Robert F. Wagner will run as a Liberal candidate, regardless of the outcome of the primary.

His opponent, State Comptroller Arthur Levitt, has termed Wagner "unfit to hold public office." Levitt will not support him for re-election if Wagner takes the primary.

Republicans have, of course, very carefully documented the charges of "liar," "fanatic," "chiseler" and other terms exchanged by Democrats.

One GOP spokesman said the Democrats were "assessing each other with amazing accuracy."

GOP Takes Heed

The Republicans mean to keep the charges fresh in voters' minds not only in the city election campaign but in the state campaign next year.

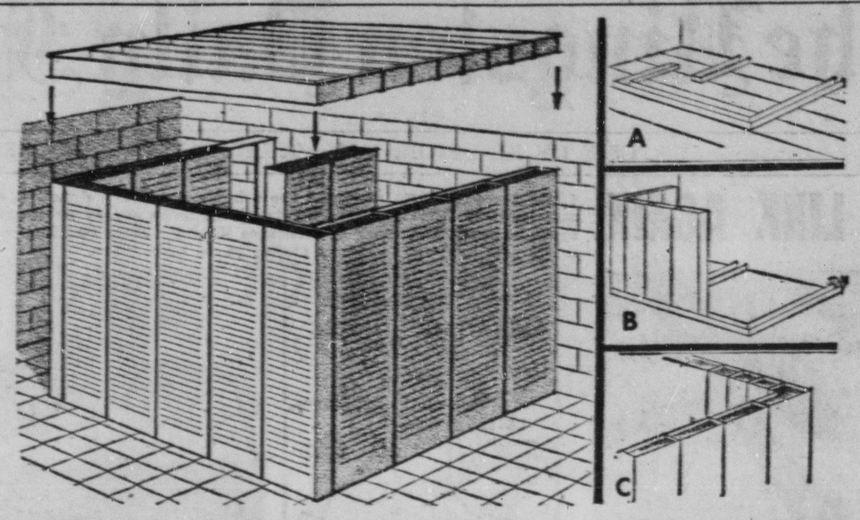

The winner of the current struggle for power in New York City will be a leading contender for the gubernatorial nomination next year. He will be operating under the handicap of charges and accusations made against him by members of his own party.

Boost for Rocky

And the loser will be in an awkward position in asking voters to accept on the state level a man he had labeled unworthy to be mayor of New York City.

Because of the Democratic infighting and the problems it poses for unification for the state election, Republicans are looking to the current primary fight as a boost to Gov. Rockefeller's chances for re-election next year.

Re-election could be a stepping stone to the Republican nomination for president in 1964.

Saugerties Youth Held For Jury on Burglary

A Town of Saugerties youth released from Ulster County Jail Wednesday after serving on a disorderly conduct conviction, was arrested by Kingston state police BCI for third degree burglarly in connection with the theft of a .22 rifle.

William Chapman Jr., 17 of Centerville was arraigned before Saugerties Town Justice of the Peace Glenford Myers, waived examination and is being held in Ulster County Jail pending grand jury action.

According to the information presented at the arraignment, Chapman was charged with entering the home of Mrs. Anna Gurau of Centerville and allegedly taking a .22 rifle.

BCI Investigator Joseph Ventriglia and Saugerties Town Constable Charles Riley were in charge of the investigation.

Report Ham Operator Interferes With TV

A short-wave operator reportedly transmitting from Kingston is interfering with TV reception in Saugerties area, complainants have reported to The Freeman.

Transmission on Tuesday approximately between 9:30 and 11 p. m. interferred with a Channel 2 TV telecast from New York, it was reported.

Flight by Landmarks

MADISON, Wis. (AP)—University of Wisconsin graduate student has found that at least one type of wild bird, the bank swallow, finds its way back home by remembering landmarks.

Theodore Sargent of Harwich, Mass., who is completing three years' research on the homing habits of birds, found that as long as the swallows could see the surrounding terrain from their cages, they had the homing tendency up to 50 miles from their burrows.

When the cages were covered, the birds showed no homeward orientation.

French Whiffenpoofs

NEW HAVEN, Conn. (AP)—A group of foresters from other countries, in a visit to the Yale University campus, went to Mory's, the eating club renowned in the Wiffenpoof Song. They wanted to hear the song, but few spoke English. All spoke French, so each was given a copy of the song in that language.

Ulster Town Democrats Will Caucus Tonight

Town of Ulster Democrats will caucus at Democratic town headquarters Route 9W at Esopus Avenue 8 o'clock tonight.

Candidates will be nominated for the posts of town supervisor, town clerk, highway superintendent, councilman, collector, justice of the peace and two assessors. Those requiring further information may phone James Lanagan at Van Keuren Highway.

Robbins was engaged in farming before entering the Army in September 1959. His father, Clyde A. Robbins, live on Dubois Street, Newburgh.

LEADS ALGERIAN REBELS—Ben Youssef Ben Khedda, tough, 39-year-old successor to Ferhat Abbas, is rebel premier of the Algerian provisional government. French political observers see him as a hard man to deal with in efforts to settle the years-long Algerian problem.

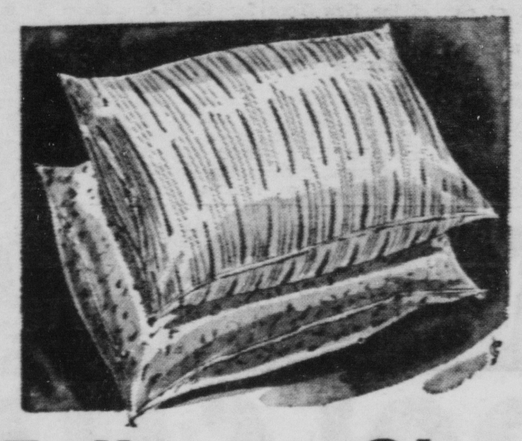

matter of FACT

Do you know how much water it takes to keep America growing? The cow which gives us milk drinks about 13 gallons of water a day. It takes about 62 gallons of water to raise a single pound of wheat. Total everything up and you can count out 1,000 gallons of water a day for every man, woman and child. That's what we need to keep us all healthy.

Integration at Crucial Phase

New Orleans Ready For School Trouble

By THE ASSOCIATED PRESS

The gradual, orderly spread of public schoool integration in the South this year reached a crucial phase at New Orleans today while there were rumblings of discontent at Chicago and New Rochelle, N.Y.

The increase in the number of Negroes enrolled with white pupils in the South was relatively small but was considered significant because such large cities as Dallas, Tex., and Atlanta, Ga., were included.

JFK Offers Praise

President Kennedy said in Washington that peaceful integration was a "dramatic demonstration of U.S. progress in improving the position of American Negroes."

He congratulated Little Rock and Dallas and communities in Arkansas, Texas, Florida, Virginia, North Carolina and Tennessee for admitting Negroes to previously white schools without incident. Earlier he praised Atlanta for its quiet integration of four high schools.

New Orleans police erected barricades a block away around the six schools scheduled for integration. The entire police force was placed on a 12-hour day, some 120 U.S. deputy marshals were quartered at Camp LeRoy Johnson ready to assist if needed, and the FBI kept a watchful eye on the situation.

Only two of the New Orleans schools—McDonogh 19 and William Frantz—planned to admit Negro pupils immediately. The New Orleans Parish School Board said less than 10 Negro first graders would enter the other four schools before Sept. 15. The actual date of entry was not announced.

Traffic Sole Duty

Eighteen Negro children attended previously white elementary schools in Dallas Wednesday, attracting little attention. Police found traffic control their sole duty at what had been the nation's largest segregated school system.

Galveston, 295 miles south of Dallas, also integrated kindergarten and first grades without incident when 37 Negroes began classes in three previously white schools.

The predominantly Negro Lincoln Elementary School at New Rochelle, N.Y., began carrying out a court order to eliminate racial segregation.

The school board president Meryle S. Rukeyser, said 267 of its 485 pupils were being transferred to 11 other elementary schools in the city. The other schools are predominantly white, but all but two have some Negro pupils.

At Chicago, another city in which there are no Negro or white schools as such, more than 100 Negro youngsters tried without success to enroll in public schools attended only by white pupils.

The Negroes were turned away on grounds that each school admits only pupils who live within its district. This results in some white schools, some Negro and some integrated.

Integration of educational facilities took a turnabout at St. Petersburg, Fla., with the enrollment of a white student and the hiring of a part-time white teacher at Negro Gibbs Junior College.

U.S. Studying . . .

situation with Soviet Foreign Minister Andrei Gromyko in the near future.

Secretary of State Dean Rusk plans to meet with Gromyko in connection with the opening of the U.N. General Assembly in New York Sept. 19. But Western authorities have no indication yet whether Gromyko will attend the assembly.

The United States is cold toward the implied demand for a summit meeting but direct negotiations apparently could be conducted in the early stages by ambassadors or foreign ministers representing the two top men.

Kennedy has taken the position that a summit conference to negotiate on Berlin should be carefully prepared in advance and the preparation should provide some evidence that the conference would be successful in producing a solution.

Confident About Talks

At present officials here are still confident in spite of what they term Khrushchev's use of "atomic blackmail" through the resumption of nuclear testing that the Soviet Union and the Western powers will get into negotiations eventually. The prevailing estimate as to time, however, is that aside from sounding out operations, Khrushchev may not want to negotiate until the end of the year.

Diplomats say they understand that he prefers to wait until after a Communist party meeting in Moscow in mid-October, meanwhile trying to break down Western resistance to his Berlin demand by talk of war and demonstrations of Soviet nuclear power.

Ulster Among

needs of the state. The State Office of Local Government is sponsoring the $200,000 project in an effort to learn ways and means of coordinating sewage treatment planning among communities in the same geographic areas.

Dr. Donald J. O'Connor of Glenrock, N. J., associate professor of engineering at Manhattan said the population in the 14-county area is nearly 12,000,000 or some 70 per cent of the entire state population.

Paid Visit Here

A spokesman for the survey group has visited here, Harry F. Edinger, the county health department's director of environmental sanitation said today.

Results of the survey will be made available to the state legislature and to communities to assist them in local and regional planning. Results will also be used by the Office of Local Government in exploring the possibilities of developing a program of state assistance to communities as they attempt to solve their sanitation problems. Other colleges upstate are participating in the surveys.

Kingston, as was revealed earlier this year, is due for about $100,000 in federal aid to complete its sewarge disposal system which is now 60 per cent effective. The local water department is soon to get a report from consulting engineers as to the city's future needs. Whether either of the above projects will be of assistance locally will probably be determined after studies are completed.

To Hear Opening

scribed by Franklin H. Hazard, assistant superintendent of schools, as "without serious incident."

Transportation, usually an item which presents problems, went off smoothly on opening day and there were few calls in regard to bus service.

The over-all picture on opening day was good, despite the hot, humid weather as the 8,636 pupils of the Kingston school district returned to their studies.

Cooperation by parents and teachers alike made opening day a pleasant but busy day for the school teaching staff and officials as the students settled down to a new school year.

Greece won her independence from the Turks in 1829 with help of Great Britain.

Suspend Liquor License

The restaurant liquor license of George and Ann DeMartino, 113 Main Street, Marlboro has been suspended for 10 days beginning Sept. 5, according to disciplinary action against licensees for violations of the Alcoholic Beverage Control Law, announced by the State Liquor Authority. According to the announcement, the violation was the sale of alcoholic beverages to a minor.

Khrush in New Call for German Treaty Parley

MOSCOW (AP) — Premier Khrushchev called again Wednesday night for a multination German peace treaty conference after receiving a message from the Belgrade conference asking him to open peace talks with President Kennedy.

Khrushchev, speaking at a Kremlin banquet in honor of Indian Prime Minister Nehru, made no reference to the message Nehru had brought him from Belgrade.

"On this basis," Khrushchev declared, "the question of the normalizatior of the situation in West Berlin would be solved.

"Our proposals relating to these problems in no way prejudice the interests of the Western powers," he asserted once more.

Nehru joined Khrushchev this morning at a Kremlin conference table for their second session of talk on international problems.

The Soviet news agency Tass described the exchange as "broad and frank" and said it also covered increased Soviet-Indian cooperation. Also attending the talks were Foreign Minister Andrei Gromyko and Alexei Kosygin, a Soviet first deputy premier.

Powerless Post Awaits Goulart

BRASILIA, Brazil (AP)—Leftist Joao Goulart prepared to take on the virtually powerless job of Brazil's president today and the nation seemed headed for a middle of the road government that may turn a cold shoulder to Fidel Castro and retreat from close ties with the Communist bloc.

After a 12-day crisis that began with the resignation of President Janio Quadros Aug. 25, the South Brazilian rancher, Brazil's vice president since 1956, was to be inaugurated this afternoon as chief of state. But Congress has stripped the office of virtually all power to satisfy military leaders who feared the leftist Goulart would open South America's largest nation to Communist takeover.

AF Reserves Have Openings

ALBANY—Men and women who have served in any branch of the armed forces now have an opportunity to serve as Air Force Reservists with the 8313th Air Force Reserve Recovery Group.

The Group, established recently in Albany, has many openings for enlisted persons in all career fields. Ratings to be filled range from airman first class to master sergeant.

The 8313th will, in the event of war, provide refueling, minor maintenance, security and medical services at civilian airfields for combat aircraft which are unable to return to their home bases. The unit has not been and does not in the near future expect to be alerted to active duty.

Personnel needed by the Recovery Group are: Air policemen, personnel and administrative service people; air operations and installation personnel; jet engine and ground equipment repairmen; fire-fighters; and acromedical, finance, training, intelligence, communications, supply and procurement specialists.

Interested persons should get in touch with the Personnel Officer, 8313th Air Force Recovery Group, 80 North Main Avenue, Albany 3.

First Negro on Job

ALBANY, N.Y. (AP)—The state capital's public school system has its first Negro in a supervisory position.

Mrs. Mautress Smith, formerly of Fayetteville, N.C., assumed duties Wednesday as assistant principal of a new, downtown school attended by approximately 700 Negro and white pupils from the city's teeming South End.

Financial and Commercial

NEW YORK (AP)—Motors and other industrials continued to pace a stock market advance in fairly active trading early this afternoon, putting the list on new high ground.

The Associated Press average of 60 stocks at noon was up 1.00 to 257.10 with industrials up 1.90, rails up .40 and utilities up .30.

If The AP 60-stock average holds its gain by the market close it will top the previous record of 257.00 reached Aug. 22.

Buying was brisk among motors and steels as these stocks continued to respond to prospects for a settlement of the remaining differences between the United Auto Workers and the manufacturers.

Gains among key stocks went from fractions to more than a point.

General Motors was steady in the wake of apparent agreement with the union on economic matters.

Dollar Averaging Stock Requires Will Power

ROGER E. SPEAR

Q. "I am 34 years old and have just started to invest in common stocks. I've heard a lot about dollar averaging. Would you please explain this to me?" Q.R.

A. Yes, I'd be happy to.

Dollar averaging consists of the periodical investment of equal amounts of money regardless of stock market conditions. The purpose of this plan is to prod the investor into buying shares consistently throughout the entire length of a stock market swing. By doing so, he will accumulate substantially more stock during periods of market weakness, which will have the effect of reducing the average cost per share of his total holdings.

Dollar averaging is a mechanical formula which, once set up, requires little additional investment judgment. Also, the underlying trend of the U. S. economy is upward, and as long as stock prices rise, respectable profits should eventually be made.

However, dollar averaging is not a foolproof method. The plan must be adhered to consistently in order to be really profitable. Since a complete market cycle often takes considerable time, a lot of will power is needed to keep the plan going, particularly when business conditions are not too good.

A conservative dollar averaging program would involve using growth stocks which, while not always volatile, will fluctuate sufficiently to make the plan operate successfully.

I would recommend that dividend paying stocks be used since they can be extremely helpful in providing the cash needed to keep the plan going during times of recession.

Incidentally, the Monthly Investment Plan of the NYSE is a perfectly sound method of dollar averaging your stock purchases.

Q. "I own shares of Baldwin-Lima-Hamilton, acquired five years ago in an estate. The shares, around 17, seem near their peak now. Do you agree?" S.F.

A. Ordinarily, I would. However, your company is one of numerous cyclical issues currently enjoying renewed investor interest. The shares are acting well and I believe they should eventually move to somewhat higher levels.

Ford Next Step

Reuther predicted operations at the company's 129 plants will be normal and workers will be "elated when they learn the details of the economic package."

Reuther told newsmen that he was "not free to discuss the details" of the union's agreement with GM on broad economic issues. The UAW and GM were reported—without confirmation — to have worked out an arrangement whereby employes would contribute three cents in hourly pay to certain fringe benefits. One cent, taken from the cost of living pay increase, would go toward increasing pensions. The other two cents—for one year only—would come out of the annual seven cents an hour improvement factor wage increase and would go into hospital-medical insurance. GM and the UAW now pay this on a 50-50 basis.

Khrush in New Call for German Treaty Parley

MOSCOW (AP) — Premier Khrushchev called again Wednesday night for a multination German peace treaty conference after receiving a message from the Belgrade conference asking him to open peace talks with President Kennedy.

Khrushchev, speaking at a Kremlin banquet in honor of Indian Prime Minister Nehru, made no reference to the message Nehru had brought him from Belgrade.

"On this basis," Khrushchev declared, "the question of the normalizatior of the situation in West Berlin would be solved.

"Our proposals relating to these problems in no way prejudice the interests of the Western powers," he asserted once more.

Nehru joined Khrushchev this morning at a Kremlin conference table for their second session of talk on international problems.

The Soviet news agency Tass described the exchange as "broad and frank" and said it also covered increased Soviet-Indian cooperation. Also attending the talks were Foreign Minister Andrei Gromyko and Alexei Kosygin, a Soviet first deputy premier.

Powerless Post Awaits Goulart

BRASILIA, Brazil (AP)—Leftist Joao Goulart prepared to take on the virtually powerless job of Brazil's president today and the nation seemed headed for a middle of the road government that may turn a cold shoulder to Fidel Castro and retreat from close ties with the Communist bloc.

After a 12-day crisis that began with the resignation of President Janio Quadros Aug. 25, the South Brazilian rancher, Brazil's vice president since 1956, was to be inaugurated this afternoon as chief of state. But Congress has stripped the office of virtually all power to satisfy military leaders who feared the leftist Goulart would open South America's largest nation to Communist takeover.

AF Reserves Have Openings

ALBANY—Men and women who have served in any branch of the armed forces now have an opportunity to serve as Air Force Reservists with the 8313th Air Force Reserve Recovery Group.

The Group, established recently in Albany, has many openings for enlisted persons in all career fields. Ratings to be filled range from airman first class to master sergeant.

The 8313th will, in the event of war, provide refueling, minor maintenance, security and medical services at civilian airfields for combat aircraft which are unable to return to their home bases. The unit has not been and does not in the near future expect to be alerted to active duty.

Personnel needed by the Recovery Group are: Air policemen, personnel and administrative service people; air operations and installation personnel; jet engine and ground equipment repairmen; fire-fighters; and acromedical, finance, training, intelligence, communications, supply and procurement specialists.

Interested persons should get in touch with the Personnel Officer, 8313th Air Force Recovery Group, 80 North Main Avenue, Albany 3.

Financial and Commercial

NEW YORK (AP)—Motors and other industrials continued to pace a stock market advance in fairly active trading early this afternoon, putting the list on new high ground.

The Associated Press average of 60 stocks at noon was up 1.00 to 257.10 with industrials up 1.90, rails up .40 and utilities up .30.

If The AP 60-stock average holds its gain by the market close it will top the previous record of 257.00 reached Aug. 22.

Buying was brisk among motors and steels as these stocks continued to respond to prospects for a settlement of the remaining differences between the United Auto Workers and the manufacturers.

Gains among key stocks went from fractions to more than a point.

General Motors was steady in the wake of apparent agreement with the union on economic matters.

SUCCESSFUL INVESTING...

Dollar Averaging Stock Requires Will Power

Q. "I am 34 years old and have just started to invest in common stocks. I've heard a lot about dollar averaging. Would you please explain this to me?" Q.R.

A. Yes, I'd be happy to.

Dollar averaging consists of the periodical investment of equal amounts of money regardless of stock market conditions. The purpose of this plan is to prod the investor into buying shares consistently throughout the entire length of a stock market swing. By doing so, he will accumulate substantially more stock during periods of market weakness, which will have the effect of reducing the average cost per share of his total holdings.

Dollar averaging is a mechanical formula which, once set up, requires little additional investment Judgment. Also, the underlying trend of the U. S. economy is upward, and as long as stock prices rise, respectable profits should eventually be made.

However, dollar averaging is not a foolproof method. The plan must be adhered to consistently in order to be really profitable. Since a complete market cycle often takes considerable time, a lot of will power is needed to keep the plan going, particularly when business conditions are not too good.

A conservative dollar averaging program would involve using growth stocks which, while not always volatile, will fluctuate sufficiently to make the plan operate successfully.

I would recommend that dividend paying stocks be used since they can be extremely helpful in providing the cash needed to keep the plan going during times of recession.

Incidentally, the Monthly Investment Plan of the NYSE is a perfectly sound method of dollar averaging your stock purchases.

Q. "I own shares of Baldwin-Lima-Hamilton, acquired five years ago in an estate. The shares, around 17, seem near their peak now. Do you agree?" S.F.

A. Ordinarily, I would. However, your company is one of numerous cyclical issues currently enjoying renewed investor interest. The shares are acting well and I believe they should eventually move to somewhat higher levels.

U.S. Studying . . .

situation with Soviet Foreign Minister Andrei Gromyko in the near future.

Secretary of State Dean Rusk plans to meet with Gromyko in connection with the opening of the U.N. General Assembly in New York Sept. 19. But Western authorities have no indication yet whether Gromyko will attend the assembly.

The United States is cold toward the implied demand for a summit meeting but direct negotiations apparently could be conducted in the early stages by ambassadors or foreign ministers representing the two top men.

Kennedy has taken the position that a summit conference to negotiate on Berlin should be carefully prepared in advance and the preparation should provide some evidence that the conference would be successful in producing a solution.

Confident About Talks

At present officials here are still confident in spite of what they term Khrushchev's use of "atomic blackmail" through the resumption of nuclear testing that the Soviet Union and the Western powers will get into negotiations eventually. The prevailing estimate as to time, however, is that aside from sounding out operations, Khrushchev may not want to negotiate until the end of the year.

Diplomats say they understand that he prefers to wait until after a Communist party meeting in Moscow in mid-October, meanwhile trying to break down Western resistance to his Berlin demand by talk of war and demonstrations of Soviet nuclear power.

Ulster Among

needs of the state. The State Office of Local Government is sponsoring the $200,000 project in an effort to learn ways and means of coordinating sewage treatment planning among communities in the same geographic areas.

Dr. Donald J. O'Connor of Glenrock, N. J., associate professor of engineering at Manhattan said the population in the 14-county area is nearly 12,000,000 or some 70 per cent of the entire state population.

Paid Visit Here

A spokesman for the survey group has visited here, Harry F. Edinger, the county health department's director of environmental sanitation said today.

Results of the survey will be made available to the state legislature and to communities to assist them in local and regional planning. Results will also be used by the Office of Local Government in exploring the possibilities of developing a program of state assistance to communities as they attempt to solve their sanitation problems. Other colleges upstate are participating in the surveys.

Kingston, as was revealed earlier this year, is due for about $100,000 in federal aid to complete its sewarge disposal system which is now 60 per cent effective. The local water department is soon to get a report from consulting engineers as to the city's future needs. Whether either of the above projects will be of assistance locally will probably be determined after studies are completed.

To Hear Opening

scribed by Franklin H. Hazard, assistant superintendent of schools, as "without serious incident."

Transportation, usually an item which presents problems, went off smoothly on opening day and there were few calls in regard to bus service.

The over-all picture on opening day was good, despite the hot, humid weather as the 8,636 pupils of the Kingston school district returned to their studies.

Cooperation by parents and teachers alike made opening day a pleasant but busy day for the school teaching staff and officials as the students settled down to a new school year.

Suspend Liquor License

The restaurant liquor license of George and Ann DeMartino, 113 Main Street, Marlboro has been suspended for 10 days beginning Sept. 5, according to disciplinary action against licensees for violations of the Alcoholic Beverage Control Law, announced by the State Liquor Authority. According to the announcement, the violation was the sale of alcoholic beverages to a minor.

Ford Next Step

Reuther predicted operations at the company's 129 plants will be normal and workers will be "elated when they learn the details of the economic package."

Reuther told newsmen that he was "not free to discuss the details" of the union's agreement with GM on broad economic issues. The UAW and GM were reported—without confirmation — to have worked out an arrangement whereby employes would contribute three cents in hourly pay to certain fringe benefits. One cent, taken from the cost of living pay increase, would go toward increasing pensions. The other two cents—for one year only—would come out of the annual seven cents an hour improvement factor wage increase and would go into hospital-medical insurance. GM and the UAW now pay this on a 50-50 basis.

Carla's path beyond advisories but they warned all interests on the Gulf of Mexico to keep posted on the latest information. Ships in the storm's path were told to exercise caution.

The Navy ordered all its ships out of Key West Harbor as a precautionary measure. Submarines, destroyers and smaller craft followed other naval vessels to anchorage where they could head for the open sea quickly should Carla approach Key West.

Around Several Days

Chief Storm Forecaster Gordon Dunn said indications were that some rain may fall over south Florida "but the chance of hurricane winds in this area is very remote."

He emphasized it was too early to tell what coastal area might be affected and he added:

"We'll have the storm with us for several days."

In Utica, there is a 3-way race for the Democratic mayoralty nomination among City Assessor Gerald F. Donovan, former Board of Education and Common Council President Dr. Gerald Natiella and 12th Ward Alderman Alfred Mirante.

In Cortland, in the first Democratic primary contest in the community's history, Dr. Joseph C. Mack, Cortland College of Education professor, opposes Alton Tyler, manager of Hageman Farms Corp. Mack is endorsed by the organization, but Tyler is backed by the old line Democratic leaders.

In Olean, the Republican primary finds John J. Morton, retired managing editor of the Olean Times-Herald opposing Alderman Harold E. Lundberg.

Conference Hears

League associate director, learned at the conference Wednesday night that Newburgh City Manager Joseph Mitchell has asked New York Gov. Nelson A. Rockefeller to remove Jackson from a committee studying New York State's welfare situation.

Mitchell Quoted

Mitchell was quoted as saying, "I have not heard a constructive suggestion from these people as how to save our cities, nor alarm expressed by them over significant rises in crime, violence, illegitimacy and slums, which the Urban League would normally be expected to do something about."

Reached at the conference, Jackson had little to say about the charge and said he was not upset.

EAST-WEST AEROFACTS—This is how the United States and Russia compare in vital aircraft statistics. Russia now flies more route miles than U.S. (400,000 compared to 300,000), but has about half as many airports (about 475 compared to more than 700). U.S.S.R. is expected to haul about 45 million passengers by 1965, as U.S. climbs to 77 million. Data: G.E. Defense Quarterly.

Worm Man

FRANKLIN LAKES, N. J. (AP)—Herman Dammers raises five million worms a year, but none should ever see the end of a fish hook. Dammers sells his worms to organic gardeners from all over the world. Worms recondition the soil, they dig tunnels which hold moisture, and their castings make the finest possible topsoil, Dammers says. Organic gardeners use the worms instead of chemical fertilizers.

EAST-WEST AEROFACTS—This is how the United States and Russia compare in vital aircraft statistics. Russia now flies more route miles than U.S. (400,000 compared to 300,000), but has about half as many airports (about 475 compared to more than 700). U.S.S.R. is expected to haul about 45 million passengers by 1965, as U.S. climbs to 77 million. Data: G.E. Defense Quarterly.

Worm Man

FRANKLIN LAKES, N. J. (AP)—Herman Dammers raises five million worms a year, but none should ever see the end of a fish hook. Dammers sells his worms to organic gardeners from all over the world. Worms recondition the soil, they dig tunnels which hold moisture, and their castings make the finest possible topsoil, Dammers says. Organic gardeners use the worms instead of chemical fertilizers.

FOOD FOR AMERICANS

Mother-Professor Plans Breakfasts

OKLAHOMA teacher's family always shares breakfast together. There's more than food nutrition to be gained.

GAYNOR MADDOX
Newspaper Enterprise Assn.

Mother of 16-year-old twin girls and an 11-year-old son, Louise Wakelee, of Oklahoma State University, insists that all the family eat breakfast together. A nutritious breakfast, shared by all, is the best way to begin the working day. The Wakelee breakfast main dish may be ready-to-eat cereal, served with toast or hot breads; or pancakes or waffles with syrup and bacon or sausage; or fried corn meal mush or hot wholewheat cereal. At other times Mrs. Wakelee, the good looking twins and their brother go for French toast with syrup or jelly, or eggs with toast, together with bacon or sausage.

Mrs. Wakelee is assistant professor in the Food and Nutrition Dept. Neither she nor the children missed a day of work or school last year. "I spend my money on good groceries for the family, never on vitamin or mineral pills," she said. Interested in economy as well as nutritive value of food, this mother-professor often uses cereals in main dishes; oatmeal or cornflakes in ham loaf, cornflakes or rice cereal for coating liver, chicken, veal cutlets and eggplant.

Cereal Flake Ham Loaf
(Yield: One 9x5x1¼-inch loaf)

One pound ground pork, ½ pound ground ham, 2 cups cornflakes, 1 egg, ½ cup tomato juice, 1/3 cup grated onion, ½ teaspoon salt.

Combine ingredients; mix well. Press into loaf pan (9x5x3-inches). Bake in moderate oven (350 degrees F.) until done, 50 to 60 minutes.

Will Ask County To Handle Relief Case in Newburgh

GOSHEN, N.Y. (AP) — A special resolution will be put before the Orange County Board of Supervisors Friday to have the county take over operation of Newburgh's welfare department.

County Attorney Thomas Hadaway made the announcement Wednesday after a meeting with Newburgh Welfare Commissioner Peter Petrillo Jr.

Joseph Mitchell, Newburgh city manager whose 13-point controversial welfare program is under a temporary restraint by State Supreme Court, has said he favors a merger because it will relieve Newburgh's fiscal burden in administering relief.

The 37-member county board will convene in Goshen.

More than four of every five oil wells drilled in the world are drilled in the United States.

Nostalgic Contests

GREENVILLE, Ohio (AP) — The Darke County Steam Threshers Assn., Inc., gets together each year to hold contests in sawing, threshing and baling for the big steam engines used a half-century ago. In one contest, a board is laid across a railroad tie. Drivers edge their engines on the board, trying to reach a center of balance so that the board — acting as a teeter-totter — does not tip to either side.

FOOD FOR AMERICANS

Mother-Professor Plans Breakfasts

OKLAHOMA teacher's family always shares breakfast together. There's more than food nutrition to be gained.

GAYNOR MADDOX
Newspaper Enterprise Assn.

Mother of 16-year-old twin girls and an 11-year-old son, Louise Wakelee, of Oklahoma State University, insists that all the family eat breakfast together. A nutritious breakfast, shared by all, is the best way to begin the working day. The Wakelee breakfast main dish may be ready-to-eat cereal, served with toast or hot breads; or pancakes or waffles with syrup and bacon or sausage; or fried corn meal mush or hot wholewheat cereal. At other times Mrs. Wakelee, the good looking twins and their brother go for French toast with syrup or jelly, or eggs with toast, together with bacon or sausage.

Mrs. Wakelee is assistant professor in the Food and Nutrition Dept. Neither she nor the children missed a day of work or school last year. "I spend my money on good groceries for the family, never on vitamin or mineral pills," she said. Interested in economy as well as nutritive value of food, this mother-professor often uses cereals in main dishes; oatmeal or cornflakes in ham loaf, cornflakes or rice cereal for coating liver, chicken, veal cutlets and eggplant.

Cereal Flake Ham Loaf
(Yield: One 9x5x1¼-inch loaf)

One pound ground pork, ½ pound ground ham, 2 cups cornflakes, 1 egg, ½ cup tomato juice, 1/3 cup grated onion, ½ teaspoon salt.

Combine ingredients; mix well. Press into loaf pan (9x5x3-inches). Bake in moderate oven (350 degrees F.) until done, 50 to 60 minutes.

It was Cervantes in his "Don Quixote" who wrote: "Make hay while the sun shines."

Will Ask County To Handle Relief Case in Newburgh

GOSHEN, N.Y. (AP) — A special resolution will be put before the Orange County Board of Supervisors Friday to have the county take over operation of Newburgh's welfare department.

County Attorney Thomas Hadaway made the announcement Wednesday after a meeting with Newburgh Welfare Commissioner Peter Petrillo Jr.

Joseph Mitchell, Newburgh city manager whose 13-point controversial welfare program is under a temporary restraint by State Supreme Court, has said he favors a merger because it will relieve Newburgh's fiscal burden in administering relief.

The 37-member county board will convene in Goshen.

More than four of every five oil wells drilled in the world are drilled in the United States.

Nostalgic Contests

GREENVILLE, Ohio (AP) — The Darke County Steam Threshers Assn., Inc., gets together each year to hold contests in sawing, threshing and baling for the big steam engines used a half-century ago. In one contest, a board is laid across a railroad tie. Drivers edge their engines on the board, trying to reach a center of balance so that the board — acting as a teeter-totter — does not tip to either side.

Will Toughen Curfew

CORNING, N.Y. (AP)—The city of Corning, reacting to police reports of increasing juvenile unruliness and petty crime, will toughen its curfew regulations Thursday.

Youths up to 18 years old must be off the streets by 10 p.m., unless accompanied by adults. Previously, the curfew applied after 11:30 p.m. and covered children up to 16 years old.

Extends Two Programs

House Votes Signal End of School Work

WASHINGTON (AP) —House passage of two-year extensions of two existing school programs signals the end of efforts to pass an extensive school aid bill this year —and probably next year, too.

By a 378-32 roll call Wednesday the House okayed extension of the National Defense Education Act and a special program aiding schools in federally congested areas.

Both programs previously had been wrapped in President Kennedy's bills providing broadscale aid to public schools.

The Senate, which passed most of Kennedy's original program, may hold out for a one-year extension of the two popular programs. Extension for only one year could set the stage for a new school aid battle next year.

The bill passed by the House provides $500 million to continue the Defense Education Act for two more years and $400 million to continue the impacted areas program.

The NDEA was enacted in 1958 in response to the challenge of Soviet space achievements. It provides federal aid in strengthening U.S. science, mathematics and language courses in high schools and colleges.

The impacted areas program provides money for construction of schools and payment of teacher salaries in areas crowded with the children of federal employes. Since it was enacted in 1950, $2 billion has been paid out to 3,800 school districts in every state.

During the brief debate Wednesday, Rep. Adam C. Powell, D-N.Y., chairman of the House Education and Labor Committee, all but closed the door to consideration of any general school aid bill until after next year's congressional election.

He said the temper of the present House indicated no worthwhile program could be enacted.

Powell's committee spent most of its time this session working on education bills which either were blocked in the House Rules Committee or rejected on the House floor.

Will Toughen Curfew

CORNING, N.Y. (AP)—The city of Corning, reacting to police reports of increasing juvenile unruliness and petty crime, will toughen its curfew regulations Thursday.

Youths up to 18 years old must be off the streets by 10 p.m., unless accompanied by adults. Previously, the curfew applied after 11:30 p.m. and covered children up to 16 years old.

Extends Two Programs

House Votes Signal End of School Work

WASHINGTON (AP) —House passage of two-year extensions of two existing school programs signals the end of efforts to pass an extensive school aid bill this year —and probably next year, too.

By a 378-32 roll call Wednesday the House okayed extension of the National Defense Education Act and a special program aiding schools in federally congested areas.

Both programs previously had been wrapped in President Kennedy's bills providing broadscale aid to public schools.

The Senate, which passed most of Kennedy's original program, may hold out for a one-year extension of the two popular programs. Extension for only one year could set the stage for a new school aid battle next year.

The bill passed by the House provides $500 million to continue the Defense Education Act for two more years and $400 million to continue the impacted areas program.

The NDEA was enacted in 1958 in response to the challenge of Soviet space achievements. It provides federal aid in strengthening U.S. science, mathematics and language courses in high schools and colleges.

The impacted areas program provides money for construction of schools and payment of teacher salaries in areas crowded with the children of federal employes. Since it was enacted in 1950, $2 billion has been paid out to 3,800 school districts in every state.

During the brief debate Wednesday, Rep. Adam C. Powell, D-N.Y., chairman of the House Education and Labor Committee, all but closed the door to consideration of any general school aid bill until after next year's congressional election.

He said the temper of the present House indicated no worthwhile program could be enacted.

Powell's committee spent most of its time this session working on education bills which either were blocked in the House Rules Committee or rejected on the House floor.

Ike Honorary Member

GETTYSBURG, Pa. (AP)—Former President Dwight D. Eisenhower now is an honorary member of the St. Lawrence Seaway Pioneers.

Dr. N. R. Danielian, president of the Great Lakes-St. Lawrence Association, presented Eisenhower with a membership to the Pioneers group Wednesday in a brief ceremony at Gettysburg.

The St. Lawrence Seaway Pioneers are made up of prominent Americans who, prior to 1954, advocated and worked for construction of the Seaway.

My stepfather will also be present. Where should he be seated.

A: One usher walking between two women would not be correct. However, both could be taken up the asile at the same time; your mother first on the arm of an usher and your grandmother following a short distance behind on the arm of another usher. Your stepfather would be seated next to your mother either in the front pew, or she may prefer to sit on the asile in the second pew. At any rate, your grandparents who are giving you your wedding should be seated in the front pew.

CYO Teenagers Make Trip to Auriesville

On Sunday, Sept. 3, the CYO of St. Philomena's Parish sponsored a trip to Auriesville Shrine of the American Martyrs. The 40 teenagers were chaperoned by Mr. and Mrs. Rishoff.

Along with the many hundreds of other pilgrims, the group joined the Rosary procession at the Ossernenon. This preceded the 12 o'clock Mass celebrated in the amphitheatre dedicated to Our Lady of the Martyrs. By special Papal Indult a group of Mohawk Indians from Canada sang the Mass in their native tongue. These are descendants of the same tribe of Indians who martyred a small band of Jesuit Missionaries to whom this shrine is dedicated.

Lemister-Diamond Wedding Is Announced; Ceremony Takes Place at St. Mary's Church

MR. AND MRS. FRANCIS C. DIAMOND
(Reynolds photo)

Miss Kathryn E. Lemister, daughter of Mr. and Mrs. Peter Lemister of 496 Albany Avenue, exchanged marriage vows on Sunday, Aug. 20 at St. Mary's Church, this city, with Francis Charles Diamond, son of Mrs. Charles Diamond of 21 Hanratty Street.

Officiating at the double ring ceremony was the Rev. Martin Schwellenberg, administrator of the Church of the Nativity, Poughkeepsie. Father Schwellenberg is a friend of the family.

The bride was given in marriage by her father. She wore a gown of white silk organza posed over summer taffeta designed with a modified scooped neckline, fitted bodice, long tapered sleeves which ended in points over the wrists and a bouffant hooped skirt appliqued with lace motifs. Her veil of imported silk illusion was gathered to a crown of seed pearls and Swedish crystals. She carried a lace covered prayer book with white Georgiana orchids, stephanotis and showers.

The bridegroom's sister-in-law, Mrs. June Diamond of Kingston, served as the matron of honor. She wore a silk organza gown of pastel orchid with scooped neckline, abbreviated sleeves, molded bodice and bouffant skirt with back panel of cascading ruffles. A short flirtation veil was gathered to a small crown of seed pearls. She carried a lace and satin fan with pink roses.

Mrs. Peter Lemister Jr., of Kingston, the bride's sister-in-law, and Miss Judy DeCicco of Kingston, the bride'e cousin served as attendants. Their gowns were styled identically to that worn by the honor attendant except in Nile green and pastel yellow. They carried lace and satin fans of yellow roses.

Dawn Lemister, the bride's niece, served as a junior bridesmaid in a powder blue gown with lace bodice, puff sleeves and full floor length skirt. She also wore a flirtation veil and carried yellow roses.

The bridegroom chose Peter Lemister Jr., the bride's brother, as his best man. Ushering were the bridegroom's brother, Charles Diamond and the bride's cousin, James DeCicco, both of Kingston. Thomas Diamond, the bridegroom's nephew, was the child ringbearer.

Approximately 140 guests were received at a reception given at The Capri. For her wedding trip the bride wore a gold dress, contrasting accessories and an orchid.

Mrs. Diamond was graduated from the Anderson School in Port Ewen and Kingston High School. Her husband is an alumnus of St. Peter's School and Kingston High School.

Mr. and Mrs. Diamond will reside on Claredon Avenue, this city.

'Vinegar Bible'

The "Vinegar Bible" was no named because of a misprint. In the parable of the vineyard, the word "vinegar" was substituted for "vineyard."

At the Markets

MEAT—Meat supplies continue unusually heavy for this time of year. The outlook is for even larger supplies as farmers step up marketings in the fall. Beef remains a good choice, particularly the high grade, top quality cuts. Don't overlook liver, with prices, as reported by the New York City Department of Markets, generally the lowest in 4 years. Broiler prices though higher than last month, are still below a year ago.

FISH—Fishery products, both fresh and frozen, give shoppers a wide choice. In fresh form select bluefish, butterfish, flounder, cod, porgies, whiting, swordfish, hard crabs, hard and soft clams, bay scallops, and shrimp. The oyster season is just starting. Frozen fish sticks, salmon. and whiting are also in good supply.

DAIRY PRODUCTS — American cheese production is much greater than last year and the recent 5-year average. Production through early August had reached 750 million pounds, nearly 20 per cent larger than a year ago. Generally good pastures throughout the country, resulting in high milk production, account for much of the gain in cheese output.

FRUIT — Although melons—cantaloupes, honeydews, and watermelons — continue to dominate fruit counters, the fall fruits are more in evidence. Shoppers will find a growing selection of pears, plums, prunes, grapes, and apples. Thompson Seedless grapes are a good low-cost choice. Harvest has started for the locally grown Clapp pears. Peaches are still available. Citrus fruit—limes, lemons, and California oranges,—give variety to fruits.

VEGETABLES—Late summer vegetables are abundant, but heavy rains may cause temporary price increases. Potatoes, particularly eastern potatoes, have been low priced most of the summer. A large eastern crop is now being harvested. Onion supplies are generous. New York is shipping large quantities of yellow onions, usually preferred for cooking. Spanish-type onions from the West are also available. Celery, sweet corn, cucumbers, carrots, eggplant, green peppers, tomatoes, lettuce, snap beans, and cauliflower are plentiful.

Rosary Society Plans Special Event

St. Mary's Rosary Society's annual Day of Recollection will be held Sunday, Sept. 17, at Daughters of Mary, Health of the Sick, Cragsmoor. There are still a few tickets available. Deadline for reservations will be Sunday, Sept. 10. For information or tickets contact Miss Joan L. Woinoski, 114 Spring Street.

Troop 66 Attends Wallkill Campout

Members and leaders of Girl Scout Troop 66 of Mt. Marion sponsored by the Plattekill Dutch Reformed Church of Mt. Marion participated in a three-day campout at Camp Wendy in Wallkill from Aug. 18 to 20.

On arrival at camp the girls cooked supper over camp fires and arranged bed rolls and tents. For three days the girls operated in three patrols and learned how to cook, plan and cleanup without the aid of gas or electricity.

Activities included interpatrol competitions, hikes, scavenger hunts and games. During special instruction periods mouth to mouth resuscitation, lashing and advanced fire lighting were featured.

On Saturday, Aug. 19 the girls built a fire overlooking Lake Louise and participated in group singing of popular Scout songs.

On Sunday, Catholic girls attended Mass at Wallkill and others attended services conducted at camp by Mrs. G. E. Holloran. Assisting Mrs. Holloran at camp were Mrs. R. Myer, Mrs. R. Poliachik, Mrs. E. Hulme, counselors, and Mr. Holloran.

Scouts participating in the campout were, Cheryl and Cindy Hulme, Linda Reiff, Loretta Slattery, Karen and Gayla Halloran, Mary Ann, Beverly and Evelyn Myer, Nancy Kremper, Nancy Hornbeck, Hanna and Christa Jung, Ada France, Marilyn Pranis, Janice Feddes, Carol Muller, Bonnie Haslam, Nancy Rose and Karen Kent, guest scout.

Transportation to and from camp was provided by A. Kent, R. Poliachik, E. Hulme and M. Slattery.

On Sunday, Sept. 3, the CYO of St. Philomena's Parish sponsored a trip to Auriesville Shrine of the American Martyrs. The 40 teenagers were chaperoned by Mr. and Mrs. Rishoff.

Along with the many hundreds of other pilgrims, the group joined the Rosary procession at the Ossernenon. This preceded the 12 o'clock Mass celebrated in the amphitheatre dedicated to Our Lady of the Martyrs. By special Papal Indult a group of Mohawk Indians from Canada sang the Mass in their native tongue. These are descendants of the same tribe of Indians who martyred a small band of Jesuit Missionaries to whom this shrine is dedicated.

Simple Explanation

NORMAN, Okla. (AP)—An Oklahoma University brochure said:

"Technically, the university's new high-speed computer is an asynochronous, parallel, highly flexible, binary research machine capable of performing either fixed-point of floating-point calculations."

And the brochure added:

"This explanation is just about as technical as most people care to get."

Lemister-Diamond Wedding Is Announced; Ceremony Takes Place at St. Mary's Church

MR. AND MRS. FRANCIS C. DIAMOND
(Reynolds photo)

Miss Kathryn E. Lemister, daughter of Mr. and Mrs. Peter Lemister of 496 Albany Avenue, exchanged marriage vows on Sunday, Aug. 20 at St. Mary's Church, this city, with Francis Charles Diamond, son of Mrs. Charles Diamond of 21 Hanratty Street.

Officiating at the double ring ceremony was the Rev. Martin Schwellenberg, administrator of the Church of the Nativity, Poughkeepsie. Father Schwellenberg is a friend of the family.

The bride was given in marriage by her father. She wore a gown of white silk organza posed over summer taffeta designed with a modified scooped neckline, fitted bodice, long tapered sleeves which ended in points over the wrists and a bouffant hooped skirt appliqued with lace motifs. Her veil of imported silk illusion was gathered to a crown of seed pearls and Swedish crystals. She carried a lace covered prayer book with white Georgiana orchids, stephanotis and showers.

The bridegroom's sister-in-law, Mrs. June Diamond of Kingston, served as the matron of honor. She wore a silk organza gown of pastel orchid with scooped neckline, abbreviated sleeves, molded bodice and bouffant skirt with back panel of cascading ruffles. A short flirtation veil was gathered to a small crown of seed pearls. She carried a lace and satin fan with pink roses.

Mrs. Peter Lemister Jr., of Kingston, the bride's sister-in-law, and Miss Judy DeCicco of Kingston, the bride'e cousin served as attendants. Their gowns were styled identically to that worn by the honor attendant except in Nile green and pastel yellow. They carried lace and satin fans of yellow roses.

Dawn Lemister, the bride's niece, served as a junior bridesmaid in a powder blue gown with lace bodice, puff sleeves and full floor length skirt. She also wore a flirtation veil and carried yellow roses.

The bridegroom chose Peter Lemister Jr., the bride's brother, as his best man. Ushering were the bridegroom's brother, Charles Diamond and the bride's cousin, James DeCicco, both of Kingston. Thomas Diamond, the bridegroom's nephew, was the child ringbearer.

Approximately 140 guests were received at a reception given at The Capri. For her wedding trip the bride wore a gold dress, contrasting accessories and an orchid.

Mrs. Diamond was graduated from the Anderson School in Port Ewen and Kingston High School. Her husband is an alumnus of St. Peter's School and Kingston High School.

Mr. and Mrs. Diamond will reside on Claredon Avenue, this city.

At the Markets

MEAT—Meat supplies continue unusually heavy for this time of year. The outlook is for even larger supplies as farmers step up marketings in the fall. Beef remains a good choice, particularly the high grade, top quality cuts. Don't overlook liver, with prices, as reported by the New York City Department of Markets, generally the lowest in 4 years. Broiler prices though higher than last month, are still below a year ago.

FISH—Fishery products, both fresh and frozen, give shoppers a wide choice. In fresh form select bluefish, butterfish, flounder, cod, porgies, whiting, swordfish, hard crabs, hard and soft clams, bay scallops, and shrimp. The oyster season is just starting. Frozen fish sticks, salmon, and whiting are also in good supply.

DAIRY PRODUCTS — American cheese production is much greater than last year and the recent 5-year average. Production through early August had reached 750 million pounds, nearly 20 per cent larger than a year ago. Generally good pastures throughout the country, resulting in high milk production, account for much of the gain in cheese output.

FRUIT — Although melons—cantaloupes, honeydews, and watermelons — continue to dominate fruit counters, the fall fruits are more in evidence. Shoppers will find a growing selection of pears, plums, prunes, grapes, and apples. Thompson Seedless grapes are a good low-cost choice. Harvest has started for the locally grown Clapp pears. Peaches are still available. Citrus fruit—limes, lemons, and California oranges,—give variety to fruits.

VEGETABLES—Late summer vegetables are abundant, but heavy rains may cause temporary price increases. Potatoes, particularly eastern potatoes, have been low priced most of the summer. A large eastern crop is now being harvested. Onion supplies are generous. New York is shipping large quantities of yellow onions, usually preferred for cooking. Spanish-type onions from the West are also available. Celery, sweet corn, cucumbers, carrots, eggplant, green peppers, tomatoes, lettuce, snap beans, and cauliflower are plentiful.

Rosary Society Plans Special Event

St. Mary's Rosary Society's annual Day of Recollection will be held Sunday, Sept. 17, at Daughters of Mary, Health of the Sick, Cragsmoor. There are still a few tickets available. Deadline for reservations will be Sunday, Sept. 10. For information or tickets contact Miss Joan L. Woinoski, 114 Spring Street.

Troop 66 Attends Wallkill Campout

Members and leaders of Girl Scout Troop 66 of Mt. Marion sponsored by the Plattekill Dutch Reformed Church of Mt. Marion participated in a three-day campout at Camp Wendy in Wallkill from Aug. 18 to 20.

On arrival at camp the girls cooked supper over camp fires and arranged bed rolls and tents. For three days the girls operated in three patrols and learned how to cook, plan and cleanup without the aid of gas or electricity.

Activities included interpatrol competitions, hikes, scavenger hunts and games. During special instruction periods mouth to mouth resuscitation, lashing and advanced fire lighting were featured.

On Saturday, Aug. 19 the girls built a fire overlooking Lake Louise and participated in group singing of popular Scout songs.

On Sunday, Catholic girls attended Mass at Wallkill and others attended services conducted at camp by Mrs. G. E. Holloran. Assisting Mrs. Holloran at camp were Mrs. R. Myer, Mrs. R. Poliachik, Mrs. E. Hulme, counselors, and Mr. Holloran.

Scouts participating in the campout were, Cheryl and Cindy Hulme, Linda Reiff, Loretta Slattery, Karen and Gayla Halloran, Mary Ann, Beverly and Evelyn Myer, Nancy Kremper, Nancy Hornbeck, Hanna and Christa Jung, Ada France, Marilyn Pranis, Janice Feddes, Carol Muller, Bonnie Haslam, Nancy Rose and Karen Kent, guest scout.

Transportation to and from camp was provided by A. Kent, R. Poliachik, E. Hulme and M. Slattery.

Sylvia Sutlovich Weds Donald Beesmer In Double Ring Ceremony at St. Peter's

MR. and MRS. DONALD W. BEEESMER
(Reynolds photo)

Miss Sylvia Phyllis Sutlovich, daughter of Mr. and Mrs. Santos Sutlovich of Stone Ridge, wed Donald Ward Beesmer, son of Ernest Beesmer Sr., Olive Bridge and the late Alberta Beesmer, Saturday, Aug. 26 at St. Peter's Church in Rosendale. Officiating was the Rev. John Curry assistant pastor. James Sweeney was organist and Mrs. James Sweeney was soloist.

Serving as maid of honor during the double ring ceremony was Miss Lois DiMeo of Kingston. Bridesmaids were Miss Marianne Erceg of Rosendale and Miss Patricia Ann Spadafora of Kingston. The bride's sister, Diana Lynn Sutlovich was flower girl.

Robert Wilkins of Shokan and James Rose of Olive Bridge were ushers and the bridegroom's brother, Ernest Beesmer Jr., of Olive Bridge, served as best man.

For her wedding, the bride wore a gown of romance lace fashioned with a fitted bodice, long tapered sleeves and a full floor length skirt which featured a black peplum. She also wore a tiara of seed pearls to which was attached a chapel length veil of French silk illusion. She carried a white orchid with streamers on a prayer book.

The maid of honor was gowned in romance pink nylon organza styled skirt, The waist was encircled with a matching satin cummerbund which ended in a back bow. She wore a circular tulle flirtation veil appliqued with velvet leaves. The bridemaids were dressed in gowns similar to that worn by the honor attendant except in bon bon pink. A romance pink gown was worn by the flower girl and in her hair she had a wreath of matching flowers.

Blush pink, deep pink and light pink glamellias were carried in cascade bouquets by the attendants.

A reception was given at Sportsmen's Park in Rosendale. Afterwards the couple left on a wedding trip to Lake George. The bride wore a light orange sheath with multiple striped jacket, bone colored accessories and an orchid.

Mrs. Beesmer was graduated from Marbletown Central School and Kingston High School. She is employed by Tom Reynolds, photographer. Her husband is an alumnus of Onteora High School and is employed by the S & E Laboratories in Stone Ridge.

Mr. and Mrs. Beesmer will reside in Olive Bridge.

Early Winners

Minnesota, Texas Girls Are Chosen

ATLANTIC CITY, N.J. (AP)—Miss Minnesota and Miss Texas have won first honors in preliminary judging at the Miss America Pageant.

Miss Minnesota, Nancee Ann Parkinson, 18, a 5-foot-6 blonde charmer from West St. Paul, Minn., won the swim suit contest in the first competitive event Wednesday night.

Too Shocked for Tears

Winner in the preliminary talent honors was Miss Texas, Linda Jacklyn Loftis, 19, of Fort Worth, Tex., who sang the aria, "Sempre Libera." She wore a gold lame and lace ball gown loaned her by a theater.

The opening rounds of the 35th Miss America Pageant drew an audience of 6,781.

"I was shocked. I was too excited to shed tears," said Miss Minnesota who appeared in a white, one-piece swimming suit. Miss Texas, a soloist with the Texas Christian University Symphony Orchestra, said she was taken by surprise—"I really didn't expect to win."

The preliminary competition will continue for two more days before the 10 semifinalists are selected Saturday night from the 55 entrants. Preliminary winners do not necessarily advance to the semifinals, since all girls are also judged on over-all poise, charm and personality.

Gown Winner Withheld

Judging in the third category, evening gowns, also got under way Wednesday night, but the winner was not announced to heighten the mystery of who will be named Miss America of 1962.

The winner will succeed Miss America of 1961, Nancy Anne Fleming of Montague, Mich.

Scouts Are Back From Canoe Trip In Adirondacks

Three Scouts and leaders of Troop 63, Ashokan, returned from a 92-mile canoe trip in the Adirondacks Sunday.

The trip started at Old Forge along the Fulton chain of lakes and included the Raquette River, Long Lake, Raquette Lake, Forked Lake and the Saranac Lakes. There was a total of eight miles of portages and a side trip was made to climb Ampersand mountain.

Weather was warm with frequent showers and a considerable portion of the trip was made in remote wilderness country. Overnight camps were made at the several leantos in the area where conservation projects were competed to make the boys eligible for the fifty-miler award.

Scouts Ken Aalto, Peter Dolce and John Gray were accompanied on the trip by Assistant Scoutmaster Bob Peck. The journey extended nine days from Aug. 26 to Sept. 3.

Reformed Church News and Notes

The Senior Choir of the Woodstock Reformed Church resumes its Thursday night rehearsals tonight under the direction of Mrs. Richard C. Braen. An invitation is extended to all who like to sing to participate in this acitvity. The rehearsals begin at 7:30 p. m.

The Sunday School Teachers hold their monthly meeting tonight at 8 o'clock in Room 7 of the Annex. Chester Wolven will again serve as superintendent, with Louis Wolff as his assistant.

A congregation-wide picnic will begin in the grove behind the church Saturday, Sept. 9, at 6 p. m. All members and friends of the church are urged to attend, each one bringing his own food.

On Sunday, the Sunday School resumes a full schedule with classes for all ages over two. Superintendent Wolven announces the following faculty:

Nursery (aged 2-3) — Mrs. Chester Wolven; kindergarten, (aged 4-5), Mrs. Rudolph Presiendorfer; primary (grades 1-3), to be announced; Junior (grades 4-6), Mrs. Karl Cousins, Allen Anthony; Junior high—Mrs. Rudolph Baumgarten; Senior high—Douglas Cammann; adult —the Rev. Wayne C. Olson. All classes will begin promptly at 9:30 a. m. All children and adults are invited to enroll.

Morning worship at 11 a. m. The pastor, the Rev. Wayne C. Olson, will deliver a sermon entitled "Who Is God?", the first in a series on "The Law of God."

Christian Endeavor meets at 7:30 p. m. in the church basement.

William Kroll, Reisenberg End Maverick Season

Two eminent musicians, William Kroll, violinist and Nadia Reisenberg, pianist, one of the best violin-piano duos performing today, brought the Maverick Concerts season to a brilliant close.

The program, consisting of three well-known violin-piano sonatas—Mozart C major, Brahms D minor and Richard Strauss E flat major op. 18,—all favorites of chamber music audiences, received a magnificent performance in which both players displayed their combined artistry.

Each of the listed works was developed with a well-rounded and carefully balanced interpretation, in which all details were subordinated to the style and structure demanded. There was a give and take between piano and violin, comparable to a dialogue in which ideas are exchanged. In this conversation, the piano, neither overpowering nor wrongly submissive, allowed the violin to sing out its phrases. The result was like transparent lace work, unfolding with a shimmering quality, delicate yet brilliant when necessary.

The capacity audience gave a cheering demonstration of its affection for Willie Kroll and its appreciation of this and other rewarding musical experiences made possible through the efforts of the altruistic Festival Committee.... SALVADOR LEY.

New Music for Violin, Piano At Byrdcliff

A concert of unusual merit and interest was given at the Byrdcliff Theatre last Sunday evening. This small house lends itself well for concerts, acoustically and otherwise, and is being used when The Turnau Opera is not performing.

With the help of M. Edgar Rosenblum and Ward Pinner, Yehudi Wyner has introduced a new type of concert. Featured was the violinist Mathew Raimondi, who was assisted at the piano by Mr. Wyner. The artists played (with the exception of the T major sonata by Brahms) a program of new works for violin and piano; pieces by Lou Rodgers (member of the Turnau Opera) Eric Salzmann Music Critic of New York Times) Billy Jim Layton and Matias Seiber.

One can conclude from this presentation of works for violin and piano, that the increase in the contribution to this field, by young composers of today, is positive in quality and quantity.

Even if all the performed works are not on the same level of excellence, it is positively essential that new works be initiated. Only through the frequent performance of new music can the public become acquainted with the musical expression of our time.

The five Studies for Violin and Piano by Billy Jim Layton (the young American composer) show a fine expressive sense and communicate the ideas of the writer in a variety of sonorous atonal planes and rhythmic patterns. This is a thoughtful work and a valuable addition to the violin-piano literature.

The same can be said of Matias Seiber's Concertstueck. Mr. Seiber, Schoenberg influenced, has an inventive, delicate musical palette, transparent and sensitive to the utmost. Lou Rodger's's three movements for the same combination, are sketchy in their brevity, although lively and dramatically intense. Eric Salzman's Partita for violin alone, can probably be considered an exercise type composition. It is technically well written, but not too inspired.

The violinist, Mathew Raimondi, is quite at home in contemporary mielieu and meets the demands of modern works very well. His technical and interpretative talent projects successfully the essence and the nature of today's idiom. Yehudi Wyner is to be applauded for his understanding support and well-rounded musicianship as collaborator at the piano . . . SALVADOR LEY.

Christian Science Theme Is: 'Substance'

Effective prayer will be a theme dealt with at Christian Science services Sunday in a Lesson-Sermon entitled "Substance."

Scriptural readings will include the account in Luke of the Master's parable about the two men, one a Pharisee and the other a publican, who went up into the temple to pray.

From "Science and Health With Key to the Scriptures" by Mary Baker Eddy this citation will be read (p. 2): "What are the motives for prayer? Do we pray to make ourselves better or to benefit those who hear us, to enlighten the infinite or to be heard of men? Are we benefited by praying? Yes, the desire which goes forth hungering after righteousness is blessed of our Father, and it does not return unto us void."

The Golden Text is from Hebrews (3): "We are made partakers of Christ, if we hold the beginning of our confidence stedfast unto the end."

Drywall Apprentice Training Class Planned

A drywall apprentice training program was discussed Wednesday night at a meeting of Gypsum Drywall Contractors Association of the Mid-Hudson Valley at Beekman Arms, Rhinebeck.

The program is being planned due to the shortage of qualified labor in the application of the product. The program will be sponsored and controlled by the association.

Training standards will be drawn up and voted on at a special meeting Thursday, Sept. 14, at Beekman Arms.

The training program should be underway by the end of the month. Training films and slides on drywall construction were shown. The films were supplied by representatives of United States Gypsum Co., Ross Evens and Robert Decker.

Evens spoke on the highlights of new and improved drywall systems.

End Week's Visit

WARSAW (AP) — Mrs. Eunice Shriver and Mrs. Jean Smith, President Kennedy's sisters, left Warsaw today after a week's visit to Poland.

They spent Wednesday night in Warsaw with Prince Janusz Radziwill, whose son, Prince Stanislaus Radziwill of London, is married to Jacqueline Kennedy's sister.

Mrs. Shriver will go to Copenhagen to join her mother, Mrs. Joseph P. Kennedy, for the wedding of U.S. Ambassador William McCormick Blair on Saturday. Mrs. Smith will spend two days in Paris and then return to the United States.

58 Are Slaughtered

JAKARTA, Indonesia (AP) — Darul Islam terrorists slaughtered 58 villagers in West Java near Bandung Wednesday, the Antara news agency reported.

The terrorists, who want to convert Indonesia into a militantly Moslem state, swept down on four villages, shooting indiscriminately, burning and looting. They razed 130 houses, looted food supplies and fled into the jungled mountains.

We The Women

Sick Philosophy Surrounds Our Young People of Today

"I know he loves me because every time he hits me, he sits down and cries."

That was the plea of a 16-year-old wife who didn't want her 19-year-old husband charged with murder for trying to run her down with his automobile.

Don't be surprised if you hear those words again. They would fit quite naturally in one of those sick-sick-sick songs that sell so many records.

They could be used with no change at all in a Tennessee Williams play.

They wouldn't even sound out of place in a psychological TV western—the kind where the bad men aren't really bad, just sick-sick-sick.

Almost any writer of paperback who-dun-its could spin a yarn about a heroine who says, "I know he loves me because every time he hits me he sits down and cries."

In fact, that's the kind of sick philosophy we find so often in our fiction, plays, TV shows and song lyrics—we've become calloused to it.

Still, it comes as quite a shock when the "heroine" who utters that kind of sick statement isn't a character in a novel or play or song, but a 16-year-old bride who honestly believes that warped philosophy of life.

It makes wou wonder where she got her strange notions about love—from the movies, from television, from novels or from the juke box. It could have come from any of them, for, the sick-sick-sick philosophy has invaded them all.

BETWEEN YOU 'N' ME ... by MURRAY

The Reds are doing a pretty good job of screening the bad tendon in Frank Robinson's throwing arm . . . because so far the other clubs haven't been running on the star outfielder . . . who also has the Cincy brass worried stiff about his bad right knee, which put him in a hitting slump. . . .

Ernie Davis

Talk to a Hall of Fame official, and you'll get a story of baseball's almost total neglect of its shrine at Cooperstown . . . with a claim that of all the major league owners, only three have ever bothered to pay it a visit. . . .

* * *

Our summer book favorite for the Heisman Award is Ernie Davis, Syracuse's halfback slasher . . . who is popularly supposed to have landed on the Onondage campus through the efforts of Jimmy Brown, whose records he now threatens to break . . . the truth is that when Ernie was a high school senior at Elmira and Brown came to a function with Coach Ben Schwartzwalder specifically to recruit, the townspeople crowded him so he could never get to Davis until he was going out of the door . . . and barely had time to say, "You go to Syracuse, Ernie." . . .

Young Cassius Clay, being built up as next for Floyd Patterson, could run into a toughie if Alex Miteff sticks to the training pace set for him by his stablemate . . . who is welterweight champ Emile Griffith and drives the Argentinian to stay in shape. . . .

* * *

Chances are Ed Johns' football future wouldn't be blighted if the knee-scarred Miami star had stuck to quarterback, his job last year . . . but he just didn't want to call signals. . . . The Hurricanes once rated him so poor a prospect they didn't lift a finger of tutoring help when he was on the verge of flunking out. . . .

The Madison Square Garden offer to help out small boxing clubs up to $5,000 per was designed to provide an arena for such kids as Bronxite Billy Bello . . . whom they like to build. . . .

* * *

Wyoming has All-America hope for Chuck Lamson, a quarterback out of Ames . . . which is where Iowa State happens to be quartered . . . and where Chuck's father is the assistant basketball coach. . . . Lamson started school there but hopped to Wyoming when his pop's boss, Bill Strannigan, switched to Laramie. . . .

The kid's got a wry sense of humor. . . . When he was clobbered on a numbered off-tackle play last year, as the boys straggled back to the huddle, he dead-panned, "Fellows, we're gonna scratch No. 16." . . .

* * *

From the pro wars: Dutch Van Broclin has already adjusted his Minnesota offense to the three-end system — partly because there is no depth behind starting halfbacks Tommy Mason and Hugh McElhenny (who'll alternate) . . . partly because rookie Mason has had newcomer jitters hanging onto the ball . . . trouble with the Colts on the exhibition trail is that the offensive line hasn't been able to keep the swarms off Johnny Unitas. . . . Washington insists Ralph Guglielmi is on the spot as cutdown time nears. . . . Giant Lee Grosscup isn't sitting so pretty, either. . . .

The Eagles' chances to repeat get a big boost from Redskin scout Tim Temerario . . . who calls them "one of the finest teams I've ever seen—particularly in their offensive and defensive line."

* * *

It's a matter of taste. . . . Steeler quarterback Bobby Layne disdains a face mask and wears special light pads to give him freedom. . . . Viking field general George Shaw, who has felt the injury whip, says, "I'll take anything I can use." . . .

Between you'n'me, a lot of eastern division clubs like to deal with the Los Angeles Rams because they believe the talent-stocked westerners are clouded by personal rather than prsonnel considerations . . . and tend to under-rate their boys. . . .

Spada or Maines Will Face Acker In First Game

The 1961 NY-NJ League's championship series between the Poughkeepsie Ho-Bos and Kingston Braves opens Saturday, Sept. 9, at 8 p. m. at Riverview Field In Poughkeepsie.

The second game of the best-of-three playoff is scheduled Saturday, Sept. 16, at Dietz Stadium in Kingston at 8 p. m. A third game, if necessary, will be played at Poughkeepsie on September 20.

Series arrangements were announced today and General Manager Fred Davi of Kingston said he would start either Mike Spada or Bob Maines against the Bridge City powerhouse.

With one of the strongest teams in the league's history, the Ho-Bos remain solid favorites to win the championship. They defeated Kingston three times this season. En route to the Eastern Division championship, the Poughkeepsie squad reeled off 18 straight wins before bowing to Beacon.

Kingston won the Western Division title with 14 victories and 6 defeats.

Acker to Start

Tom Acker, former Cincinnati Reds relief pitcher who has won 12 straight games, will start for Poughkeepsie.

Dave Centi, an obvious choice for league MVP, heads a Poughkeepsie powerhouse which includes three "400" hitters and several .300 sluggers. Centi, hitting .414, collected 29 hits in 70 at bats, including 6 doubles, 4 triples, 3 home runs and 28 runs batted in.

The Ho-Bos boast two other "400" hitters in Howie Mann (420) and Roger Callahan (413). Other regulars include player-manager Bill Ostrom (346). Bob McKenna (348) and Cart Bates (321).

Acker won 12 straight games without a loss in the Ho-Bos 18-game winning streak. He pitched 105 innings, giving up 66 hits, 26 walks and striking out 131. He yielded only 18 earned runs.

Kingston's top hitters are Dave Musco (338), Hal Lewis (328), Charlie Pike (333) and Doug Holmquist (322). The latter is the power man on the team with 4 triples and two home runs.

Three neutral umpires—Ernie Downer of Cold Springs, Art Kalaka and Babe Adams of Beacon—will work the series.

New Regulations To Extend Time Aid to Patterson

HERSHEY, Pa. (AP) — The National Boxing Association, winding up its 42nd annual convention, today was expected to approve a proposal which would extend from 6 to 12 months the period in which a heavyweight champion must defend his title.

The change would benefit heavyweight champion Floyd Patterson, who, under present NBA rules, could be stripped of his title for not making a defense before next Wednesday. On that date six months will have elapsed since Patterson's last defense, his third bout with Ingemar Johannson.

The championships committee Wednesday drafted and unanimously approved the proposal.

The six-month time limit still will apply to all other divisions.

Dodgers Clobber Giants 9-5; Reds Lose to Cardinals 11-5

By ED WILKS
Associated Press Sports Writer

The Los Angeles Dodgers have scrapped back to within one game of Cincinnati's stumbling Reds in the National League pennant race.

After blowing a 3-0 lead against San Francisco Wednesday night the Dodgers went to work, coming from behind with a five-run eighth for a 9-5 victory.

Cincinnati lost to St. Louis 11-5.

While the Dodgers swept their four-game series with San Francisco, still hopeful Milwaukee beat Philadelphia 1-0 as Warren Spahn nailed his 306th career victory, most ever in one league by a left-handed pitcher. The Chicago Cubs defeated Pittsburgh 6-2.

The Dodgers got started on the big eighth when Frank Howard, who had singled home two runs in the first, rifled a single that almost knocked down losing reliever Stu Miller (10-4) of the Giants. Willie Davis went in as a pinch runner, stole second and scooted on to third on catcher Ed Bailey's wild peg. Pinch hitter Norm Larker brought him in with a single, tying it 5-all, and John Roseboro followed with a pinch double that gave Los Angeles the lead. An error, a walk, Wally Moon's two-run single and a force out by Snider brought in the other three. Snider also hit a solo home run in the fifth.

Roger Craig (5-6), fourth of six Dodger pitchers, was the winner. He faced just one man after Larry Sherry had to leave in the eighth because of arm trouble. The Giants wiped out the Dodgers' 3-0 lead with home runs by Jim Davenport, Felipe Alou and Orlando Cepeda off starter Sandy Koufax.

St. Louis twice came from behind against the Reds after knocking out their ace right-hander, 19-game winner Joey Jay, with two runs in the first inning. A two-run sixth on two of the Reds' four errors, Stan Musial's sacrifice fly and Ken Boyer's single, put it away and beat reliever Jim Maloney (6-6).

Right - hander Larry Jackson (12-9), a winner in nine of his last 10 decisions, settled down after walking three men on 12 consecutive pitches in a three-run third and held the Reds to one run, a homer by Jerry Lynch, over the last six innings.

Spahn (18-12), closing in on his 12th season of 20 or more victories, beat Eddie Plank's record of 305 victories, all in the AL, by blanking the Phils on three singles. It was Spahnie's 54th career shutout.

The Braves, now six games in back of Cincinnati, had five hits, scoring in the first inning off John Buzhardt (5-16) on a walk, Ed Mathews' single and Hank Aaron's sacrifice fly.

Olean Nips Pair To Lead Geneva; Batavia Wins 2-1

By THE ASSOCIATED PRESS

The best Olean could do in the regular New York-Penn League season was fourth place. The best the Red Sox could do in the playoff finals was the best.

The Sox swept the final best-of-three series 2-0 Wednesday night trimming Batavia 7-4 in the wind-up thriller at Olean, and ring down the curtain on another season in organized baseball's oldest Class D league.

The batting stars in Wednesday night's victory were Homer (well-named) Green and Gene Beard. Green cracked a two run homer and drove in a third run, while Beard chased two mates across for scores with a single and a double.

Olean defeated pennant-winner Geneva 2-1 in their best-of-three semi-final series, while Batavia, third in the regular season, ousted runner-up Erie 2-1.

Six more. Two every five games. That's all it will take now for Roger Maris to hit 60 home runs and tie Babe Ruth's long elusive record.

After belting No. 54, for his first hit in 17 at bats, as the New York Yankees clobbered Washington 8-0 Wednesday, Maris is seven games ahead of Ruth's record pace of 1927.

Mickey Mantle, who has paired with Maris for half of the Yankees' AL record setting 210 homers this season, was 0-for-2, walking twice Wednesday and now is one game and one home run behind Ruth's pace. Mantle has hit 51.

Pushed to the background as Maris' 54th set off an awesome display of five Yankee home runs Wednesday was the fact that Whitey Ford became the first left-hander to win 23 games in the AL since 1952 and that New York powered eight games ahead of idle Detroit.

The Chicago White Sox beat Minnesota twice, 6-3 and 4-2 in 10 innings, and Boston clipped Cleveland 9-4 in the only other AL games scheduled.

Maris' solo home run, his ninth against Washington, broke up a scoreless duel between Ford (23-3) and Tom Cheney (1-3) and got the Yankees started on a five-run fourth inning after two were out. John Blanchard belted two. Bill Skowron and Bob Hale hit the other home runs.

Ford allowed five hits and struck out seven. The win reduced the Yanks' magic number to 16—any combination of New York victories or Detroit defeats totaling 16 clinches the flag.

The White Sox banged 13 hits, one a homer by Nellie Fox, and beat Pete Ramos (10-17) as Juan Pizarro (13-5) won his seventh in a row in the first game at Minnesota, a replay of Tuesday's 3-3 tie. Two unearned runs in the 10th won the second game for the Sox and Don Larsen (7-1). Camilo Pascual (12-15) was the loser.

Rookie Carl Yastrzemski drove in four runs, three with a homer, for Boston. Rookie Don Schwall (14-4) kept the Indians in check although allowing 11 hits. Jim Perry (9-13) lost it.

Major League Stars

By THE ASSOCIATED PRESS

Pitching — Warren Spahn, Braves, beat Phils 1-0 with three-hitter, walking just one and striking out six, for ninth straight complete game victory and 306th career victory, a major league record by a left-hander in one league.

Hitting — Ken Boyer, Cards, went 3-for-4 and broke 5-5 tie with sixth-inning single in 11-5 victory over first place Reds.

Mrs. Shute Gains Finals In Women's Net Tourney

The defending champion, Mrs. "Clem" Shute of Woodstock has reached the finals of the Kingston Tennis tournament.

The Woodstock veteran turned back Miss Pat Boyd in straight sets, 6-0, 6-3, in the semi-final round. Opposing her in finals will be the winner of a mother-daughter match.

Kitty Fowler beat Eva Clemens, 6-3, 6-1, and the victory permitted her to play her mother, Mrs. Mary Fowler, in a semi-final match. So it will be mother against daughter in their bid to take the crown away from Mrs. Shute.

Tournament experts feel that mother still has a good deal of tennis to teach her daughter and she should win this one without too much difficulty.

Other Results

In other matches, Dick Smith and Dick Little defeated Pete Zeeh and Noel Bonacci, 6-2, 6-2, in the men's doubles to enter the final round. Smith and Little will play the Shute-Baron team for the men's doubles crown on Saturday.

In mixed doubles competition, Pat Boyd and Dick Smith defeated the father and daughter team of Nick and Barbara Fowler, 6-3, 2-6, 6-2. Ed Lindhurst and Carol Blackwell defeated the husband and wife team of Dr. John and Ruth Roberts, 6-3, 6-4.

Carvolio Birds In Clean Sweep

Eddie Carvolio of Highland had the winning entry in the 100-mile Y. B. bird pigeon race from Witney Point. There were 700 birds taking part from 50 lofts. Birds were liberated at 6:45 a. m., with the weather very cloudy.

The winning bird covered the distance of 110 miles to its loft in 2 hours, 50 minutes for a speed of 1040 yards per minute. Second place bird was owned by Eddie Carvolio with a speed of 1030 yards pr minute. He also owned the third place bird which averaged 1020 yards per minute.

The other bird placing in the contest was owned by John Keller and averaged 1015 yards per minute.

The Eagles' chances to repeat get a big boost from Redskin scout Tim Temerario . . . who calls them "one of the finest teams I've ever seen—particularly in their offensive and defensive line."

* * *

It's a matter of taste, . . . Steeler quarterback Bobby Layne disdains a face mask and wears special light pads to give him freedom. . . . Viking field general George Shaw, who has felt the injury whip, says, "I'll take anything I can use." . . .

Between you'n'me, a lot of eastern division clubs like to deal with the Los Angeles Rams because they believe the talent-stocked westerners are clouded by personal rather than prsonnel considerations . . . and tend to under-rate their boys. . . .

Spada or Maines Will Face Acker In First Game

The 1961 NY-NJ League's championship series between the Poughkeepsie Ho-Bos and Kingston Braves opens Saturday, Sept. 9, at 8 p. m. at Riverview Field in Poughkeepsie.

The second game of the best-of-three playoff is scheduled Saturday, Sept, 16, at Dietz Stadium in Kingston at 8 p. m. A third game, if necessary, will be played at Poughkeepsie on September 20.

Series arrangements were announced today and General Manager Fred Davi of Kingston said he would start either Mike Spada or Bob Maines against the Bridge City powerhouse.

With one of the strongest teams in the league's history, the Ho-Bos remain solid favorites to win the championship. They defeated Kingston three times this season. En route to the Eastern Division championship, the Poughkeepsie squad reeled off 18 straight wins before bowing to Beacon.

Kingston won the Western Division title with 14 victories and 6 defeats.

Acker to Start

Tom Acker, former Cincinnati Reds relief pitcher who has won 12 straight games, will start for Poughkeepsie.

Dave Centi, an obvious choice for league MVP, heads a Poughkeepsie powerhouse which includes three "400" hitters and several .300 sluggers. Centi, hitting .414, collected 29 hits in 70 at bats, including 6 doubles, 4 triples, 3 home runs and 28 runs batted in.

The Ho-Bos boast two other "400" hitters in Howie Mann (420) and Roger Callahan (413). Other regulars include player-manager Bill Ostrom (346), Bob McKenna (348) and Cart Bates (321).

Acker won 12 straight games without a loss in the Ho-Bos 18-game winning streak. He pitched 105 innings, giving up 66 hits, 26 walks and striking out 131. He yielded only 18 earned runs.

Kingston's top hitters are Dave Musco (338), Hal Lewis (328), Charlie Pike (333) and Doug Holmquist (322). The latter is the power man on the team with 4 triples and two home runs.

Three neutral umpires—Ernie Downer of Cold Springs, Art Kalaka and Babe Adams of Beacon—will work the series.

New Regulations To Extend Time Aid to Patterson

HERSHEY, Pa. (AP) — The National Boxing Association, winding up its 42nd annual convention, today was expected to approve a proposal which would extend from 6 to 12 months the period in which a heavyweight champion must defend his title.

The change would benefit heavyweight champion Floyd Patterson, who, under present NBA rules, could be stripped of his title for not making a defense before next Wednesday. On that date six months will have elapsed since Patterson's last defense, his third bout with Ingemar Johannson.

The championships committee Wednesday drafted and unanimously approved the proposal.

The six-month time limit still will apply to all other divisions.

Dodgers Clobber Giants 9-5; Reds Lose to Cardinals 11-5

By ED WILKS
Associated Press Sports Writer

The Los Angeles Dodgers have scrapped back to within one game of Cincinnati's stumbling Reds in the National League pennant race.

After blowing a 3-0 lead against San Francisco Wednesday night the Dodgers went to work, coming from behind with a five-run eighth for a 9-5 victory.

Cincinnati lost to St. Louis 11-5.

While the Dodgers swept their four-game series with San Francisco, still hopeful Milwaukee beat Philadelphia 1-0 as Warren Spahn nailed his 306th career victory, most ever in one league by a left-handed pitcher. The Chicago Cubs defeated Pittsburgh 6-2.

The Dodgers got started on the big eighth when Frank Howard, who had singled home two runs in the first, rifled a single that almost knocked down losing reliever Stu Miller (10-4) of the Giants. Willie Davis went in as a pinch runner, stole second and scooted on to third on catcher Ed Bailey's wild peg. Pinch hitter Norm Larker brought him in with a single, tying it 5-all, and John Roseboro followed with a pinch double that gave Los Angeles the lead. An error, a walk, Wally Moon's two-run single and a force out by Snider brought in the other three. Snider also hit a solo home run in the fifth.

Roger Craig (5-6), fourth of six Dodger pitchers, was the winner. He faced just one man after Larry Sherry had to leave in the eighth because of arm trouble. The Giants wiped out the Dodgers' 3-0 lead with home runs by Jim Davenport, Felipe Alou and Orlando Cepeda off starter Sandy Koufax.

St. Louis twice came from behind against the Reds after knocking out their ace right-hander, 19-game winner Joey Jay, with two runs in the first inning. A two-run sixth on two of the Reds' four errors, Stan Musial's sacrifice fly and Ken Boyer's single, put it away and beat reliever Jim Maloney (6-6).

Right - hander Larry Jackson (12-9), a winner in nine of his last 10 decisions, settled down after walking three men on 12 consecutive pitches in a three-run third and held the Reds to one run, a homer by Jerry Lynch, over the last six innings.

Spahn (18-12), closing in on his 12th season of 20 or more victories, beat Eddie Plank's record of 305 victories, all in the AL, by blanking the Phils on three singles. It was Spahnie's 54th career shutout.

The Braves, now six games in back of Cincinnati, had five hits, scoring in the first inning off John Buzhardt (5-16) on a walk, Ed Mathews' single and Hank Aaron's sacrifice fly.

Olean Nips Pair To Lead Geneva; Batavia Wins 2-1

By THE ASSOCIATED PRESS

The best Olean could do in the regular New York-Penn League season was fourth place. The best the Red Sox could do in the playoff finals was the best.

The Sox swept the final best-of-three series 2-0 Wednesday night trimming Batavia 7-4 in the windup thriller at Olean, and ring down the curtain on another season in organized baseball's oldest Class D league.

The batting stars in Wednesday night's victory were Homer (well-named) Green and Gene Beard. Green cracked a two run homer and drove in a third run, while Beard chased two mates across for scores with a single and a double.

Olean defeated pennant-winner Geneva 2-1 in their best-of-three semi-final series, while Batavia, third in the regular season, ousted runner-up Erie 2-1.

Six more. Two every five games. That's all it will take now for Roger Maris to hit 60 home runs and tie Babe Ruth's long elusive record.

After belting No. 54, for his first hit in 17 at bats, as the New York Yankees clobbered Washington 8-0 Wednesday, Maris is seven games ahead of Ruth's record pace of 1927.

Mickey Mantle, who has paired with Maris for half of the Yankees' AL record setting 210 homers this season, was 0-for-2, walking twice Wednesday and now is one game and one home run behind Ruth's pace. Mantle has hit 51.

Pushed to the background as Maris' 54th set off an awesome display of five Yankee home runs Wednesday was the fact that Whitey Ford became the first left-hander to win 23 games in the AL since 1952 and that New York powered eight games ahead of idle Detroit.

The Chicago White Sox beat Minnesota twice, 6-3 and 4-2 in 10 innings, and Boston clipped Cleveland 9-4 in the only other AL games scheduled.

Maris' solo home run, his ninth against Washington, broke up a scoreless duel between Ford (23-3) and Tom Cheney (1-3) and got the Yankees started on a five-run fourth inning after two were out. John Blanchard belted two. Bill Skowron and Bob Hale hit the other home runs.

Ford allowed five hits and struck out seven. The win reduced the Yanks' magic number to 16—any combination of New York victories or Detroit defeats totaling 16 clinches the flag.

The White Sox banged 13 hits, one a homer by Nellie Fox, and beat Pete Ramos (10-17) as Juan Pizarro (13-5) won his seventh in a row in the first game at Minnesota, a replay of Tuesday's 3-3 tie. Two unearned runs in the 10th won the second game for the Sox and Don Larsen (7-1). Camilo Pascual (12-15) was the loser.

Rookie Carl Yastrzemski drove in four runs, three with a homer, for Boston. Rookie Don Schwall (14-4) kept the Indians in check although allowing 11 hits. Jim Perry (9-13) lost it.

Mrs. Shute Gains Finals In Women's Net Tourney

The defending champion, Mrs. "Clem" Shute of Woodstock has reached the finals of the Kingston Tennis tournament.

The Woodstock veteran turned back Miss Pat Boyd in straight sets, 6-0, 6-3, in the semi-final round. Opposing her in finals will be the winner of a mother-daughter match.

Kitty Fowler beat Eva Clemens, 6-3, 6-1, and the victory permitted her to play her mother, Mrs. Mary Fowler, in a semi-final match. So it will be mother against daughter in their bid to take the crown away from Mrs. Shute.

Tournament experts feel that mother still has a good deal of tennis to teach her daughter and she should win this one without too much difficulty.

Other Results

In other matches, Dick Smith and Dick Little defeated Pete Zeeh and Noel Bonacci, 6-2, 6-2, in the men's doubles to enter the final round. Smith and Little will play the Shute-Baron team for the men's doubles crown on Saturday.

In mixed doubles competition, Pat Boyd and Dick Smith defeated the father and daughter team of Nick and Barbara Fowler, 6-3, 2-6, 6-2. Ed Lindhurst and Carol Blackwell defeated the husband and wife team of Dr. John and Ruth Roberts, 6-3, 6-4.

Thomas, Greiner Pitch Babe Ruth Loop Wins

Roger Slams 54th; Whitey Gets 23rd as Yankees Win

By JOE REICHLER
Associated Press Sports Writer

NEW YORK (AP) — Roger Maris, a man of definite opinion, took issue today with those who claim that Yankee Stadium, a paradise for left-handed hitters, has been helpful in his bid to break Babe Ruth's record.

"I agree that this park has got to help a left-handed hitter like myself," he conceded. "But I still think I'd have hit just as many, or nearly as many, if I were still playing with Kansas City.

"Check my home runs and you'll find that I have hit more home runs on the road than at home. I don't know how many I hit in other parks this year but I know last year I hit 26 or 27 of my 39 on the road."

The records bear that out. Roger slammed No. 54 of the season at Yankee Stadium Wednesday as Whitey Ford won his 23rd with a five-hit 8-0 decision over Washington. The victory increased the New York Yankees' first place lead over Detroit to eight games.

Seven Games Ahead

Maris's homer, putting him seven games ahead of Ruth's pace when the Babe slammed 60 in 1927, was Rog's 26th at Yankee Stadium. The other 28 have been hit in foreign fields. Mickey Mantle, who walked twice but failed to hit any out of the park, has hit 29 of his 51 in enemy territory.

Maris' homer No. 54 was caught by teammate Bob Hale in the Yankee bullpen. The reserve first baseman presented it to Roger for his collection.

"I began saving them after I reached the 40's," Maris explained. "Every homer I hit after 40 I kept thinking might be my last one so I figured I might as well save them."

Maris writes the date and number on each home run ball that is returned to him. He didn't know how many he had because he gave some of them away to friends.

"No more," he said. "From now on, I'm going to keep every one of them."

He conceded they might be harder to come by from now because "those pitchers are changing up on me a lot more now. I'm not getting many pitches over the plate. They're either outside or inside. I really don't expect any down the pipe. When one comes, I'm surprised."

Spahn Gets 18th Win as Phillies Are Blanked 1-0

MILWAUKEE (AP) — The Milwaukee Braves new manager, Birdie Tebbetts, was asked, "What's it like to have Warren Spahn on your side?

"Great," answered Tebbetts. "He's a miracle man."

The 40-year-old left-hander was the master of his trade Wednesday night as he stopped the Philadelphia Phillies on three hits for a 1-0 victory that enabled the Braves to climb to within six games of front-running Cincinnati.

But after the game was over, as the list of achievements that comes with each Spahn appearance was still being counted, the miracle man admitted that he worried.

The victory was Spahn's 18th of the season and left him only two short of his 12th campaign of 20 or more triumphs. He has a dozen defeats.

He had only an 8-11 record after the first All-Star game and the figures were beginning to bother, Spahn said.

"When you're not winning, you start worrying," he said. "I became concerned over whether I would continue to start. When you're in that kind of a situation you don't lose your own confidence, but begin to wonder about your employer's confidence in you.

"You worry about some other guy taking your place and the manager's thinking that maybe you're finished. I've got the greatest job in baseball—I'm a starting pitcher. I want to keep it that way."

Former Raps Homer; Greiner Slams Triple

Gary Greiner pitched a 2-hitter and struck out 15, as the Kingston Patrolmen's Association downed the 35 Club, 6 to 2, in the Babe Ruth League Wednesday night.

In the companion game, the Knights of Columbus trounced Kiwanis, 11-3, behind the 3-hit pitching of Ronnie Thomas, who also fanned 15 batters.

Thomas helped his own cause with a single and home run, while Greiner slammed two singles and a two-run triple to round out a big day for both pitchers.

The KPA squad had a pair of 3-run innings and made six hits good for six runs off Mike Smedes and Vince Crantz.

Two of the Kiwanis hits yielded by Thomas were doubles by Mike Burns, one of the four Kiwanis pitchers. Pete Roberts rapped a single and double for the Knights and Dave Horton hit another.

State Lists New Fees for Special Archery Permits

The New York State Conservation Department announced today that under a new law, the cost of a non-resident special archery license has been raised from $10 to $20.75. The fee for residents is unchanged ($5.25).

The increase for non-residents, which takes effect this fall, brings the fee in line with that charged by the neighboring states of Connecticut, New Jersey, Pennsylvania and Vermont, where the average cost of a non-resident license is $17.71. It also puts non-resident archers on the same footing with out-of-state gunners who pay $20.75 for a New York big-game license, the department said.

Under the new regulation, non-resident archers have to buy a New York hunting license ($10.75 for out-of-staters) before they can obtain a special archery license ($10) which permits them to hunt big game with a longbow during both the archery season and the regular hunting season.

The state's archery season runs Oct. 11-24 in the Northern Zone, and Nov. 6-19 in the Southern Zone with the exception of Westchester County. The bag limit is one deer of either sex and one bear.

In Westchester, bow-and-arrow hunters can take one deer of either sex Nov. 1-Dec. 31.

Stock Car Stars To Compete for Langhorne Start

Five area stock car drivers are favored competitors to win the 1961 National Open Championship Qualifying race Friday night at Arlington Speedway.

They are D. D. Harris of Poughkeepsie; Paul Dickinger of West Hurley; Walt Schubert of Cold Spring; Harry Brazee of Torrington, Conn., and Bud Glass of West Hurley.

Many others will be in the stellar field that will face the starting flag tomorrow. The night's card will get underway at 8:30.

At stake for the winner is a guaranteed starting position in the nation's richest sportsman race, the $12,000 100-mile national open championship race which will be held this year on Sunday, Oct. 8, at Langhorne Speedway, Pennsylvania.

The traditional Langhorne Speedway silver bowl award which is given annually to each qualifying race winner, will be presented to the winner at Arlington immediately following Friday's feature race.

Thomas, Greiner Pitch Babe Ruth Loop Wins

Roger Slams 54th; Whitey Gets 23rd as Yankees Win

By JOE REICHLER
Associated Press Sports Writer

NEW YORK (AP) — Roger Maris, a man of definite opinion, took issue today with those who claim that Yankee Stadium, a paradise for left-handed hitters, has been helpful in his bid to break Babe Ruth's record.

"I agree that this park has got to help a left-handed hitter like myself," he conceded. "But I still think I'd have hit just as many, or nearly as many, if I were still playing with Kansas City.

"Check my home runs and you'll find that I have hit more home runs on the road than at home. I don't know how many I hit in other parks this year but I know last year I hit 26 or 27 of my 39 on the road."

The records bear that out. Roger slammed No. 54 of the season at Yankee Stadium Wednesday as Whitey Ford won his 23rd with a five-hit 8-0 decision over Washington. The victory increased the New York Yankees' first place lead over Detroit to eight games.

Seven Games Ahead

Maris's homer, putting him seven games ahead of Ruth's pace when the Babe slammed 60 in 1927, was Rog's 25th at Yankee Stadium. The other 28 have been hit in foreign fields. Mickey Mantle, who walked twice but failed to hit any out of the park, has hit 29 of his 51 in enemy territory.

Maris' homer No. 54 was caught by teammate Bob Hale in the Yankee bullpen. The reserve first baseman presented it to Roger for his collection.

"I began saving them after I reached the 40's," Maris explained. "Every homer I hit after 40 I kept thinking might be my last one so I figured I might as well save them."

Maris writes the date and number on each home run ball that is returned to him. He didn't know how many he had because he gave some of them away to friends.

"No more," he said. "From now on, I'm going to keep every one of them."

He conceded they might be harder to come by from now because "those pitchers are changing up on me a lot more now. I'm not getting many pitches over the plate. They're either outside or inside. I really don't expect any down the pipe. When one comes, I'm surprised."

Spahn Gets 18th Win as Phillies Are Blanked 1-0

MILWAUKEE (AP) — The Milwaukee Braves new manager, Birdie Tebbetts, was asked, "What's it like to have Warren Spahn on your side?

"Great," answered Tebbetts. "He's a miracle man."

The 40-year-old left-hander was the master of his trade Wednesday night as he stopped the Philadelphia Phillies on three hits for a 1-0 victory that enabled the Braves to climb to within six games of front-running Cincinnati.

But after the game was over, as the list of achievements that comes with each Spahn appearance was still being counted, the miracle man admitted that he worried.

The victory was Spahn's 18th of the season and left him only two short of his 12th campaign of 20 or more triumphs. He has a dozen defeats.

He had only an 8-11 record after the first All-Star game and the figures were beginning to bother, Spahn said.

"When you're not winning, you start worrying," he said. "I became concerned over whether I would continue to start. When you're in that kind of a situation you don't lose your own confidence, but begin to wonder about your employer's confidence in you.

"You worry about some other guy taking your place and the manager's thinking that maybe you're finished. I've got the greatest job in baseball—I'm a starting pitcher. I want to keep it that way."

Cage Meeting

The Kingston YMCA fall basketball league will hold an organizational meeting tonight at 8 o'clock. All managers of last year's teams are requested to attend. For further information call either Lou Schafer or Steve Orozco at the YMCA.

Former Raps Homer; Greiner Slams Triple

Gary Greiner pitched a 2-hitter and struck out 15, as the Kingston Patrolmen's Association downed the 35 Club, 6 to 2, in the Babe Ruth League Wednesday night.

In the companion game, the Knights of Columbus trounced Kiwanis, 11-3, behind the 3-hit pitching of Ronnie Thomas, who also fanned 15 batters.

Thomas helped his own cause with a single and home run, while Greiner slammed two singles and a two-run triple to round out a big day for both pitchers.

The KPA squad had a pair of 3-run innings and made six hits good for six runs off Mike Smedes and Vince Crantz.

Two of the Kiwanis hits yielded by Thomas were doubles by Mike Burns, one of the four Kiwanis pitchers. Pete Roberts rapped a single and double for the Knights and Dave Horton hit another.

State Lists New Fees for Special Archery Permits

The New York State Conservation Department announced today that under a new law, the cost of a non-resident special archery license has been raised from $10 to $20.75. The fee for residents is unchanged ($5.25).

The increase for non-residents, which takes effect this fall, brings the fee in line with that charged by the neighboring states of Connecticut, New Jersey, Pennsylvania and Vermont, where the average cost of a non-resident license is $17.71. It also puts non-resident archers on the same footing with out-of-state gunners who pay $20.75 for a New York big-game license, the department said.

Under the new regulation, non-resident archers have to buy a New York hunting license ($10.75 for out-of-staters) before they can obtain a special archery license ($10) which permits them to hunt big game with a longbow during both the archery season and the regular hunting season.

The state's archery season runs Oct. 11-24 in the Northern Zone, and Nov. 6-19 in the Southern Zone with the exception of Westchester County. The bag limit is one deer of either sex and one bear.

In Westchester, bow-and-arrow hunters can take one deer of either sex Nov. 1-Dec. 31.

Stock Car Stars To Compete for Langhorne Start

Five area stock car drivers are favored competitors to win the 1961 National Open Championship Qualifying race Friday night at Arlington Speedway.

They are D. D. Harris of Poughkeepsie; Paul Dickinger of West Hurley; Walt Schubert of Cold Spring; Harry Brazee of Torrington, Conn., and Bud Glass of West Hurley.

Many others will be in the stellar field that will face the starting flag tomorrow. The night's card will get underway at 8:30.

At stake for the winner is a guaranteed starting position in the nation's richest sportsman race, the $12,000 100-mile national open championship race which will be held this year on Sunday, Oct. 8, at Langhorne Speedway, Pennsylvania.

The traditional Langhorne Speedway silver bowl award which is given annually to each qualifying race winner, will be presented to the winner at Arlington immediately following Friday's feature race.

Ohio State, Iowa Eyed as Two Key Grid Contenders

By CHARLES CHAMBERLAIN
Associated Press Sports Writer

CHICAGO (AP) — Iowa and Ohio State shape up as the strongest claimants to the Big Ten football title this season.

Michigan State, which doesn't play either of the co-favorites, is considered the most dangerous threat. Wisconsin and Michigan could be the major surprises.

Minnesota — 1960 co-champion with Iowa — Northwestern, Purdue, Indiana and Illinois appear to be relegated to second division.

Jerry Burns, who takes over for Forest Evashevski as Iowa coach, inherits 20 lettermen, including eight starters. Agility in the line will be supported by one of the country's fastest backfields — quarterback Wilburn Hollis, Larry Ferguson, Joe Williams and Sammie Harris.

Ohio States has All-America fullback Bob Ferguson returning and junior Bob Klein and sophomore sensation Paul Warfield at halfback. Another hefty line is flanked by a pair of great ends—Sam Tidmore and Tom Perdue.

Michigan State has 26 letterwinners, including 17 seniors. Power-running veteran backs include Ron Hatcher, George Saimes, Carl Charon and Gary Ballman.

Wisconsin last in 1960 could be on the way back with one of the best aerial batteries in the nation: Ron Miller aiming at towering end Pat Richter.

Michigan can field an all letterman team. Behind Dave Glinka at quarterback are Bob Chandler and Frosty Evashevski, son of Iowas athletic director. Ends Scott Maentz and George Mans are fine pass catchers.

Liston to Face Charges After Park Incident

PHILADELPHIA (AP)— Heavyweight boxer Charles (Sonny) Liston faces trial Sept. 28 on charges of turning off his car lights to avoid arrest after an incident in Fairmount Park.

Joseph Scanlon, commissioner of jury trials set the trial date Wednesday after Liston pleaded innocent.

Liston and a companion were arrested in the park last June 12 after allegedly forcing a woman motorist to halt her car. A magistrate dismissed the charges, but the district attorney ordered Liston rearrested.

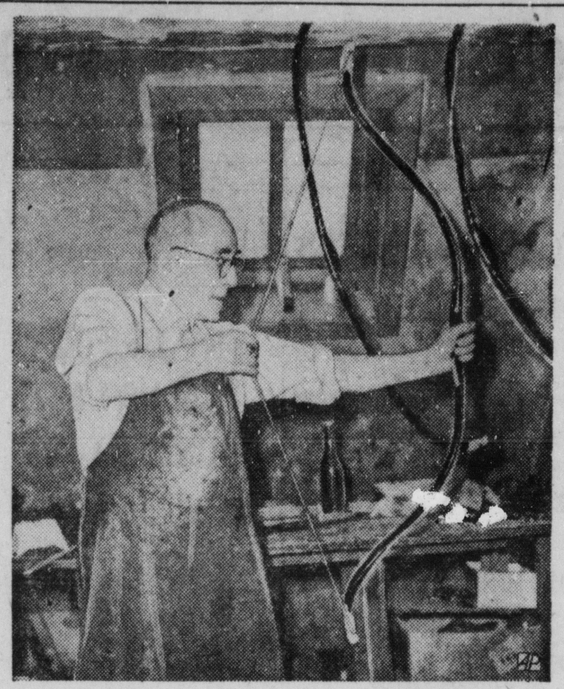

Following the second arrest Liston was stripped of his ranking as No. 1 heavyweight contender and suspended indefinitely by the Pennsylvania Athletic Commission.

39 Boats Entered In Comet Regatta

ST. MICHAELS, Md. (AP) — Two New Yorkers were ranked among the top skippers for the 24th International Comet Championship Regatta, beginning today.

Henry Rohrer Jr. of Canandaigua and Norman Freeman of Ithaca were among the favorites for the five-race series, spread over three days, on the Miles River.

The event drew 39 boats from eight states.

Neumann Signs With Nationals for 1961

SYRACUSE, N.Y. (AP) — Paul Neumann, a 6-1 guard from Stanford University and the now defunct National Industrial Basketball League, has signed with the Syracuse Nationals.

Neumann, 21, of Costa Mesa, Calif., was drafted by the Nats of the National Basketball Association in 1959 but instead joined the New York Tuck Tapers of the NIBL. The league disbanded this spring.

Neumann is the second former Tuck Taper to sign with Syracuse for the 1961-62 season. Lee Shaffer was signed about a month ago.

Huston Takes Lead In Dragon Feature

NEWPORT, R. I. (AP) — The International Dragon Class races off Newport were set to resume today after a one-day postponement because of a lack of wind.

Two races were to be contested in the course area southwest of Brenton Reef lightship.

Bruce W. Huston of Rochester, N.Y., carried an overall lead into the series, with Jay P. Lewis of Beaver Falls, Lewis County, N.Y. in third place.

Southwest Grid Squads Brace to Open '61 Season

By HAROLD V. RATLIFF
Associated Press Sports Writer

DALLAS (AP) — The Southwest Conference football race opens two weeks hence. It won't run according to form because it never does.

Defending champion Arkansas is rated fourth by the experts and Coach Frank Broyles says he doesn't have the defense this year. However, the Razorbacks look stronger offensively.

Rice and Texas are the teams being put on the spot. Rice has more veterans and more seniors and Coach Jess Neely is one of its biggest boosters for his team to win the championship.

Texas Coach Darrell Royal points to too many sophomores in the line although he admits his backfield should compare with any of them. It includes Jim Saxton, one of the nation's top runners.

Offensively Baylor stacks up with anybody, and that includes the line. Defensively though, Coach John Bridgers says, the Golden Bears aren't deep enough.

The only other team given a chance of cracking into the first division is Texas A&M with an experienced squad and some bright sophomores.

Texas Christian has less experience than any time since 1957. Texas Tech doesn't have enough good linemen. Southern Methodist winless last year, will be much better.

All the coaches are agreed that the conference will be its strongest in history, or at least the strongest since the late '30s. However, even then there were only two or three really strong teams. This year there are at least five of national stature.

Wiltwyck Teams Tie With Net 35

Two teams tied for low net honors with 35 in the 2-ball Scotch foursome which closed out the Wiltwyck Country Club's Ladies' Day competition for 1961.

Mrs. Howard De Witt and Mrs. Douglas Kennedy and Mrs. Gerald Gruberg and Mrs. Milton Dunham posted identical cards of 52-17-35 in the 9-hole tournament.

Low gross honors went to Mrs. Charles J. Turck and Miss Agnes Kennedy, with 50.

Other scores included:

Mrs. Howard Terwilliger-Mrs. Bernard Carpinelli, 60-17-47; Mrs. William Dean-Mrs. Herbert Martin, 54-14-50; Mrs. Clyde Wonderly, Jr.-Mrs. V. J. Andretta, Jr. 53-13-40; Mrs. Sam Greenspan-Mrs. Sam Levine, 51-13-38; Mrs. Murray Fletcher-Mrs. A Streifer, 63-20-43.

Mrs. Sam Greenspan was hostess for the tournament and awarded the prizes.

Sadir Pick Eyed

MONTICELLO — Sadir Pick has been named the 3-1 morning line favorite for the $1,500 pacing feature on Thursday night's harness racing card at Monticello Raceway.

Bill Rossbach will drive the seven-year-old brown gelding from the pole spot in the field of eight that includes Merrick Hanover and Guybee.

Sadir Pick has been to the races 14 times this year with only one success, a second and three thirds.

The rest of the Class B-2 field is comprised of Belle Gallon, Billy Comet, Newtown Lad, Bayside, and Irish Mike.

Rod Laver Faces Chris Crawford In Today's Test

FOREST HILLS, N.Y. (AP) — Rod Laver, almost everyone's choice to win the title, gets his first stern test in the National Tennis Championships today when he faces big Chris Crawford of Piedmont, Calif.

Crawford, 22, is one of the few folks who thinks Laver won't win the crown.

"I think I have a chance against him," said the Corpus Christi, Tex., university student. "We've played only once before and that was in Perth, Australia, last year. He won in four sets, but it was close. The last set, in fact, was 14-12."

Meanwhile, the three seeded players who saw action Wednesday sailed into the quarter-final round. Roy Emerson, Laver's Aussie pal, downed Harry Hoffman Jr. of Philadelphia, 6-1, 12, 6-2. Jon Douglas of Santa Monica, Calif., whipped Crawford Henry of Atlanta 3-6, 6-3, 7-5, 8-6 and Ron Holmberg of Brooklyn, No. 8 halted Jack Frost of Monterrey, Calif., 6-2, 7-9, 6-4, 6-1.

In the women's division, things were black indeed, for the United States contingent.Top-seeded Darlene Hard is the only American girl to make the quarter-finals.

The other seven are Yola Ramirez of Mexico, who plays Miss Hard today; Angela Mortimer, Christine Truman and Ann Haydon, all of Britain, and Margaret Smith and Lesley Turner of Australia.

Hollywood News, Views

By JAMES BACON
AP Movie-TV Writer

HOLLYWOOD (AP) —Eva Marie Saint is staging her own little revolution against the dire threat of runaway production.

The blonde Oscar winner is making "All Fall Down" at MGM, her first picture in more than a year.

The reason is not lack of offers.

"I was just determined to stay in Hollywood," she says. "This is the greatest place in the world to make pictures."

In 1960, Miss Saint, her husband, director Jeff Hayden, and their two small children, broke up housekeeping and lived in a hotel in Israel for many months during the filming of "Exodus."

"The most beautiful location shot in the picture showed a lush, green valley. Last week Jeff and I drove up to the Ojai Valley and saw the exact setting.

Eva gives the tip-off on why Israel and not the Ojai Valley was chosen for the film.

"They only paid the Israeli extras 50 cents a day." (They get around $20 minimum here.)

Since "Exodus," Eva was offered the "El Cid" role in Spain later taken by Sophia Loren, a picture in England and one in Rome.

"I turned them all down," she says. "It's crazy. Jeff is established directing television here. Darrell, our oldest, is in school now. I love Hollywood. It's where I want to work."

Eva says she enjoyed seeing Israel.

"But the next time I want to go on a vacation. Working in a movie is a good way to see hotel lobbies—but not a country."

Savage Hits Homer, Single to Gain Lead

By THE ASSOCIATED PRESS

The fight for the batting championship of the International League has developed into an exciting battle between two rookies —Ted Savage of Buffalo and Rochester's John Powell.

Savage connected for a home run, and single Wednesday night to lift his average to .321 as Buffalo defeated Rochester. 10-6. This enabled Savage to gain two points on Powell, who had only a single in five trips and dropped a point to .319.

In other IL games, Richmond won a 5-3 victory over Columbus; Charleston whipped Jersey City, 5-1 and Syracuse edged Toronto 4-3.

Ohio State, Iowa Eyed as Two Key Grid Contenders

By CHARLES CHAMBERLAIN
Associated Press Sports Writer

CHICAGO (AP) — Iowa and Ohio State shape up as the strongest claimants to the Big Ten football title this season.

Michigan State, which doesn't play either of the co-favorites, is considered the most dangerous threat. Wisconsin and Michigan could be the major surprises.

Minnesota — 1960 co-champion with Iowa — Northwestern, Purdue, Indiana and Illinois appear to be relegated to second division.

Jerry Burns, who takes over for Forest Evashevski as Iowa coach, inherits 20 lettermen, including eight starters. Agility in the line will be supported by one of the country's fastest backfields — quarterback Wilburn Hollis, Larry Ferguson, Joe Williams and Sammie Harris.

Ohio States has All-America fullback Bob Ferguson returning and junior Bob Klein and sophomore sensation Paul Warfield at halfback. Another hefty line is flanked by a pair of great ends—Sam Tidmore and Tom Perdue.

Michigan State has 26 letterwinners, including 17 seniors. Power-running veteran backs include Ron Hatcher, George Saimes, Carl Charon and Gary Ballman.

Wisconsin last in 1960 could be on the way back with one of the best aerial batteries in the nation: Ron Miller aiming at towering end Pat Richter.

Michigan can field an all letterman team. Behind Dave Glinka at quarterback are Bob Chandler and Frosty Evashevski, son of Iowas athletic director. Ends Scott Maentz and George Mans are fine pass catchers.

Liston to Face Charges After Park Incident

PHILADELPHIA (AP)— Heavyweight boxer Charles (Sonny) Liston faces trial Sept. 28 on charges of turning off his car lights to avoid arrest after an incident in Fairmount Park.

Joseph Scanlon, commissioner of jury trials set the trial date Wednesday after Liston pleaded innocent.

Liston and a companion were arrested in the park last June 12 after allegedly forcing a woman motorist to halt her car. A magistrate dismissed the charges, but the district attorney ordered Liston rearrested.

Following the second arrest Liston was stripped of his ranking as No. 1 heavyweight contender and suspended indefinitely by the Pennsylvania Athletic Commission.

39 Boats Entered In Comet Regatta

ST. MICHAELS, Md. (AP) — Two New Yorkers were ranked among the top skippers for the 24th International Comet Championship Regatta, beginning today.

Henry Rohrer Jr. of Canandaigua and Norman Freeman of Ithaca were among the favorites for the five-race series, spread over three days, on the Miles River.

The event drew 39 boats from eight states.

POWER TEST — Bowyer Helmet Mebert draws on a reflex bow in his Stuttgart, West Germany, workshop. The bow is made of laminated wood and buffalo horn.

Neumann Signs With Nationals for 1961

SYRACUSE, N.Y. (AP) — Paul Neumann, a 6-1 guard from Stanford University and the now defunct National Industrial Basketball League, has signed with the Syracuse Nationals.

Neumann, 21, of Costa Mesa, Calif., was drafted by the Nats of the National Basketball Association in 1959 but instead joined the New York Tuck Tapers of the NIBL. The league disbanded this spring.

Neumann is the second former Tuck Taper to sign with Syracuse for the 1961-62 season. Lee Shaffer was signed about a month ago.

Huston Takes Lead In Dragon Feature

NEWPORT, R. I. (AP) — The International Dragon Class races off Newport were set to resume today after a one-day postponement because of a lack of wind.

Two races were to be contested in the course area southwest of Brenton Reef lightship.

Bruce W. Huston of Rochester, N.Y., carried an overall lead into the series, with Jay P. Lewis of Beaver Falls, Lewis County, N.Y. in third place.

Southwest Grid Squads Brace to Open '61 Season

By HAROLD V. RATLIFF
Associated Press Sports Writer

DALLAS (AP) — The Southwest Conference football race opens two weeks hence. It won't run according to form because it never does.

Defending champion Arkansas is rated fourth by the experts and Coach Frank Broyles says he doesn't have the defense this year. However, the Razorbacks look stronger offensively.

Rice and Texas are the teams being put on the spot. Rice has more veterans and more seniors and Coach Jess Neely is one of its biggest boosters for his team to win the championship.

Texas Coach Darrell Royal points to too many sophomores in the line although he admits his backfield should compare with any of them. It includes Jim Saxton, one of the nation's top runners.

Offensively Baylor stacks up with anybody, and that includes the line. Defensively though, Coach John Bridgers says, the Golden Bears aren't deep enough.

The only other team given a chance of cracking into the first division is Texas A&M with an experienced squad and some bright sophomores.

Texas Christian has less experience than any time since 1957. Texas Tech doesn't have enough good linemen. Southern Methodist winless last year, will be much better.

All the coaches are agreed that the conference will be its strongest in history, or at least the strongest since the late '30s. However, even then there were only two or three really strong teams. This year there are at last five of national stature.

Wiltwyck Teams Tie With Net 35

Two teams tied for low net honors with 35 in the 2-ball Scotch foursome which closed out the Wiltwyck Country Club's Ladies' Day competition for 1961.

Mrs. Howard De Witt and Mrs. Douglas Kennedy and Mrs. Gerald Gruberg and Mrs. Milton Dunham posted identical cards of 52-17-35 in the 9-hole tournament.

Low gross honors went to Mrs. Charles J. Turck and Miss Agnes Kennedy, with 50.

Other scores included:

Mrs. Howard Terwilliger-Mrs. Bernard Carpinelli, 60-17-47; Mrs. William Dean-Mrs. Herbert Martin, 54-14-50; Mrs. Clyde Wonderly, Jr.-Mrs. V. J. Andretta, Jr. 53-13-40; Mrs. Sam Greenspan-Mrs. Sam Levine, 51-13-38; Mrs. Murray Fletcher-Mrs. A Streifer, 63-20-43.

Mrs. Sam Greenspan was hostess for the tournament and awarded the prizes.

Sadir Pick Eyed

MONTICELLO — Sadir Pick has been named the 3-1 morning line favorite for the $1,500 pacing feature on Thursday night's harness racing card at Monticello Raceway.

Bill Rossbach will drive the seven-year-old brown gelding from the pole spot in the field of eight that includes Merrick Hanover and Guybee.

Sadir Pick has been to the races 14 times this year with only one success, a second and three thirds.

The rest of the Class B-2 field is comprised of Belle Gallon, Billy Comet, Newtown Lad, Bayside, and Irish Mike.

Rod Laver Faces Chris Crawford In Today's Test

FOREST HILLS, N.Y. (AP) — Rod Laver, almost everyone's choice to win the title, gets his first stern test in the National Tennis Championships today when he faces big Chris Crawford of Piedmont, Calif.

Crawford, 22, is one of the few folks who thinks Laver won't win the crown.

"I think I have a chance against him," said the Corpus Christi, Tex., university student. "We've played only once before and that was in Perth, Australia, last year. He won in four sets, but it was close. The last set, in fact, was 14-12."

Jon Douglas of Santa Monica, Calif., whipped Crawford Henry of Atlanta 3-6, 6-3, 7-5, 8-6 and Ron Holmberg of Brooklyn, No. 8 halted Jack Frost of Monterrey, Calif., 6-2, 7-9, 6-4, 6-1.

In the women's division, things were black indeed, for the United States contingent.Top-seeded Darlene Hard is the only American girl to make the quarter-finals.

Bloomington Vols March Saturday in Ellenville Event

Bloomington Fire Company, Chief Oscar Hahn announced that the company had accepted an invitation from Pioneer Hose Company, Ellenville to attend the annual Ellenville Inspection Day Parade in that village Saturday afternoon.

Chief Hahn told the Vols Tuesday that Active Hose Company of Rosendale had also received an invitation from Scoursby Hose Company of Ellenville for the parade and state that once again, Bloomington and Rosendale will join forces as they did at New Paltz and march as an integral unit.

A 65-piece fife and drum corps had been engaged for the occasion. Representing Bloomington and Rosendale in the parade will be the New York State Fusiliers, VFW Post 2077, Johnstown. This particular marching band has won many championships and also features one of the youngest drum majors in the business—a five year old boy. Chief Hahn said all Bloomington volunteers are to report to the firehouse in full dress uniform no later than 12:30 p. m. Saturday afternoon.

Chief Engineer Herb Faurote announced that due to recent serious mechanical failures, Bloomington Engine 3 has been removed from service and is in the process of being junked and dismantled. Faurote also stated that the company has already purchased a 1950 Chevrolet chasis to act as a foundation for another Engine 3.

The truck will be ready for service within 30 days.

Old Engine 3 was a converted 1935 Sanford pumper fitted with a 1,000 gallon tank and turned into a tanker-pumper. It was purchased as second-hand equipment and placed into service for Bloomington somewhere in the mid 40's. During the dismantling operations, the body and tank were kept intact and now rest on top of the new chassis.

Since the new truck is not fitted with a pump, a portable pump will be attached to the chassis. Faurote said the chassis was primarily purchased as a "courtesy wagon" inasmuch as many residents in the district still rely on cisterns for water and during dry spells, the firemen are kept busy filling cisterns. The truck will also have considerable use at fires, acting as a water source for Engines 1 and 2. Engines 1 and 2 also are equipped with 1,000 gallon tanks, but due to their pump construction, water coming from the tanks is oil adulterated and therefore unfit for cistern use.

The purchase of the chassis does not in any way cancel or alter the drive for the new truck. The fund drive will continue as before with the goal set at $6,500, a down payment on a new pumper.

President Fred Sauer said the company's annual dinner will be held Saturday evening, Oct. 28 at the Alpine Restaurant.

Charles Peterson reported on the Ulster County Volunteer Firemen's Association meeting at Plattekill and also on the Township of Rosendale Volunteer Firemen's Association meeting held at Bloomington.

He stated that the next drill sponsored by the association will be conducted by Cottekill Sunday afternoon, Sept. 24 at approximately 2 p. m. Chief Hahn urged all the volunteers to attend this drill.

Peterson also said the newly formed Rondout Valley First Aid and Rescue squad is currently conducting a membership drive and all interested firemen and citizens over 21 are invited to attend the next meeting of the group to be held Monday 7:30 p. m. at Cottekill firehouse.

Faurote announced that Bloomington's second annual turkey dinner will be held Saturday evening, Nov. 4, at the firehouse.

The meeting was closed with a prayer by Chaplain, the Rev. Richard L. Brown, pastor of Bloomingdale Reformed Church, and refreshments were served.

Yerry Outlines Project Plans To Local Lions

Planning for a development similar to Colonial Gardens for people over 65, was discussed Tuesday at a meeting of the Kingston Lions Club by George E. Yerry Jr., a past president of the club.

Yerry, business agent for the Hudson Valley District of Carpenters, president of the Building Trades Council and member of the Kingston Housing authorities noted advantages of such a development and low rentals.

He suggested that such a development should be located near a shopping area and religious facilities.

Two new members attended the meeting. They were Jack Sheinvold and Thomas Muir.

Reports were made of the club's day at golf at Twaalfskill Golf Club last Wednesday. It also was noted that October will be observed throughout the world as Membership Development Month.

Actor Near Death

SANTA MONICA, Calif. (AP)—Cancer-stricken actor Leo Carrillo, has only "a few days, or a week or two" to live, his doctor reports.

Dr. Adolph Kosky said Carrillo is "slipping rapidly" from abdominal cancer. Two years ago he was operated on for the disease and appeared to have recovered.

In the last three months, a heart condition has developed, the physician said, but it is the cancer that Carrillo, descendant of a pioneer family, is at home, under the care of nurses and his daughter, Antoinette Carrillo.

Dr. Kosky confirmed Carrillo's birth as Aug. 6, 1880, in Los Angeles.

Mt. Marion

MT. MARION — Services at the Plattekill Reformed Church, Mt. Marion, will be held 11 a. m. this Sunday as the regular schedule is resumed for fall. The stained glass window in the north wall of the church will be dedicated. The Rev. Henry L. Reinewald has returned from vacation and will officiate Sunday. Sunday school will resume at 9:45 a. m.

John Dederick returned home from Rhinebeck Hospital Saturday.

Mr. and Mrs. J. Albert Salvato and daughter Barbara of Jefferson Heights, Catskill, called on Mr. and Mrs. William Myer Sunday.

Mrs. George Brink is still a patient at Albany Medical Center.

Addie Pleuss of New York City is visiting Mr. and Mrs. Robert Snyder.

OCD Name Changed

WASHINGTON (AP)—The Senate passed and sent to the White House today a bill changing the name of the Office of Civil and Defense Mobilization to the Office of Emergency Planning. Approval was by voice vote.

The agency assists and advises the President in determining policy for the Civil Defense program. Its operating functions recently were transferred to the Defense Department.

Music Honors Lenin

MOSCOW (AP)—Dmitri Shostakovich has completed his 12th symphony, a work "devoted to the memory of the great Lenin," the newspaper Soviet Culture reported today.

The work is based on the Bolshevik Revolution, the paper said, and will be performed for the first time next month in conjunction with the 22nd Congress of the Soviet Communist party.

County Board Will Hear Resolution To Raze PVI Span

A resolution authorizing the advertising of bids for the razing of the Sauer Bridge, more popularly known as the PVI Bridge, and the construction of a new span on the site across the Esopus Creek at Glenerie, will be submitted to the Thursday, Sept. 14, meeting of Ulster County Board of Supervisors.

Saugerties Town Supervisor Peter M. Williams will submit the resolution for the span which is in the Ulster County Highway Department plans for this year.

It is expected that footings for the new bridge will be poured in the fall.

The Saugerties landmark built in 1896 supports Glasco Turnpike across the Esopus and is the connecting link between Route 9W and Mt. Marion.

According to preliminary plans the approach to the bridge will run across the former PVI property and the span will cross the Esopus diagonally to eliminate the sharp curve at the west pier.

The property was sold to the county last year by Ralph Ammaccapone of Lindenhurst, L. I., who owned the Saugerties resort hotel at the time it burned to the ground some years ago. The original bridge was built by Horseheads Bridge Co., of Horseheads, Chemung County. Provisions for its replacement were drafted in the last county budget.

Reds Charge U.S. Buzzes Vessels

MOSCOW (AP) — The Soviet journal Water Transport charged today that U.S. planes and warships have indulged in "provocative action" against 13 Soviet merchant ships since Aug. 25.

The report said 12 of the Soviet ships were buzzed by U.S. planes in the Sea of Japan, the Bering Sea, the Mediterranean and the Caribbean.

In the 13th instance, it said, "an American warship followed the Soviet tanker Rava Russkaya near Cuba for four hours, executing maneuvers dangerously close to the tanker."

Truckers Vote Pact

SAN FRANCISCO (AP)—A new three-year contract covering 100,000 men in 11 Western states has been approved by truck operator representatives and Teamsters Union negotiators.

Major terms of the pact include a 45-cent hourly wage boost for pickup and delivery drivers, 21-cent hourly increases for long-haul drivers and increases of $16.50 a month per man in health and welfare benefits.

The hikes bring wages to $3 an hour.

East Germans Are Grumbling But Defiance Signs Missing

EDITOR'S. NOTE — Hanns Neuerbourg of the AP staff in Frankfurt is in East Germany for the Communists' semiannual Leipzig Trade Fair. In this dispatch he measures the mood of East Germans since the Reds sealed off the Berlin escape hatch Aug. 13.

By HANNS NEUERBOURG

LEIPZIG, East Germany (AP) —People in East Germany seem increasingly resigned to the facts of cold war life. If any rebellious mood has developed since the Communist rulers cut off the Berlin escape hatch to the West, it is not apparent.

The Communist regime may be able to consolidate its hold as the supply of consumer goods increases. Although progress in this field is far below West Germany's it is nevertheless undeniable.

Wall Out of View

For nine out of ten East Germans, the wall and barbed wire dividing Berlin are out of view—except for those who still dare to watch Western television. The Communist party has set Sept. 17 as the deadline for all East Germans to stop viewing the West German programs.

If an East-West settlement is reached, people hope the Communist regime will permit at least partial resumption of the family ties now severed through a rigid travel ban for East Germans.

A businessman took this pessimistic approach: "I have my contacts and I could still cross into the West. But I won't, because one day West Germany also will be Communist and I'd have to go through it all over again."

Red Talks, Many Leave

Hundreds walked off during a speech here on Monday by the East German Communist leader, Walter Ulbricht. And British visitors thought the crowds greeting Gherman Titov, Soviet cosmonaut, were thinner than those in London who welcomed his fellow space traveler, Yuri Gagarin. There was also grumbling in the queues at the grocery stores.

But there were no signs of open defiance.

Regular visitors to the Leipzig Trade Fair agree the East German living standard has undoubtedly continued to improve during the past year.

Leipzig has always been a show window and been given priorities. But some veteran travelers through the Iron Curtain say the East German level now appears to have surpassed Czechoslovakia, long the most prosperous of the satellite countries.

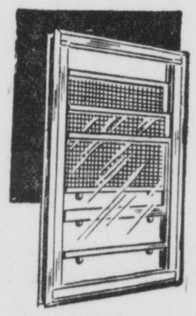

Jeans and Jazz

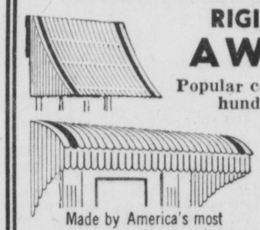

More and more private cars can be seen here on Sunday outings. Blue jeans and Western jazz are no longer frowned upon so severely by the authorities.

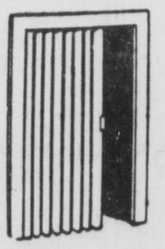

As for food, butter—half a pound per week per head — and potatoes are still virtually rationed. Housewives rarely have a wide choice in vegetables or fruit. But reports of a food crisis or widespread hunger are exaggerated.

Bloomington Vols March Saturday in Ellenville Event

Bloomington Fire Company, Chief Oscar Hahn announced that the company had accepted an invitation from Pioneer Hose Company, Ellenville to attend the annual Ellenville Inspection Day Parade in that village Saturday afternoon.

Chief Hahn told the Vols Tuesday that Active Hose Company of Rosendale had also received an invitation from Scoursby Hose Company of Ellenville for the parade and state that once again, Bloomington and Rosendale will join forces as they did at New Paltz and march as an integral unit.

A 65-piece fife and drum corps had been engaged for the occasion. Representing Bloomington and Rosendale in the parade will be the New York State Fusiliers, VFW Post 2077, Johnstown. This particular marching band has won many championships and also features one of the youngest drum majors in the business—a five year old boy. Chief Hahn said all Bloomington volunteers are to report to the firehouse in full dress uniform no later than 12:30 p. m. Saturday afternoon.

Chief Engineer Herb Faurote announced that due to recent serious mechanical failures, Bloomington Engine 3 has been removed from service and is in the process of being junked and dismantled. Faurote also stated that the company has already purchased a 1950 Chevrolet chasis to act as a foundation for another Engine 3.

The truck will be ready for service within 30 days.

Old Engine 3 was a converted 1935 Sanford pumper fitted with a 1,000 gallon tank and turned into a tanker-pumper. It was purchased as second-hand equipment and placed into service for Bloomington somewhere in the mid 40's. During the dismantling operations, the body and tank were kept intact and now rest on top of the new chassis.

Since the new truck is not fitted with a pump, a portable pump will be attached to the chassis. Faurote said the chassis was primarily purchased as a "courtesy wagon" inasmuch as many residents in the district still rely on cisterns for water and during dry spells, the firemen are kept busy filling cisterns. The truck will also have considerable use at fires, acting as a water source for Engines 1 and 2. Engines 1 and 2 also are equipped with 1,000 gallon tanks, but due to their pump construction, water coming from the tanks is oil adulterated and therefore unfit for cistern use.

The purchase of the chassis does not in any way cancel or alter the drive for the new truck. The fund drive will continue as before with the goal set at $6,500, a down payment on a new pumper.

President Fred Sauer said the company's annual dinner will be held Saturday evening, Oct. 28 at the Alpine Restaurant.

Charles Peterson reported on the Ulster County Volunteer Firemen's Association meeting at Plattekill and also on the Township of Rosendale Volunteer Firemen's Association meeting held at Bloomington.

He stated that the next drill sponsored by the association will be conducted by Cottekill Sunday afternoon, Sept. 24 at approximately 2 p. m. Chief Hahn urged all the volunteers to attend this drill.

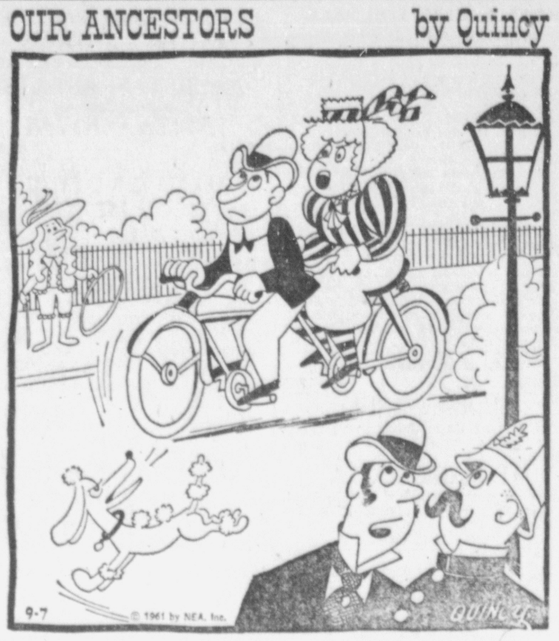

Peterson also said the newly formed Rondout Valley First Aid and Rescue squad is currently conducting a membership drive and all interested firemen and citizens over 21 are invited to attend the next meeting of the group to be held Monday 7:30 p. m. at Cottekill firehouse.

Faurote announced that Bloomington's second annual turkey dinner will be held Saturday evening, Nov. 4, at the firehouse.

The meeting was closed with a prayer by Chaplain, the Rev. Richard L. Brown, pastor of Bloomingdale Reformed Church, and refreshments were served.

Yerry Outlines Project Plans To Local Lions

Planning for a development similar to Colonial Gardens for people over 65, was discussed Tuesday at a meeting of the Kingston Lions Club by George E. Yerry Jr., a past president of the club.

Yerry, business agent for the Hudson Valley District of Carpenters, president of the Building Trades Council and member of the Kingston Housing authorities noted advantages of such a development and low rentals.

He suggested that such a development should be located near a shopping area and religious facilities.

Two new members attended the meeting. They were Jack Sheinvold and Thomas Muir.

Reports were made of the club's day at golf at Twaalfskill Golf Club last Wednesday. It also was noted that October will be observed throughout the world as Membership Development Month.

Actor Near Death

SANTA MONICA, Calif. (AP)—Cancer-stricken actor Leo Carrillo, has only "a few days, or a week or two" to live, his doctor reports.

Dr. Adolph Kosky said Carrillo is "slipping rapidly" from abdominal cancer. Two years ago he was operated on for the disease and appeared to have recovered.

In the last three months, a heart condition has developed, the physician said, but it is the cancer that

Carrillo, descendant of a pioneer family, is at home, under the care of nurses and his daughter, Antoinette Carrillo.

Dr. Kosky confirmed Carrillo's birth as Aug. 6, 1880, in Los Angeles.

Mt. Marion

MT. MARION — Services at the Plattekill Reformed Church, Mt. Marion, will be held 11 a. m. this Sunday as the regular schedule is resumed for fall. The stained glass window in the north wall of the church will be dedicated. The Rev. Henry L. Reinewald has returned from vacation and will officiate Sunday. Sunday school will resume at 9:45 a. m.

Mr. and Mrs. Warren T. Myer and son of Fayetteville spent the weekend with Mr. and Mrs. Warren T. Myer Sr.

Mr. and Mrs. Donald Cagne and family of Seaford, L. I., were weekend guests of Mr. and Mrs. Glen Hunter.

John Dederick returned home from Rhinebeck Hospital Saturday.

Mr. and Mrs. J. Albert Salvato and daughter Barbara of Jefferson Heights, Catskill, called on Mr. and Mrs. William Myer Sunday.

Mrs. George Brink is still a patient at Albany Medical Center.

Addie Pleuss of New York City is visiting Mr. and Mrs. Robert Snyder.

OCD Name Changed

WASHINGTON (AP)—The Senate passed and sent to the White House today a bill changing the name of the Office of Civil and Defense Mobilization to the Office of Emergency Planning. Approval was by voice vote.

The agency assists and advises the President in determining policy for the Civil Defense program. Its operating functions recently were transferred to the Defense Department.

Music Honors Lenin

MOSCOW (AP)—Dmitri Shostakovich has completed his 12th symphony, a work "devoted to the memory of the great Lenin," the newspaper Soviet Culture reported today.

The work is based on the Bolshevik Revolution, the paper said, and will be performed for the first time next month in conjunction with the 22nd Congress of the Soviet Communist party.

County Board Will Hear Resolution To Raze PVI Span

A resolution authorizing the advertising of bids for the razing of the Sauer Bridge, more popularly known as the PVI Bridge, and the construction of a new span on the site across the Esopus Creek at Glenerie, will be submitted to the Thursday, Sept. 14, meeting of Ulster County Board of Supervisors.

Saugerties Town Supervisor Peter M. Williams will submit the resolution for the span which is in the Ulster County Highway Department plans for this year.

It is expected that footings for the new bridge will be poured in the fall.

The Saugerties landmark built in 1896 supports Glasco Turnpike across the Esopus and is the connecting link between Route 9W and Mt. Marion.

According to preliminary plans the approach to the bridge will run across the former PVI property and the span will cross the Esopus diagonally to eliminate the sharp curve at the west pier.

The property was sold to the county last year by Ralph Ammaccapone of Lindenhurst, L. I., who owned the Saugerties resort hotel at the time it burned to the ground some years ago. The original bridge was built by Horseheads Bridge Co., of Horseheads, Chemung County. Provisions for its replacement were drafted in the last county budget.

Reds Charge U.S. Buzzes Vessels

MOSCOW (AP) — The Soviet journal Water Transport charged today that U.S. planes and warships have indulged in "provocative action" against 13 Soviet merchant ships since Aug. 25.

The report said 12 of the Soviet ships were buzzed by U.S. planes in the Sea of Japan, the Bering Sea, the Mediterranean and the Caribbean.

In the 13th instance, it said, "an American warship followed the Soviet tanker Rava Russkaya near Cuba for four hours, executing maneuvers dangerously close to the tanker."

Truckers Vote Pact

SAN FRANCISCO (AP)—A new three-year contract covering 100,000 men in 11 Western states has been approved by truck operator representatives and Teamsters Union negotiators.

Major terms of the pact include a 45-cent hourly wage boost for pickup and delivery drivers, 21-cent hourly increases for long-haul drivers and increases of $16.50 a month per man in health and welfare benefits.

The hikes bring wages to $3 an hour.

East Germans Are Grumbling But Defiance Signs Missing

EDITOR'S. NOTE —Hanns Neuerbourg of the AP staff in Frankfurt is in East Germany for the Communists' semiannual Leipzig Trade Fair. In this dispatch he measures the mood of East Germans since the Reds sealed off the Berlin escape hatch Aug. 13.

By HANNS NEUERBOURG

LEIPZIG, East Germany (AP) —People in East Germany seem increasingly resigned to the facts of cold war life. If any rebellious mood has developed since the Communist rulers cut off the Berlin escape hatch to the West, it is not apparent.

The Communist regime may be able to consolidate its hold as the supply of consumer goods increases. Although progress in this field is far below West Germany's it is nevertheless undeniable.

Wall Out of View

For nine out of ten East Germans, the wall and barbed wire dividing Berlin are out of view—except for those who still dare to watch Western television. The Communist party has set Sept. 17 as the deadline for all East Germans to stop viewing the West German programs.

If an East-West settlement is reached, people hope the Communist regime will permit at least partial resumption of the family ties now severed through a rigid travel ban for East Germans.

A businessman took this pessimistic approach: "I have my contacts and I could still cross into the West. But I won't, because one day West Germany also will be Communist and I'd have to go through it all over again."

Red Talks, Many Leave

Hundreds walked off during a speech here on Monday by the East German Communist leader, Walter Ulbricht. And British visitors thought the crowds greeting Gherman Titov, Soviet cosmonaut, were thinner than those in London who welcomed his fellow space traveler, Yuri Gagarin. There was also grumbling in the queues at the grocery stores.

But there were no signs of open defiance.

Regular visitors to the Leipzig Trade Fair agree the East German living standard has undoubtedly continued to improve during the past year.

Leipzig has always been a show window and been given priorities. But some veteran travelers through the Iron Curtain say the East German level now appears to have surpassed Czechoslovakia, long the most prosperous of the satellite countries.

Jeans and Jazz

More and more private cars can be seen here on Sunday outings. Blue jeans and Western jazz are no longer frowned upon so severely by the authorities.

As for food, butter—half a pound per week per head—and potatoes are still virtually rationed. Housewives rarely have a wide choice in vegetables or fruit. But reports of a food crisis or widespread hunger are exaggerated.
